

# Big 3 Meeting To Start Today

TUCKER'S TOWN, Bermuda, Dec. 3 (AP)—Prime Minister Winston Churchill and Premier Joseph Laniel separately lined up arguments today to convince President Dwight D. Eisenhower on policies they believe the Allies should follow to promote a new phase in East-West relations.

A closer alignment of Western aims and actions clearly is the goal of each of the Big Three, who will open what may prove to be a historic parley late tomorrow.

The Western Big Three foreign ministers—U.S. Secretary of State John F. Dulles, Anthony Eden of Britain and Georges Bidault of France—are to set the stage with a preliminary meeting a few hours after Eisenhower's party arrives from Washington tomorrow noon.

Then Churchill, as host, Eisenhower and Laniel will take seats at a huge mahogany round table set up in the conference room of the plush Mid-Ocean Club, sealed off from kibitzers, cranks and any would-be spies by British Tommy-gunners manning road blocks and barbed wire barricades outside.

Churchill and Eden, with a team of 28, flew in from Britain yesterday. Laniel and Bidault, with 25 advisers, arrived from Paris today as representatives of a government that will resign automatically in mid-January after France installs a new president.

Judging by private and public statements of the American, British and French participants, each of the leaders will seek conference decision in line with national interests.

## Committee Calls Army Unattractive

WASHINGTON, Dec. 3 (AP)—Military career service is losing its attractiveness because of too little pay and too much criticism, a special committee of admirals and generals reported today.

"Unless the present trend of career personnel leaving the service can be reversed," they said, "most serious consequences to the national defense effort will result."

No specific increase was recommended in the report, but a committee aide told reporters that military compensation now is about 8 per cent below the cost of living index.

## Baldi Named Head Of Rockview Prison

HARRISBURG, Dec. 3 (AP)—Dr. Frederick S. Baldi, Philadelphia, today was appointed superintendent of Rockview Penitentiary at Bellefonte. The position pays \$10,000 annually.

Baldi, who will take office about Dec. 16, is medical director and superintendent at Philadelphia city-county prisons.

## Nixon Attempts Explaining U.S. Foreign Policy

NEW DELHI, India, Dec. 3 (AP)—Vice President Richard Nixon tried before a joint session of Parliament tonight—without a notable response—to explain American foreign policies the Indians do not accept.

Indian leaders made it clear they do not intend to abandon their neutrality or markedly change their international views.

Aware of concern here over the influence of Sen. McCarthy (R-Wis), Nixon told parliament President Eisenhower will make U.S. foreign policy "and you can be sure the President will be supported overwhelmingly by the majority of the people."

The visiting American official, Eisenhower's envoy on an Asian tour, emphasized that the President, who acts with the help of key advisers, is trying to insure peace.

## Wright Brother's Diaries, Letters Given to Library

WASHINGTON, Dec. 3 (AP)—Orville and Wilbur Wright tell their own story tomorrow of the moments of triumph and disappointment they lived in inventing the airplane.

Their philosophies—even their rare differences and disputes—are revealed in the Wright brothers' diaries, notes and hundreds of letters handed over to the Library of Congress after the death of Orville in 1948. Wilbur died in 1912.

The diaries show the onetime bicycle repairmen to have been brilliant, patient, precise, thorough-going scientists.

## Strike Mediation Begins

NEW YORK, Dec. 3 (AP)—A federal mediator tonight reported "no progress" toward settling New York City's six-day-old newspaper strike. Further negotiations were adjourned until tomorrow.

The report was issued by Federal Mediator Walter A. Maggilo following 2½ hours of fruitless talks.

Maggilo said the next session would be held at 10 a.m. tomorrow.

There was no comment on the situation from officials of the AFL Photo-Engravers Union, whose strike shut down the newspapers,

or from employers' representatives.

Today's discussions followed a federal government attempt to help end the walkout by setting up a special three-man mediation panel.

The panel went to work immediately, but its first efforts were to no avail.

Named to the mediation panel were Walter Maggilo, Frank Brown and Bernard Forman. The latter has been handling the case alone up to now.

The strike of 400 AFL photo-engravers went into its sixth day, with 5½ million regular readers denied a single major New York daily for the first time in history.
