

# Hollen 3d, Smith 5th; Spartans Victors

## Lions Fail In Title Bid; Panthers 2d

(Continued from page one)  
Michigan State runners earlier in the season, 25-30. The big three for the Spartans this season have been Lyle Garbe, John Cook and Ronnie Barr.

The comment made by Werner on Friday when he learned of the Big 10 victory by Michigan State now seems very prophetic. He said at the time that "Michigan State probably will be favored to win the meet now. And what's more, I wouldn't be surprised to see them do it."

More than 200 hill-and-dalers from 37 colleges competed for individual honors. The race began at 3 p.m. and quickly developed into a three-team contest between Michigan State, Pittsburgh and Penn State.

Pittsburgh entered the championship battle with an undefeated record for the season. They were not considered seriously because they had not raced against any tough competition this year. However, Werner recognized the potential of the Panthers earlier in the week and said that he held great respect for the Smokey City harriers.

During the regular season the Blue and White also posted a spotless slate, winning dual meets from Cornell, Michigan State and Manhattan and a triangular meet from Navy and Georgetown.

A three-mile championship race for freshmen was also held at Van Cortlandt Park yesterday. Bob Lippemiere of Georgetown won the race with a clocking of 14:43.2.

On Monday the Nittany hill-and-dalers will finish the campaign when they journey to East Lansing, Mich., for the NCAA title run.

## Grid Injury Turns Harris to Soccer

By ROY WILLIAMS

Injury of the blood vessels in both his knees while playing football in his sophomore year at Bridgeville High School turned Red Harris' attention from football to soccer. He is now Coach Ken Hosterman's goalie.

Harris was first spotted along with Bill Norcik and Emil Borra, present Lion soccermen, by Coach Bill Jeffrey during the Western Pennsylvania Soccer Championship game between Bridgeville and South Fayette. The one-hundred and seventy-pound goalie, along with his two teammates, accepted Jeffrey's bid to Penn State after the game.

After playing football and soccer for two years, and basketball for three in high school, Harris came to State destined to become the Lion net keeper for four years.

The red-headed senior said, "Although Bill never played goalie, he helped me several times by pointing out my mistakes in his usual jovial manner."

Harris, who is a major in the advance Air Force ROTC program, said that his biggest thrills at Penn State during the past years were the shutouts which he helped post against opposing teams. With one more game to play for the Nittany soccer squad, he has ten shutouts to his credit for three years of varsity ball. Red said, "Hap and Emil greatly aided our defense this year, and Paul Dierks has continued his outstanding work from last year."

After three years under "Mr. Soccer," Harris said that Jeffrey was able to handle players very well. "Ken Hosterman has stepped into the shoes of Jeffrey like a veteran coach," Harris said.

After losing to a sensational squad from Temple on Saturday, 2-0, Harris said that Temple played exceptionally good ball. He said "Temple deserved to win that game, but I think we could have played much better. We didn't play nearly as well as we did against Duke two weeks ago. Our offensive unit just couldn't get rolling."

## PKA, Betas IM Swimming Foes

Pi Kappa Alpha and Beta Theta Pi will meet tomorrow night in the semi-finals of the fraternity intramural swimming tournament as the result of victories earned last night at Glennland Pool, while Beta Theta Pi won their meet with Delta Tau Delta by forfeit, PKA had to fight all the way to gain a 23-18 win over Delta Upsilon.

Once again, it was all Bob Brumbach as Pi Kappa Alpha copped its fourth straight IM

meet. Brumbach won the freestyle event in 35.7 seconds and also captured a first in diving. He was also a member of the triumphant relay team, which took its event in 1:03.5. This marked the fourth time that Brumbach has engineered such a sweep.

Delta Upsilon's two firsts were earned by George Bairey and Gilbert Unangst. Bairey swam the backstroke in 46.5 seconds while Unangst's time of 46.2 was good enough to win the breaststroke.

**"HOW GOES IT?"** dials New York—  
and a building in Illinois answers

Shell Oil Co. wanted a small brick building in Illinois to be able to teletype automatically to a dispatcher in Radio City—more than 800 miles away. The building in Dennison, Ill., is one of four pumping stations on an important oil line. For efficiency, all these stations were to be controlled from New York. Bell System engineers were asked to help.

Now the New York dispatcher operates these stations by using an ordinary telephone dial. By dialing a number, he can make a pumping station automatically report back its meter readings by

teletype! He also dials numbers to open and shut valves, start and stop pumps, and summon an attendant. It's done through Bell System facilities.

These remote-control installations represent salesmanship, research and engineering skill on the part of many Bell System people. That's the reason there are rewarding opportunities in many lines for college people in the telephone company. Why not check soon with your Placement Officer on your chances to start with the Bell System after graduation?
