Dulles Asks 'Hands Off' Policy Toward Reds

CARACAS, Venezuela, March 4 (AP)—Secretary of State Dulles today called on the nations of the Americas to unite in a "hands off" warning to Moscow against Communist infiltration of this hemisphere.

Dulles made the plea before the 10th Inter-American Conference in which 20 Western Hemisphere nations are taking part.

Negro Gets Federal Post

WASHINGTON (AP)—President Eisenhower today nominated J. Ernest Wilkins, Chicago Negro attorney, to be assistant secretary of labor.

"This is the first time, so far as we know, that a Negro has been appointed to a Cabinet or sub-cabinet post," White House Press Secretary James C. Hagerty told newsmen.

The selection of Wilkins is subject to Senate confirmation.

Red Link in Hawaii Seen as Debate Opens

WASHINGTON, March 4 (AP)—A charge that Communists dominate the economic life of Hawaii was made and denied today as the Senate opened debate on the Hawaii statehood bill.

Sen. James O. Eastland (D-Miss.) told the Senate Hawaii's "economic and political fabric is tainted with Red."

But Sen. Russell B. Long (D-La.) said he investigated charges of Communist influences in Hawaii last fall and found them not to be true.

Hall Sees No GOP Split

NEW YORK, March 4 (AP)—Republican National Chairman Leonard W. Hall said today the squabble over Sen. Joseph R. McCarthy's activities hasn't caused any rift in the Republican party.

All it amounted to, he said, was a family disagreement.

Senate --

(Continued from page one) tions. It may also take disciplinary action against any group found to be violating these laws.

The chaperoned dating code specifies that chaperones will be required at all times women guests are present, except in cases of fraternities which have, and enforce, rules against the use of alcoholic beverages in the house and on the grounds at all times. These houses may have limited unchaperoned dating.

Proper chaperonage is defined as two couples, three adults, or a part-time housemother. Chaperones must be chosen from chapter alumni of at least ten years' standing, members of the University faculty or staff, fraternity advisers, and parents of chapter members.

Houses with full-time resident housemothers will not be required to register functions at which women guests are present, except for special social occasions. Otherwise registration with the dean of

men and dean of women will be required for weekend dating at fraternity houses.

Thomas Schott, IFC president, said yesterday that Senate approval of the policy statement was expected and he has no comment until the matter is discussed further.

Edwin Kohn, IFC vice president, said there are parts of the code which are not entirely satisfactory to the fraternities, but that the plan is the best which has yet been offered.

2 Eyes Transplanted

WASHINGTON, March 4 (AP)—Two corneas from eyes of two Army men have been successfully transplanted, in a rare operation, to restore virtually normal sight to a woman whose vision was a blur from childhood.

Grand Jury Indicts 38

PITTSBURGH, March 4 (AP)—A federal grand jury indicted 38 persons today on charges of voting frauds in the 1952 presidential election.

**NO MORE
LAUNDRY BILLS FOR
HANDKERCHIEFS!**

Campus kudos are going to HANKAWAYS—the new all-purpose large-size (13 1/2" x 13 1/2") handkerchiefs first acclaimed by Parade Magazine. Nothing to wash! You use one HANKAWAY all day (or longer) and then throw away! Made of soft, lint-free, absorbent 3-ply cellulose.

**YOU'LL SAVE
\$1.50
UP TO a month!**

48 HANKERCHIEFS \$1

Send \$1 for 48 or \$3 for 144 HANKAWAYS. Postpaid. No one has asked for their money back, but we still make the same offer—MONEY BACK IF NOT DELIGHTED!

ELECTRONICS DIVISION
CURTISS-WRIGHT CORPORATION

on the campus **MARCH 10**

Here is really a "ground floor" opportunity to develop your talents in an essential and permanent engineering center . . . to plan for a long-term career where projects are long-range, many and important. As part of the great Curtiss-Wright organization, our research and development activities are primarily concerned with advanced aviation, but they go far beyond that, touching many other industries in our continuous search for better materials, processes and new products for our own and general industry's use. Here we design and build Flight Duplicators and Simulators—electronic marvels of our day that duplicate on the ground any flight condition in the air. We have fascinating work in Electronic Control Systems, Radar Systems and components. If you have your eye peeled for a permanent, well-paid tomorrow, make a note about this opportunity today.
