

Who's the Strongest?

# He-Man Contestants To Perform Feats

Preliminaries of the He-Man contest, to be held at 6 p.m. May 11 on Beaver Field, will include push-ups, a soccer kick, and a 100-yard dash, according to Barbara Wallace and Gerald Maurey, contest co-chairman.

The contest will be part of Spring Week activities May 10 to 14.

Each contestant will receive one point for each push up and ten points for a successful kick of a soccer ball 15 feet away into a 4x5 soccer goal, Miss Wallace stated.

Fourteen seconds will be the limit on the 100-yard dash, which will be run in 12 heats. Each entrant will be awarded ten points for each second under 14 which he takes to cover the 100 yards.

### 15 to Enter Finals

Fifteen contestants who total the greatest number of points in the preliminaries will enter the finals, where they will participate in a 100-yard obstacle race. After the elimination of five lowest-scoring contestants, the remaining ten will throw the shotput.

The five candidates who have scored the highest number of points in the shotput will then be judged on the theme of their costume, abilities, physique, and manliness. Selection of the He-Man will be based on these qualities, Miss Wallace said.

### One Contestant per Group

Each combined group in Spring Week activities may enter only one contestant in the contest, who will receive 25 points for his sponsoring group. One hundred points will be awarded to each of the five finalists, and the winner will receive 150 points and a He-Man trophy.

Entrance blanks were sent out last night and are available at the Student Union desk in Old Main. The deadline for entries, which must be returned to the SU desk, is 5 p.m. Tuesday.

## Floods, Wet Feet Caused by Rains

The recent downpour here on campus has caused more than wet feet. Walter Trainer, assistant professor of landscape construction, said yesterday that the rain got in area ways of the new Pond Laboratory and flooded parts of the new section of Buckhout. Rain also filled the basement of the Nittany Lion Inn so that it backed up the stairs.

No grounds for complaints however—26 years ago yesterday 17.3 inches of snow covered the campus during a big houseparty weekend.

So far this month only 5.23 inches of rain have fallen and the University weatherman believes that the April showers are over.

## Illegal Permit Case Sent to Tribunal

Dean of Men Frank J. Simes yesterday sent to Tribunal the case of a student who used a friend's name to obtain a campus parking permit.

Capt. Philip A. Mark of the Campus Patrol recommended the case to the Dean of Men's office Friday. Mark said the student used the name of a friend to obtain a permit, and was discovered when the person in whose name the car was registered was summoned to explain excessive violations. The student denied having a car on campus.

## Ed Groups Get Council Seats By Amendment

The presidents or their appointed delegates of approved associations within the Education college now have a seat on the Education Student Council with voting power, according to an amendment passed Tuesday night by the Council.

The presidents or delegates of Phi Lambda Theta, women's education scholastic honorary; Kappa Phi Kappa, men's education scholastic honorary; Association of Childhood Education International; Future Teachers of America; Psychology Club, and any other group in the education college which meets the approval of the council will have seats.

The editor of The Monitor, education newsletter, was recently given a seat on the council with the same powers.

The presidents or delegates cannot hold office on the council unless they were elected to council by the general vote of the college students.

# IT'S ALL A MATTER OF TASTE

They're all the rage with college kids, with gals and men alike. So round, so firm, so fully packed—I speak of Lucky Strike!

Barbara Bennett  
Lawrence College

When you come right down to it, you smoke for one simple reason... enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco... light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better... always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

The cigarette that really tops the campus hit parade is Lucky Strike. Enjoy the taste because it's better made!

When buddies ask me for a smoke, what do they get from me? "Here's finer smoking, pal," I say, "Cause L.S./M.F.T.!"
