

# WD Room Forms Due By March 16

Application for rooms in the West Dorm area for next year may be made by upperclassmen about March 16, according to Otto E. Mueller, director of housing.

Mueller said the date for room application will be confirmed early this month.

Two hundred and forty rooms for upperclass students will be available, in addition to rooms for 50 disabled students, according to a recent announcement by the Department of Housing.

Assignment to West Dorm rooms is based upon the student's All-University average and the order in which his application is received. The All-University average considered is that at the close of the fall semester.

To be eligible, a student who will be a senior next semester must have an All-University average of 1 or better; a junior, 1.5 or better; and a sophomore, 2 or better. The first 60 eligible sophomores to apply will be assigned to West Dorm rooms, according to the Housing department.

According to dormitory contracts, a \$10 room and key deposit will be required to reserve a dormitory room. A student who pays this deposit must live in the residence halls next year if he enrolls at the University. If he notifies the Department of Housing by Aug. 16 that he does not plan to enroll, the deposit will be refunded.

# Whitmore Lab--

(Continued from page one) dergraduate students. It contains 20 labs and 38 offices, service and mechanical rooms, a library, and storage space.

At present, only the library, offices, and storage space is used. A few classes meet in the three-story-and-basement building.

The third floor houses the library and reading room. The library is a consolidation of libraries formerly located in Pond and Osmond Laboratories.

The laboratory will provide facilities for upperclass studies in organic chemistry, physical chemistry, radio chemistry, and micro-chemistry.

TIRED OF IT ALL? Was last semester's average too much to take? Williamsporter leading west in '53 Ford convertible wants companions to ride shotgun, share driving. Contact George Crouse, 4969 for details.

# Course Drops End Saturday

Students may continue to drop courses without the permission of the dean of their school until Saturday, according to Harry A. Sperber, assistant scheduling officer.

It was erroneously announced that students needed the permission of their deans prior to this date, but such permission is not required until after Saturday, Sperber said.

An unsatisfactory grade is not an excuse for dropping a course, he said, citing the Senate Regulations for Undergraduate Students. However, deans will grant

# Sillcox to Address Engineers Tonight

Lewis K. Sillcox, national president of the American Society of Mechanical Engineers, will speak at a joint meeting of the Penn State and central Pennsylvania branches at 7:30 tonight in 105 Mechanical Engineering. His topic will be "Tomorrow's Transport."

Sillcox is vice chairman of the board of the New York Air Brake Co. and has spent his entire career in the railroad industry. He has contributed to the development of improved methods of railway-power application and the control of railway trains.

authorization under special circumstances.

Students may drop courses by going to the Scheduling office, basement of Willard.
