

First Lecture in Family Conference To Feature 'The House We Live In'

The psychological, economic, and technological factors of the "house of today" will be the topic of the first family conference lecture at 7 tonight in Simmons lounge.

F. Cuthbert Salmon, professor of engineering and architecture, and Mrs. Christine F. Salmon, professor of home economics, will speak on "The House We Live In," a discussion of how and why the house of today differs from the house of yesterday.

The program will be the first in a series of three discussions sponsored jointly by the Penn State Christian Association and the Women's Student Government Association. The conference, "Family Living in Three Dimensions," is co-chaired by Iris Rodgin, WSGA representative, and Virginia Moore, PSCA representative. Joan Arehart, sixth semester home economics major, is chairman of tonight's program.

In explaining the theme of his lecture tonight, Professor Salmon pointed out that the form of today's house differs from that of previous decades because of a difference in societal needs: the accelerated pace of living, higher construction costs, decrease in number of servants, new architectural designs and new materials such as glass and plastics, and added technological conveniences, such as television, automobiles, and deep freezers.

Professor Salmon said he and Mrs. Salmon will include in their talk both the physical and emotional considerations involved in planning a house.

Three group discussions will follow the lecture at 7:40 p.m. Mrs. Ruth R. Honey, professor of home economics, will discuss "What Can We Afford?" Chairman of this discussion group is Marilyn Buzby, eighth semester pre-medical major.

"How Shall We Set Our Table?" will be the topic of the second discussion led by Samuel Jr. and Allen Crabtree, owners of the Crabtree jewelry store. The discussion will include a display of china, crystal, and silver. Janice Holm, sixth semester home economics major, is chairman of the discussion.

The third discussion will be a talk on "How Much Space Do We Need?" by Delpha E. Wiesendanger, assistant dean of the College of Home Economics. Chairman of the discussion is Martha McDonald, sixth semester home economics major.

A coffee hour will follow the discussions.

The lecture tonight is open free to both men and women students.

WRA to Consider Four Amendments

Four amendments to the Women's Recreation Association constitution were proposed at the WRA Executive Board meeting. According to the WRA constitution, an amendment must be proposed at one meeting and voted on at the next.

The proposed amendments are:

1. That the word University replace College and college replace school wherever these words appear in the constitution.
2. That the assistant intramural chairman be in charge of individual sports.
3. That the club activities chairman be in charge of the annual Penn State Sports Day.
4. That the responsibility for publication of the WRA handbook be given to the WRA president. At present the publicity chairman is in charge of the handbook.

MISS MO WEBB, Alpha Xi Delta

Okay Joe?

Ever hear of a place called Watsontown, Pa.? Well, that's the home of this beauty of 21, a senior in Music Ed. I don't think she's going to have to teach for a living too long a time.

Actually Barbara Klein was to be our OK Joe today and Mo next week but a time factor messed things up a bit. Will get to you soon, Barbara.

Congratulations to the Tri Delts. As far as we know they are the first group in the history of sororities at Penn State to have a composite done in color. It should be a knockout.

For the many people who have asked, the party pictures in the Western Union office will be for sale as well as a pile of other extra party pictures some time the end of this week. First come, first served.

Party of the week—Sigma Pi.

Sincerely,
b.c.
