VOL. 54, No. 94

STATE COLLEGE, PA., SATURDAY MORNING, MARCH 6, 1954

FIVE CENTS

## Parties Will Begin Nomination Meeting For 1954 Elections

Preliminary party nominations for All-University and class offices will be opened at 7 p.m. tomorrow at the second clique meeting of Lion and State Parties.

Lion Party will meet in 121 Sparks. State Party will meet in 10 Sparks.

Final clique nominations and elections will be held March 14.

The spring All-University elections will be held April 7 and 8.

According to a clique registration system amended by the elections committee and approved by All-University Cabinet Thursday, a student must attend two of three clique meetings to be eligible to vote in the class nomination elections of the party.

### Attendance Requirements

A student does not have to attend consecutive meetings for party membership, according to the system.

Benjamin Sinclair, Lion Party clique chairman, and John Fink, State Party clique chairman, yesterday urged students who did not attend the first clique meeting Sunday to come to the meetings tomorrow night. In separate statements, the chairmen said students will still be able to vote in the clique elections, if they attend a meeting tomorrow night, in accordance with the official clique registration system.

### Lion Party Nominations

Lion Party will open nominations for All-University and class offices tomorrow, Sinclair said. Nominating speeches must be limited to two minutes, he said, and the nominating speeches will be followed by short acceptance speeches by the candidates.

The steering committee of Lion Party will meet at 2 p.m. tomorrow in 317 Willard.

Sinclair announced yesterday the appointment of five sergeants-at-arms of the party. They are Lynn Meyers, Douglas Moorhead, James M. Griffin, Gordon Pogal, and Peter Bond. Russell Martz is head sergeant-at-arms.

### State Party Nominations

State Party will reopen nominations for class clique offices. The nominations, opened last week, will be concluded tomorrow night and election of class clique officers will be held, Fink said.

The party will hold preliminary nominations for All-University and class offices, according to Fink. The nominations will be open for two weeks, he said.

There will be no speeches with the nominations tomorrow, Fink said. The speeches, both nominating and accepting, will be given at the final clique meeting March 14 before clique elections, he said.

The executive committee and the clique officers of State Party will meet at 2:30 p.m. tomorrow at Pi Kappa Alpha fraternity.

## AIM Board To Try Two For Drinking

Two West Dormitory area residents who brought alcoholic beverages into their dormitory rooms will be tried before the Association of Independent Men's Judicial Board of Review at 7 p.m. Monday in 204 Old Main.

In other disciplinary action yesterday, an eighth semester civil engineering major has been indefinitely suspended from the University for using crib notes in an examination, Dean of Men Frank J. Simes said.

In one case, a student on first floor Hamilton is charged with holding a party in his room for seven students at Carnegie Institute of Technology who were visiting the University. He is also being charged with illegal possession of a firearm, a .22 caliber target pistol, in the dormitory.

The visitors were members of Sigma Nu fraternity, James W. Dean, assistant to the dean of men in charge of independent affairs, reported. Because the local chapter is now on social suspension for the current semester and social probation next fall for violating University drinking regulations, the men could not drink at the house, Dean said.

The student was a self-appointed rushee at the fraternity, O. Edward Pollock, assistant to the dean of men in charge of fraternity affairs, said. The house has been absolved from any part in the incident, Pollock said.

Simes said he will write the Dean of Men's office at Carnegie Tech to inform them of the incident.

In the other case, a second semester business administration major purchased beverages and consumed them in his room in Irvin Hall, Dean said.

The engineering student was suspended by the Senate committee on student affairs' subcommittee on discipline after he appeared before it yesterday. Indefinite suspension means the student may not petition to be readmitted at the end of one semester.

## Forestry Ball Theme Chosen

Theme for the Forestry Ball, from 9 p.m. to midnight Friday in Recreation Hall, will be "Forest Fire Protection."

William Rother, chairman for the dance, said the decoration scheme will be a wildlife display. Two life-size Kodiak bears and other stuffed animals will be used to carry out the theme, he said.

Johnny Nicolosi and his orchestra will provide music for the annual semi-formal affair. The Varsity Quartet will sing during intermission.

Rother said a sweetheart of the ball will not be chosen this year.

### Soph Queen Entries

Three entries have been received so far in the sophomore queen contest, an official at the Student Union desk said yesterday. Deadline for the contest is 5 p.m. March 17.

## New Drinking Rule Termed 'Realistic'

By TAMMIE BLOOM

Wilmer E. Kenworthy, director of student affairs, yesterday described the new University policy regarding use of alcoholic beverages as a "more realistic approach" to the solution of existing problems.

The policy statement adopted Thursday by the University Senate recommended revision of drinking regulations and substitution of chaperoned dating in fraternities for the present unchaperoned dating code. The policy will be effective Sept. 1, 1954.

Under a system of chaperoned dating, Kenworthy said, it is believed that existing

situations for which the University has been criticized may be controlled.

### Alcohol Now Prohibited

Senate regulations W-4 and W-5 now prohibit serving of alcoholic beverages at social functions.

The revised versions, which the Senate will receive for final approval April 1, prohibits possession or use of alcoholic beverages on University property, and holds student organizations responsible for good conduct and observance of the law under all University-related off-campus situations.

### IFC Enforcement

Kenworthy said the University expects to work with the Interfraternity Council in enforcing the new policies. Infractions will be referred to the proper student judicial body for recommendation.

"It (enforcement) will have to be cooperative," Kenworthy said. "We expect the IFC will continue to be responsible for conduct prejudicial to the fraternity system and the University. The University will also endeavor to see that good standards are observed and will maintain controls through disciplinary action on infractions which are reported."

