

Elections—

 of three cuts per semester.
 The State Party, in its platform, proposes a plan to eliminate Saturday classes; and calls for a plan under which ill students not admitted to the University Hospital may get excused from class. The platform also calls for a committee to streamline student government; proposes the University publish a booklet on research underway in the nine Colleges; and pledges support for Centennial celebration plans.
 The only flare of controversy during the campaign came when the Lion Party disputed the All-University elections committee's decision to throw out a plank calling for reinstatement of the former interpretation of the social dating code in fraternities. The elections committee felt the issue concerned only the Interfraternity Council and, therefore, should not be an issue in an All-University election.
 The Lion Party later yielded to the ruling of the elections committee and withdrew the plank from its platform. The party, however, said they would campaign on the "unwritten plank."

 day classes, more students would be on campus to take advantage of library and recreational facilities.
 When a council member asked why the administration thought many students were taking these trips, Euwema said the first complaints had come from Food Service. He said Food Service authorities in women's dormitories said too many coeds were going on weekend trips, and there was high absenteeism in dining halls for weekend meals.
 Euwema said he was not aware of the idea that Saturday classes had been reinstated to secure more classroom appropriations from the legislature. He agreed, however, that this might be a possible political reason.

IT'S ALL A MATTER OF TASTE

When students burn the midnight oil while cramming for a test, the smooth, fresh smokes they reach for most are Luckies...always best!

Marilyn Sergeant
 University of Arizona

When you come right down to it, you smoke for one simple reason... enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco... light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better... always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

If cleaner, fresher, smoother taste is that which you would prize, there is but one solution, friend, Buy Luckies if you're wise!

The latest college survey shows that Luckies lead again—they're tops with all the smart coeds, as well as with the men!
