## Pollock Council Hits Fall Merger Plan

The Pollock Council last night threw out a committee recommendation to postpone till fall a proposed merger with Nittany Council. No further action was taken on the merger proposal. It will be discussed at a later meeting.

The reason given was the committee did not follow instructions given in the minutes of the last council meeting to draw up a specific plan for the merger.

Duane Holm, council parliamentarian, produced minutes of the last meeting stating the committee was to draw up a constitution for the combined council, which the Pollock group would consider.

The committee, however, under the chairmanship of council vice president Howard Sauder, decided Monday night to postpone the merger until next fall. The committee also decided to amend the Pollock constitution creating a liaison committee from both Nittany and Pollock councils to study common problems. These recommendations were expected to be passed by Pollock Council, according to Sauder.

Sauder, who was absent from the council vote on the committee recommendations, said he and his committee misunderstood council instructions. He said he thought he had power to make a decision for the council on the merger proposal, subject to council approval.

The situation now, according to council president George Copella, is that Sauder's committee will draw up a merger constitution for the council to vote on at the next meeting.

The proposal to merge Nittany and Pollock Councils into one council was first presented to and approved by the Nittany council. It was then sent to Pollock council.

## Monument Will Honor Gen. Beaver

A monument commemorating General James A. Beaver, former president of the University Board of Trustees and former governor of Pennsylvania will be erected at Beaver Field about mid-May.

Consisting of a 24 by 36 inch bronze tablet, mounted on a large block of sandstone, the monument was purchased by the class of 1909, which Beaver helped to organize when he was president of the board of trustees. It will be placed just inside the main gate.

The table will display a bas-relief portrait of Beaver and a simple inscription telling of his services to the University and the state. It was designed by Harbeson, Hough, Livingston, and Larson, architects, of Philadelphia. Fiske Company is making the bronze tablet.

The stone for the memorial was taken from the Masonic Home grounds, Elizabethtown, between Harrisburg and Lancaster, by the alumni committee of the class of 1909, and trucked to Beaver Field, where it now awaits further work. The monument will be formally dedicated at Alumni Day ceremonies, June 12.

Since Beaver Field was first used in 1922, no recognition of Beaver, for whom it was named, was attempted. Since Beaver had taken a special interest in their class, the alumni committee of the class of 1909 assumed responsibility for the project of planning and erecting the monument. Beaver was a resident of Bellefonte.

## Armed Forces Blood Drive Sets Record

A campus record was set as 205 pints of blood were donated yesterday at the Armed Forces Blood Drive, initiated by the campus unit of the Red Cross. About 187 pints were donated last April during an Air Force drive.

Monday's donation surpassed the daily quota of 150 pints by five and one-half pints. The drive will continue today at the Temporary Union Building from 10 a.m. to 5 p.m. for ROTC units, and until 4 p.m. for other contributors. Today's appointments totaled 137.

Donors must have their parent's signature unless they are 21 or over.

Although 70 of the 362 people who had made appointments during the two days failed to appear, 95 walk-in contributors helped raise the number of donations over the quota. Of 287 people appearing, only 25 were rejected.

Approximately 250 hours were spent by 54 staff workers at the TUB Monday and yesterday, according to Mrs. Benjamin Whisler, chairman of volunteer services for the American Red Cross. The team of six registered nurses from Johnstown were helped by 12 volunteer nurses from the State College area. Townspeople ran a canteen and car service for the donors. Members of Pi Beta Phi worked as hostesses and campaigners yesterday. This will be handled by Delta Delta Delta sorority today.

## Suggestions Picked For '54 Class Gift

Five suggestions for the Senior Class gift and the names of the men and women nominated to receive honors at Class Night were announced yesterday by Carolyn Pelczar, chairman of the gift committee and Richard Gibbs, chairman of class night committee.

The suggestions for the gift are:

1. Furnishings for the chancel of the new meditation chapel on which construction will probably begin next year. The estimated cost of this project is \$10,000.

2. Furnishings for the body of the meditation chapel which will include the pews, carpets, etc. Probable cost will also be \$10,000.

3. A bandstand and a public address system for the main auditorium of the new Student Union Building.

4. Paintings for exhibition in the new Student Union Building, such as paintings of famous University artists or a series of paintings showing the development of the Student Union Building.

5. A donation toward a museum for the University or for the State.

The final suggestions were selected from those turned in at the Student Union Desk in Old Main, and were chosen by the gift committee.

No campus groups may sponsor any suggestion for the gift. The voting will be on an individual basis.

Last year's Senior Class Gift was something for the proposed chapel, such as chimes, organ, or stained glass windows.

### 38 to Be Honored

Names of 38 men and women to be voted on to receive honors at Class Night ceremonies will also appear on the gift suggestion ballot.

The following men will be voted on for spoon man, barrel man, cane man, pipe orator, and class donor and their names will appear on the ballot:

## McCarthy Hits Stevens For Photos

WASHINGTON, April 27 (AP)—Sen. Joseph R. McCarthy (R-Wis.) accused Secretary of the Army Robert T. Stevens face to face today of "not giving us the facts" in their bitter dispute. Stevens heatedly denied it, and the fourth day of televised public hearings ended on that angry note.

It was a day of storm and stress from the outset, when (1) Stevens' lawyer accused the McCarthy forces of "shamefully doctoring" a photograph they put into evidence, and (2) the McCarthy forces retorted Stevens ordered the picture taken to butter up McCarthy and put a damper on his investigation of the Army. McCarthy's chief counsel, Roy M. Cohn, took the stand and got in some testimony on this and a number of other points.

The picture showed Pvt. G. David Schine, the drafted McCarthy side, side by side with Stevens. The Army secretary's counsel, Joseph N. Welch Jr., produced an uncropped version showing two other men were standing with Schine and Stevens when the picture was taken.

Off and on, disputes over these poster-size photographs flared up all day, while TV cameras recorded every maneuver in the fast-shifting probe.

### Miss 'State' Deadline

Noon today is the deadline for entrants in the Miss Penn State contest to hand in 8 by 11 inch pictures at the Student Union desk in Old Main. Mad Hatter registration lists and revised Spring Week Carnival forms are due by 5 p.m. today at the SU desk.

## Tuxedo Is Prize In Formal Contest

A "Mr. Formal" contest, sponsored by a tuxedo manufacturer will be held on campus from Saturday until May 14, Arnold Hoffman, campus chairman for the contest, has announced.

The contest will be held in conjunction with Spring Carnival. Groups may sponsor one candidate, who will be photographed in a tuxedo.

The winner of the Penn State contest will receive a tuxedo dinner jacket and other accessories from the company. His picture will be submitted in a national contest.

## New Ice Skating Rink

ICE SKATING RINK to be built at the University during the summer months is shown here in a preliminary sketch. Located in the tennis court area east of Nittany Dormitory 44, the rink will have a skating surface 100 by 200 feet, and will accommodate 800 skaters. The building shown here will serve as the entrance to the rink and also will house refrigeration

equipment, storage facilities, offices, check room, concession, and a large lounge. Construction is expected to get under way early this spring. The rink will be in use about four months of the year, probably from Nov. 15 to March 15. The plan now under consideration calls for the rink to be built on top of the macadam surface of the tennis courts.

## 8 Council Nominations Start Today

Students may nominate themselves for membership on eight of the nine student councils beginning today. Closing dates of nominations vary with the college, but general elections for all councils except the College of Agriculture Council will be held May 5 and 6.
