

# Ike to Support 'Important' Laws

WASHINGTON, Jan. 13 (AP)—President Dwight D. Eisenhower said today he is going to fight for legislation that is important for the American people.

The President told a news conference he isn't making recommendations to Congress just to pass the time away or to look good.

## Ritchie Case May Be Hoax Or Solution

DETROIT, Jan. 13 (AP)—Authorities moved tonight to find whether Donald Ritchie has the key to a solution of the Walter Reuther shooting or is the perpetrator of a spectacular hoax.

A question remained, however, whether the questioning will be done in Detroit or across the international boundary in Windsor, Ont. Ritchie balked at crossing into the United States and wanted to see a lawyer.

Earlier, however, he had waived extradition at Preston, Ont., where he surrendered early today after a five-day flight from protective police custody. Ontario authorities at the border said the Preston magistrate didn't have power to accept the waiver. Then Ritchie asked for a lawyer.

The lawyer, Donald Morand of Windsor, said he had clear and definite instructions from Ritchie to oppose extradition.

Ritchie is now a defendant to an assault-to-kill warrant in the April 20, 1948, attempted assassination of the CIO president, then newly elected chief of the CIO United Automobile Workers.

## Allies, Reds To Resume Peace Talks

PANMUNJOM, Thursday, Jan. 14 (AP)—U.S. and Communist aides meet today to discuss the stalled preliminary Korean peace talks but the Reds have not retracted the hot charges that broke up negotiations.

The State Department in Washington said it had sent new instructions but declined to say whether they insisted on a retraction of Red China's charges of "perfidy" against the United States. There was no immediate comment on this development here.

The big question was whether the United Nations Command would back down. When U.S. Envoy Arthur Dean broke off the talks Dec. 12 he said he would return until the Reds took back the charge.

The Communists showed no sign of retreating. They refused to discuss "conditions" at today's meeting for resuming the talks. They agreed to talk only about a date.

Diplomatic sources here believed today's meeting on the peace talks will be little more than a feeling out process with each side trying to find out how far the other will back down.

# Non-Strategic Trade With Reds Approved

WASHINGTON, Jan. 13 (AP)—Secretary of Commerce Sinclair Weeks, in what looked like a cautious offer to do business with Russia and her European satellites, said today "it has been and still is" U.S. policy to approve non-strategic exports to Red Europe.

Weeks' policy statement came in the midst of a hubbub over a

Minnesota soybean oil producer's proposal to the Commerce Department that it license the export, from government-owned surplus stocks, of 3000 tons of cottonseed oil and butter for the benefit of Russia.

Cottonseed oil and butter are not on the list of strategic exports banned for the European Soviet bloc, but there have been no exports of these commodities since controls went into effect in 1950, the Commerce Department said.

Although some of the government's stock of surplus butter has been sold to relief agencies for use abroad, none has gone to foreign countries through commercial channels because the price has been higher than the world price.

Weeks said in his report that "to a considerable degree" the small amount of trade with Soviet Russia has been due to "a lack of interest on the part of the Soviet bloc in obtaining non-strategic and consumer-type goods" rather than to U.S. restrictions.

It was this statement in the report which appeared to be an invitation to Red nations in Europe to buy American goods that are not on the restricted list.

## 5 States Act to Keep Toll Roads in State Hands

KALAMAZOO, Mich., Jan. 13 (AP)—Turnpike authorities from four Mid-western states and Florida today launched a drive to keep control of a vast and fast-growing national network of toll roads in state hands.

At the same time they worked to insure coordination of actual or proposed pay as you drive highways extending from Augusta, Me., to Davenport, Iowa and from Minneapolis to Nashville.

## Dulles Charges Reds Annexing North Korea

WASHINGTON, Jan. 13 (AP)—Secretary of State John Foster Dulles told the Senate foreign relations committee today that Communist China is gobbling up North Korea, "virtually incorporating" it as a Chinese province.

This will make it enormously difficult to reunite Korea peacefully, Dulles said. But he expressed confidence that unification would be achieved eventually, just as he said he believes Germany will be whole again someday.

The secretary appeared before the committee to ask for Senate ratification of a mutual security pact with South Korea. He declared the treaty would discourage Red aggression and help guard peace in the Pacific.

Some other senators expressed interest today in developing a Pacific alliance similar to that which binds the North Atlantic Treaty nations together for defensive purposes.

## Avalanche Kills 27

VIENNA, Austria, Jan. 13 (AP)—Twenty-seven Alpine villagers were found crushed or smothered to death today under avalanche masses in the hamlet of Blons and hope was, all but abandoned for 35 others missing in the snowy depths there.

Forty-four more were found injured in Blons.
