

Panhel to Give Final Decision On Constitutional Amendments

Final approval of the revised Panhellenic Council constitution will be called for at 6:30 tonight in the Zeta Tau Alpha chapter room, 271 Simmons.

The amended constitution was introduced to the council two weeks ago. Enactment of it will require approval by two-thirds of the 19 voting members. If approved it would affect three major changes in the council election processes.

1. It would allow a one-year grace period to the sorority in line for the council presidency if that sorority is unable to provide a presidential candidate for its turn at office.
2. It would provide a screening board, composed of the five council officers, to set up standards of presidential qualification and to select a president from a maxi-

3. It would require that two council delegates be elected or appointed from each sorority, the one to be the rushing chairman and the other a delegate other than the sorority president.

Ellen Wandel, council president, will refer to the council a request from Anna Webb, Interfraternity Council-Panhellenic Sing co-chairmen, that the sing committee offer first and second prizes in this year's contest.

Miss Webb has asked that the standard rotating cups and plaques which may be kept by the winning sorority and fraternity be awarded to the winners of first places, and that plaques be given to the second place winners.

In previous years, rotating cups only were given to the sorority and fraternity winning first places. The groups could keep the cups only during the academic year in which they were the winners.

Miss Webb said that if both first and second prizes were offered, sororities and fraternities would be encouraged to enter the contest in spite of competition from previous winners.

Kicked in the Face by a Bootie

OR... Who Ever Called it a "Blessed Event"?

Once there was a Sophomore who had a Sister. He also had a Girl. As Coincidence would have it, both females labored under the Baptismal Handicap of Ermintrude. Small world.

The sister (call her Ermintrude I for the record) got married. In due process, she produced an Offspring. So, fraternal-like, Our Boy sat down and wrote her a Letter of Congratulations, starting "I hear you have a Baby..." Only trouble was, he forgot to mail it. Went off for the Weekend, leaving it on his desk, where his Roommate spotted it.

The latter, being The Soul of Honor, didn't read any farther than the lead-off... which was, logically enough, "Dear Ermintrude." Jumping at a Conclusion, he addressed an envelope to Ermintrude II, slapped on a

stamp and dropped the Missive in the Mails.

Our Sophomore still has a sister named Ermintrude. No Girl. And he still has No Idea why.

Had he but had a Telegrammer, he'd have Known Enough to send Sis and Spouse a handsome Congratulations telegram. (Telegrammer — an idea-packed, pocket-size guide to telegraph use. To get one, free, just write to Room 1727, Western Union at 60 Hudson St., New York City.) Telegrams get to the Right Destination... carry Good News, Invitations, Bids for Dates (or Cash) more resultfully than any other Form of Communication. When you have a message to send that Means Something, just call Western Union or sprint to your Western Union office.
