menting on the fact that departments were not renamed "schools," said the department still remains the basic academic and administrative unit in nearly all universities. This will continue to be the case at Penn State, he said, but the possibility exists that in the future a relatively few fields which encompass more than one department may later be named "schools."

Other divisions of the University which received changes in title in accordance with the court act of Nov. 13 which made the former college The Pennsylvania State University included University Library, University Health Service, University Placement Service, The Pennsylvania State University Centers, and the University Senate.

Import Lists Are Due Today

Lists of imports to be housed in approved fraternities over Military Ball weekend must be submitted to the Dean of Women's office by noon today, O. Edward Pollock, assistant to the dean of men in charge of fraternity affairs, has announced.

Notice of a social event must be filed at both the offices of the dean of men and dean of women at the same time, he said.

On the list of imports, each woman's name, full home address, and name of escort must be reported, and must be accompanied by a letter of acceptance from chaperones.

Pollock said a new policy has been established to allow the Dean of Women's office to approve or disapprove the registration lists.

The Dean of Men's office will accept the dean of women's decision. Pollock said the only reason for disapproval would be that the social event notice was received too late for posting in the women's dormitories and for informing chaperones.

LATEST COLLEGE SURVEY SHOWS LUCKIES LEAD AGAIN

Last year a survey of leading colleges throughout the country showed that smokers in those colleges preferred Luckies to any other cigarette.

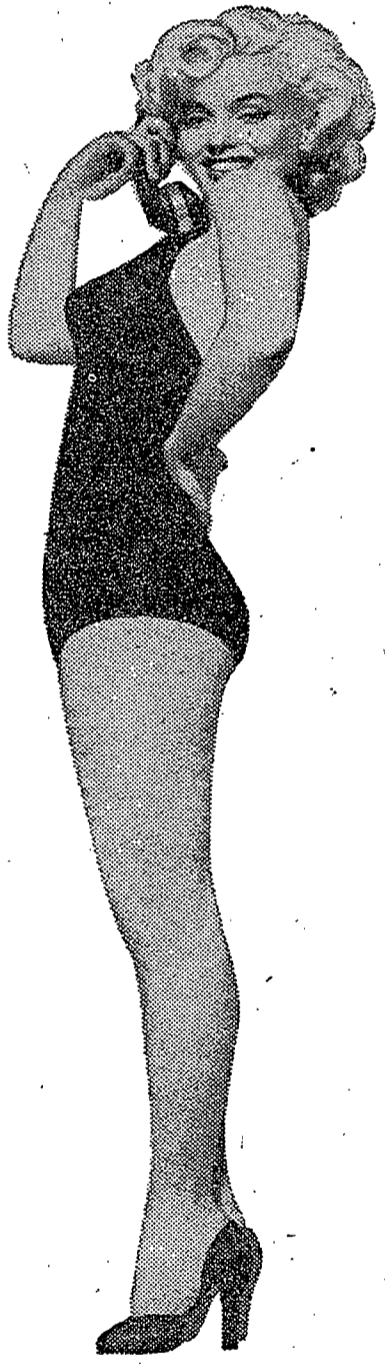

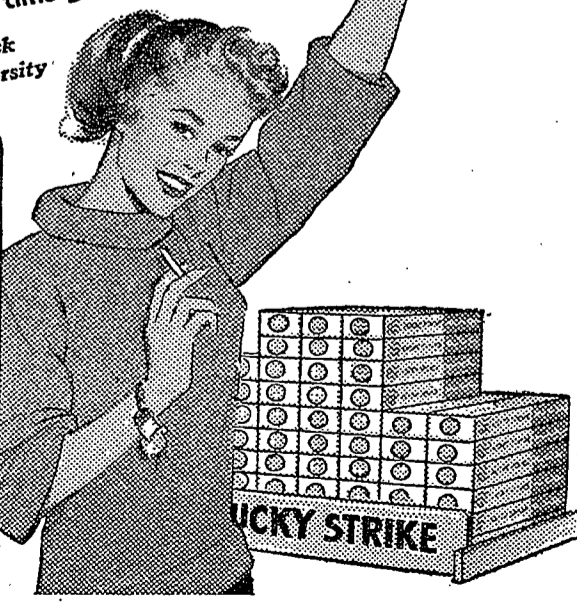

This year another nation-wide survey—based on thousands of actual student interviews, and representative of all students in regular colleges—shows that Luckies lead again over all brands, regular or king size...and by a wide margin! The No. 1 reason: Luckies taste better.

Smoking enjoyment is all a matter of taste, and the fact of the matter is Luckies taste better—for 2 reasons. L.S./M.F.T.—Lucky Strike means fine tobacco. And Luckies are made better to taste better. So, Be Happy—Go Lucky!

Luckies give you finer smokes,
So buy 'em by the carton—
And if you haven't tried 'em yet,
It's time you got a-startin'!
