

Councils Defer Merger Action

Action by Nittany and Pollock Councils to merge into an East Dorm Council has been postponed, according to George Copella, Pollock Council president, and Richard Steindel, Nittany Council president.

Efforts are being sought, however, to unite the social program of the two dormitory areas into a single committee, the council presidents said. Copella met Monday night with Nittany Council to discuss the proposed merger, and Steindel attended Pollock Council's meeting Tuesday night.

9 Nominated As Candidates For IFC Posts

Nine men were nominated as candidates for next year's Interfraternity Council offices at last night's council meeting.

Those nominated were for president, John Carpenter, Sigma Alpha Epsilon; Bruce Coble, Alpha Tau Omega; and Robert Kitchel, Phi Kappa Phi; for vice president, William Brill, Sigma Nu; John Bruce, Alpha Sigma Phi; and Carl Nurick, Beta Sigma Rho; and for secretary-treasurer, Alec Beliasov, Phi Kappa Psi; William Reid, Theta Chi; and Allan Schneirov, Phi Epsilon Pi.

Thomas Schott, IFC president, explained nominations were still open and would remain open until the next IFC meeting Wednesday. Candidates may nominate themselves, he said, by leaving a letter of application at the Student Union desk in Old Main.

All candidates will be introduced and asked to make short speeches at Wednesday's meeting, Schott said. Elections are scheduled to be held March 31, in time for the new officers to be announced at the IFC-Panhellenic spring banquet the following evening.

Fraternity presidents also met last night following the IFC meeting to discuss the changes in the drinking and dating regulations adopted by the University Senate. Schott had previously asked the presidents to come ready to take a specific stand and to offer suggestions for improvements in the rules.

Male Students Begin Pursuit Of Miss Russel

The Kappa telephones are busy. Penn State males have plagued the suite with calls all day and night yesterday . . . wanting to talk to Janice Russel.

Janice is the Engineer girl of the month, appearing in the parody issue of Froth, now on sale.

A call to the suite and a personal talk with Janice revealed she is a first semester phys-ed major, who has been lifting barbells since she was three. She calls Russia her home. She's here, she says, to train the wrestling team.

The 'Kappa legacy' says, "Of course I eat Wheaties."

WUS to Sponsor Film on Students

A movie on foreign students, "Their Future Is Our Future," will be shown at the meeting of the University committee of the World University Service at 7 tonight in 304 Old Main.

The committee, comprised of representatives of campus groups, will discuss the possibility of getting places for committee members to speak to church youth groups about WUS.

Debaters Congress Will Begin Today

Representatives from 18 colleges and universities will arrive today to participate in the 19th annual Pennsylvania State Debaters Congress which will continue through Saturday.

The Congress, designed to promote an understanding of the functions of government, will open with an informal reception at 7 tonight in 316 Sparks. Following this, at 9 will be a radio broadcast over Stations WMAJ and WDFM.

The program will include a round-robin interview of delegates from six schools on "Our College's Pride in 1953-54," the convention's theme. Joseph F. O'Brien, men's debate coach and professor of public speaking, will quiz the delegates on their schools during the second half of the 30-minute broadcast.

Two Main Topics

The two principal topics of the congress—What should be the foreign trade policy of the United States? and How should the President be elected?—will be acted upon in committees and a general assembly.

Two committees will consider, discuss, and draft reports for the general assembly on the problems. Each delegation will be entitled to a maximum of three voting delegates per committee. If a counter-proposal faction is present, a minority report will also be presented in the assembly.

The general assembly will act upon the committee reports in procedure similar to that of the national Congress.
