

Dulles Appoints Dean as Envoy To Korea Talks

WASHINGTON, Oct. 20 (AP)—Secretary of State Dulles announced today he will send a special envoy to Panmunjom, Korea, tomorrow to negotiate with Communist Chinese and North Korean representatives on arrangements for a Korean political conference.

American POW Asks Release From Custody

PANMUNJOM, Wednesday, Oct. 21 (AP)—Without coaxing, an American war prisoner changed his mind and asked to be returned to the Allies today as the Communist high command fumed at the failure of Red persuaders to woo back 22,400 Chinese and North Korean prisoners.

While the Red leaders in a note of complaint sought to blame the United States for an unsuccessful Communist showing in the prisoner talks, Polish and Czech members of the Neutral Nations Repatriation Commission, hamstringing that organization by boycotting its meeting for the second straight day.

An Indian spokesman for the NNRC said a meeting today "does not appear likely."

The American prisoner who changed his mind about repatriation was not identified.

If a NNRC subcommittee can validate him, the American probably will be turned over to the United Nations and American commands at 4 p.m. today.

The prisoner was one of 23 Americans held by Indian custodial troops as prisoners refusing repatriation. Thus far the UN Command has deferred any effort to persuade them to return home.

The Communist high command has been sadly beaten at the start of its 90-day campaign to induce balky Chinese and North Koreans to go home.

Unions Ask Railroad Strike Vote

WASHINGTON, Oct. 20 (AP)—Leaders of 15 unions today ordered a strike vote among one million non-operating railroad workers to back up demands for improved fringe benefits.

G. E. Leighty, chairman of a negotiating committee set up by the unions, announced at the same time that the unions have asked the National Mediation Board to step into the five months old dispute.

Leighty, president of the telegraphers union, said it is "possible but rather unlikely" that a strike will be called Dec. 1 when the strike ballots are returnable.

He said he expects the mediation service to call a conference of both sides in an effort to head off any walk out.

The non-operating railroad workers are those who do not engage in the actual operation of trains.

Since May 22 they have been pressing five demands—for improved paid vacations; paid holidays and overtime for such work; a health and welfare plan; overtime pay for Sunday work; and a free transportation plan.

In calling for a strike vote, union leaders made public a letter to the carrier, accusing them of "protracted stalling."

Leighty said the unions had not yet decided on whether to ask for a general wage increase.

Churchill Appeals To Reds for Peace

LONDON, Oct. 20 (AP)—Prime Minister Churchill appealed to the Soviet Union today to cooperate for peace. The Soviets, almost at the same time, reopened criticism of Churchill, thereby throwing fresh doubt on the chances for Four-Power meetings.

In the House of Commons, Churchill expressed hope the Kremlin would accept the West's bid for a Big Four conference of foreign ministers as "an invaluable step toward reducing world tension." He also reiterated his wish for talks on a top level involving himself, President Eisenhower and Premier Malenkov. He sidestepped an answer on whether he might go alone to Moscow.

Churchill appeared in the House for the first time in four months. He flashed a smile as Conservatives—and some Laborites—gave him an ovation.

He expressed regret he had been unable, because of ill health, to go to a Bermuda conference with Eisenhower and Premier Laniel of France. Now, he noted, Soviet Russia has been invited to a foreign ministers' session at Lugano, Switzerland, Nov. 9.

"I think such a meeting would be an invaluable step toward a reduction of international tension and a solution of major European problems," he said. "We hope Mr. Molotov, Soviet foreign minister, will accept."

PFA Cites Ag Plan

HARRISBURG, Oct. 20 (AP)—The Pennsylvania Farmers' Assn. today cited Secretary Ezra Taft Benson for his plans to reorganize the U.S. Agriculture Department.

AFL Ex-Chief Dies

INDIANAPOLIS, Oct. 20 (AP)—William L. Hutcheson, 79, former head of the giant AFL carpenters' union and a militant figure in labor's struggle for recognition, died today of a heart ailment.

Hutcheson was head of the carpenters' union for 36 years until he stepped down in January, 1952, in favor of his son, Maurice A. Hutcheson.

the Reds, he said, will be 55-year-old Arthur Dean, former law partner of his in New York. A month ago Dulles delegated to Dean the principal responsibility for achieving a Korean settlement if possible.

