Poll Locations

Polls will be located in the second floor lounge in Old Main, the West Dorm lounge, the Temporary Union building, and Nittany Dorm 20. This will be the first year decentralized voting has been used on campus for All-University elections.

In a statement to the Daily Collegian yesterday, Benjamin Sinclair, Lion Party clique chairman, said, "The Lion Party sincerely hopes everyone will cast his ballot during this election. Since this is the first year that decentralized voting is being used, only a complete turnout will indicate the success of our work on this program."

Four Polling Places

"The elections committee has arranged for voting in four locations," Sinclair said, "which should enable everyone to cast his vote speedily and with a minimum of effort. We are confident the decentralized voting system will increase the total vote greatly."

John Fink, State Party clique chairman, said yesterday, "I hope the turnout will far surpass the usual 40 per cent in All-University elections. The State Party is confident that its candidates will be victorious and, if they have the support of the students, will carry out their platform promises. Above all, I urge that everyone

Eisenhower To Address Alum Group

President Milton S. Eisenhower will address Alumni Fund class agents in the Philadelphia area tonight as part of a series of three kickoff meetings for the 1954 Alumni Fund. He will speak at the Sylvania Hotel, Philadelphia.

Also appearing on the program will be Bernard P. Taylor, executive director of the Alumni Fund; Robert Bream, assistant executive director; and Ray Tannerhill, general chairman.

Last night they spoke at a similar meeting in Pittsburgh. Tomorrow night they will address class agents in the New York area at the Princeton Club, New York City.

Taylor said they hope to contact more than a third of the 2975 class agents in the talk series.

Class agents are alumni who will solicit members of their classes for contributions to the fund. The 1954 fund opened March 15 and will continue until class reunion week in June.

As of April 1, more than \$50,000 had been collected. Last year's receipts totaled over \$187,000. The contributions are used to finance projects on campus which cannot be paid for from state or federal grants. The money received last year was allocated for such things as the new chapel, the memorial gateway at Atherton street and Pollock road, and furnishings for the new Student Union building.

A kickoff meeting for State College area agents will be held April 13.