### Result of Criticism

Formulation of the new plan, he explained, has been based partly as a result of criticism of the situation from the outside, and partly from the desire of the University to improve its own situation.

Outside criticism, he said, has been written and verbal from the public, alumni, parents, and even people connected with fraternities. Unlimited unchaperoned dating, he added, has caused widespread comment, as has the drinking situation.

### Special Privileges

Under provisions of the new policy, special privileges will be granted to "dry" fraternities and those which employ full-time resident housemothers.

Fraternities which have, and enforce, rules prohibiting alcoholic beverages in the house and on the grounds at all times may have limited unchaperoned dating.

No house has yet been granted the "dry" classification under the new plan, Kenworthy said, but there are five fraternities at the University which are "dry" by tradition.

## 'Lineman' to Be Returned To Zorach in 2 Weeks

William Zorach's granite statue, "The Lineman," will be returned to Zorach in New York within the next two weeks, Harry Archinal, president of Pi Gamma Alpha, fine arts honorary, has announced.

He said the University is in the process of crating it and making arrangements with a trucking company to ship the statue, which has been on display in Old Main since last spring. It was brought to the campus as a suggestion for the senior class gift last year.

## Game Tickets Still Available

Students may get exchange tickets from 8 a.m. to noon today at the ticket window of the Athletic Association office in Old Main.

Tickets will be issued upon presentation of an AA book. They will also be distributed at the ticket booth in Recreation Hall just before game time tonight. Students will need AA books to get tickets at Recreation Hall if they have not already picked up tickets prior to going to the game.

Tickets for the Eastern intercollegiate wrestling championship next Friday and Saturday at Ithaca, N.Y., are on sale at the office now.

## Eisenhower Orders Aid to 5 Nations

WASHINGTON, March 5 (AP)—President Dwight D. Eisenhower told Congress today he has ordered continuance of aid to five European nations even though they have shipped more than \$6 million worth of strategic materials to Soviet Russia and her satellites.

The nations involved are Denmark, France, Italy, Norway, and the United Kingdom. The President said to stop military and economic aid to these countries because they permitted trade with Eastern Europe in recent months would "clearly be detrimental to the security of the United States."

Congress also was informed of a movement of 500 tons of copper worth \$450,000 from Turkey to Czechoslovakia, but was told that Turkey has taken steps to "pre-

vent a repetition of the incident." The President made a periodic report on East-West trade to the Senate and House chairmen of the armed services and foreign relations committees, as he is required to do under the Battle Act.

This act forbids American aid to any country that "knowingly permits" shipments to Communist and Red-dominated countries of items on an embargo list, such as arms, ammunition, implements of war, or atomic energy materials.

But it authorizes the President to continue aid to countries allowing shipments of strategic materials not on the embargo list when unusual circumstances indicate the cessation of aid would be against the interests of the U.S.

The President forwarded to the Capitol a letter from Harold E.

Stassen, director of foreign aid, which said none of the five countries involved permitted shipment of any embargoed items. None of the embargoed shipments went to Communist China.

Stassen said most of the shipments to Eastern Europe—as noted in his last report on Aug. 1, 1953—resulted from commitments made prior to Jan. 24, 1952, effective date of the Battle Act.

Other shipments, he said, were more recent commitments where Western countries regarded two-way trade beneficial to themselves and to the free world in the long run.

Stassen recommended continuing American aid and was supported in that by the State, Treasury, Defense, and Commerce departments.

## Schroeder Will Speak At Chapel

John C. Schroeder, master of Calhoun College at Yale University, will be the Chapel speaker tomorrow at 10:55 a.m. in Schwab Auditorium. His topic will be "The Right to Existence."

Schroeder is a Congregational minister and has served as assistant minister at Central Church, Boston; minister of Community Church, Bogota, N.J.; minister of First Church, Saginaw, Mich.; and of State Street Church, Portland, Me.

He received his B.A. degree from the City College of New York; bachelor of divinity degree from Union Theological Seminary; doctor of divinity degree from Bowdoin College; doctor of letters degree from the University of Maine; and doctor of sacred theology from Ripon College.

Schroeder was a professor of homiletics at Yale Divinity School before his present appointment.

He is the author of "The Task of Religion," "Modern Man and the Cross," and "I Believe in Man."

During the Chapel service the Chapel Choir, under the direction of Mrs. Willa W. Taylor, will sing as introit, "Lord Jesus Christ, Be Present Now" (Bach) and as anthem, "Ave Maria" (Franck).

George E. Ceiga, University organist, will play as prelude, "Oh Man Bewail Thy Grievous Sins" (Bach), as offertory, "Our Father in Heaven" (Bach), and as postlude, "Fantasia" (Bach).

## Four Students Are Penalized For Violations

Four students were penalized for traffic violations in action by the dean of men Thursday. One student had his car removed from campus, another had his car sent home, and two others were placed on traffic probation.

The car sent home belonged to a second semester student who had seven parking violations, Dean of Men Frank J. Simes said. He said an eighth semester student had been forbidden to bring his car on campus at any time. He also had seven violations, Simes said.

Seven of ten cases referred to the Dean of Men's office Tuesday night by Traffic Court were heard Thursday, James Dunlap, court chairman, said. Two of the remaining cases will be heard Tuesday. The remaining case failed to appear before Simes.

Dunlap said a majority of violations were being committed by graduate students and faculty members. Graduate students are the worst offenders at the present time, he said.

Traffic probation means that if another parking violation occurs, the student's car will be sent home.