Dean will leave by air tomorrow and meet with the Reds on Monday. Dulles announced that they had accepted an American proposal for the session and he called this one more practical step toward a Korean settlement.

There is a growing feeling among officials here that the Chinese Reds probably want a Korean conference of some kind and that despite bitter differences over the question of what nations should attend, Dean and the other negotiators will succeed in arranging for a full dress conference. The Reds served notice in a message which Dulles received today through the Swedes that they will insist on including neutral nations in the talks. Dulles said Dean cannot prevent them from bringing up the subject but that the United States position is that the question has been decided by a United Nations ruling excluding neutrals.

Dulles made his Korean announcement at a news conference which followed by 24 hours his return from a meeting with the British and French foreign ministers at London.

Amish Schooling Plan

HARRISBURG, Oct. 20 (AP)—Dr. Francis B. Haas, superintendent of public instruction, today offered Amish parents the opportunity to complete the schooling of their children at home if they provide qualified tutors.

Kidnap Tipster Testifies

ST. LOUIS, Oct. 20 (AP)—Cab driver John Hager, now sorry he tipped off police to the confessed kidnap-slayers of 6-year-old Bobby Greenlease, today told his part of the affair to high police officials.

He testified before Chief of Police Jeremiah O'Connell who is leading the investigation here into the missing \$300,000 of the \$600,000 Greenlease ransom.

Lt. Louis Shoulders, who got Hager's tip and a key man in reports of discrepancies in police accounts of the case, was reported suffering a nervous condition.

Hager told newsmen before entering the inquiry room he has "been hounded so much by this thing that my wife has become a nervous wreck. People call me on the telephone with all kinds of remarks

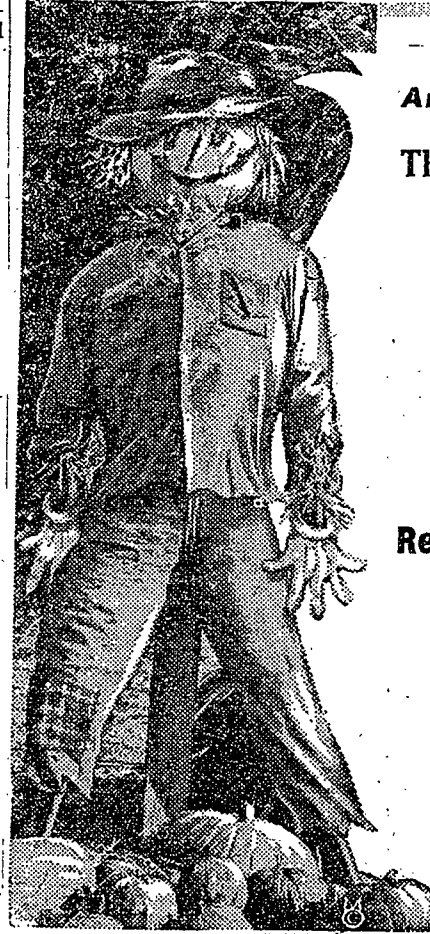

Hager's tip led to the arrest by Shoulders and Patrolman Elmer Dolan of Carl Austin Hall here Oct. 6. Later Mrs. Bonnie Brown Heady, Hall's woman friend, was arrested.

ENGINEERS

BOEING AIRPLANE COMPANY

will conduct
PERSONAL INTERVIEWS
on campus
October 27 and 28
Group Meeting - 7:30 p.m.
October 26

Boeing has many positions open for graduating and graduate students. These opportunities are in all branches of engineering (AE, CE, EE, ME and related fields). Also needed are physicists and mathematicians with advanced degrees.

Fields of activity include DESIGN, RESEARCH, and PRODUCTION. Your choice of location: Seattle, Washington or Wichita, Kansas.

A group meeting, first day of campus visit, will precede personal interviews. Details of openings, nature of assignments, company projects, etc., will be explained. Married students are invited to bring their wives.

Come and learn about these excellent opportunities with an outstanding engineering organization—designers and builders of the B-47 and B-52 multi-jet bombers, America's first jet transport and the BOMARC F-99 pilotless aircraft project.

For time and place of group meeting and for personal interview appointments—Consult your
