

AIM Honors 3 at Banquet

Three outstanding senior independent men were given awards last night at the second annual Association of Independent Men-Leonides banquet at the Eutaw House. The new officers of AIM were also inaugurated.

Joe Somers, outgoing president of AIM, formally inaugurated the new officers of AIM, elected for next year by the AIM Board of Governors Wednesday night.

The officers are Robert Dennis, president; James McDowell, vice president; Forrest Crawford, secretary; and Bruce Lieske, treasurer.

Somers summed up the accomplishments of AIM this past year, saying that AIM proved itself one of the best independent organizations in the East at the recent National Independent Student Association conference at Cornell University.

Outstanding scholarship award went to Robert Euwema, eighth semester physics major, with a 2.7 All-University average; outstanding award in activities was given to William Shifflett, eighth semester hotel administration major; the outstanding athletic presentation was awarded to Harry Bray, eighth semester physical education major. All three will be given trophies recognizing their achievements. Chester Cherwinski, president of town council, made the presentations.

Duane Holm, eighth semester forestry major, gave the invocation; master of ceremonies at the banquet was Robert Solomon, sixth semester industrial engineering major.

Henry A. Finch, associate professor of philosophy, gave the feature address of the evening on the theme, "Responsibility."

Newly elected officers of Leonides, independent women's organization, were introduced at the banquet. They are Joan Packard, president; Ruth Oram, vice president; Sara Jane Heny, secretary; Betty Buchanan, treasurer, and Constance Taylor, corresponding secretary.

Among those attending the banquet were Wilmer E. Kenworthy, director of student affairs, Frank J. Simes, dean of men, O. Edward Pollock, assistant dean of men in charge of fraternity affairs, James W. Dean, assistant to the dean of men in charge of independent affairs, George Donovan, director of associated student activities, and Ross Lehman, advisor to AIM.

Observatories Open

The University Observatories will be open from 8:30 to 10 tonight as part of the open house program sponsored by the College of Chemistry and Physics.

Honor Group Elects 70 Members

Sixty-eight juniors, seniors, and graduates, and two faculty members were recently elected to membership in Phi Kappa Phi, national scholastic honor society.

New pledges will be initiated at 6 p.m. May 13 at the Presbyterian Church, Beaver and Frazier avenues.

Frederick R. Matson, professor of archaeology, will speak on the "Inter-relation of the Arts and Sciences in Archaeology," and colored slides will be shown. Tickets for the banquet following the initiation are on sale for \$2.25 in 105 Temporary.

To be eligible for the honorary, fifth semester students must have a 2.65 All-University average, sixth semester students a 2.6 average, and seniors a 2.55 average.

Juniors are Aurelia Arre, Patricia Beahan, David Black, John Boyd, Carter Brooks, Richard Brown, Betty Buchanan, Electra Catsonis, Alice Conrad, Ann Cunningham, Robert Dennis, Jack Denniston, Shirley Eagley, Richard Feicht, Clark Fiester, Baylee Friedman, Helen Harlin, Marie Heller, Janice Holm, Malcolm Katze, Mary Kelly, George Kulynych, Barbara Lapsley, Mary Louris, Carl McGrew, David Meckler, Jane Metz, Joan Packard, Harrison Price, Ruth Schnell, Bruce Schwalm, Delores Seierst, Robert Shamu, Nancy Shaner, Samuel Smith, George Sobich and Richard Witney.

Seniors are Barry Anthony, Judith Callet, Ned Clark, Herbert Cole, Kenneth Cook, Samuel Curtis, Serine Folk, Mary Glading, Leonard Goodman, June Jarman, Albert Kelson, Irving McNair, Virginia Reese, Mark Shaw, Theodore Struk, Robert Thompson, Perry Yocom, and Helen Luyben.

Graduates are William Betts, Lawrence Cannell, William English, Paul Hurst, Philip Keeney, Lowell Krawitz, Frederick Langenburg, Richard Latterel, Robert Radlow, Margaret Ross, Robert Stoner, and James Whalen.

Faculty members elected are Helen Adolph, professor of German, and John A. Sauer, head of the Department of Physics. John Eastman, second semester electrical engineering major, received the Phi Kappa Phi award for high scholarship.

College Plans Counseling Day

The College of Mineral Industries will hold a Counseling Day from 8 a.m. to 5 p.m. today to explain programs of study and opportunities available to men and women trained in the field, Elbert F. Osborn, dean of the college, has announced.

Invitations have been sent to high schools in Pennsylvania.

Each curriculum in the college will have exhibitions in the Mineral Industries and Mineral Sciences Buildings. Guided tours will be given.

Movies depicting work in mineral industries will be shown in the Mineral Science auditorium.

Dairy Exposition Will Open Today

The dairy cattle judging contest will be held today at the new dairy barns. The judging contest will be the first part of the 29th annual Dairy Exposition, the second part of which will be held next Saturday.

Busses to the judging grounds will leave the Dairy Building at 8:30 a.m. today. Registration and payment of the 50 cent entrance fee will take place at the dairy barns. Students may obtain excursions from classes when registering. The contest is scheduled to start at 9 a.m. today.

The contest is divided into two divisions. The amateur division is open to students who have not taken courses in dairy cattle judging. Contestants will judge ten classes, two classes of each breed.

The winner of the amateur division will have his name inscribed on the trophy now on display at the entrance to Dairy Building. In the advanced division, contestants will judge the same ten classes but will be required to give reasons for five of their ratings.

Winner of the advanced division will have his name inscribed on the Paul Gulden trophy and will receive a cash prize. Cash prizes will also be awarded to the next three high contestants in the division.

The first three contestants in the judgments of each breed will also receive prizes. Their prizes will include subscriptions to breed journals and plaques.

The prizes will be awarded at the Dairy Science Club banquet at the Lutheran Student Association next Saturday.

Judith Smith, second semester elementary education major, queen of the Dairy Exposition, will be the guest of honor at the banquet. Miss Smith will also present ribbons to champions at next Saturday's show.

The judges for tomorrow's show are Clyde Hall, associate professor of dairy husbandry, and Robert Neff, Howard Davis, Robert McKown, and Gene Harding, former members of the Dairy Cattle Club judging team.

The five breeds to be judged tomorrow are Holstein, Guernsey, Brown Swiss, Ayrshire, and Jersey.

First of May -- Splash, Splash

Today may be the first day of May but the April showers aren't completely gone.

According to a report from the Meteorology department yesterday, a cold front was due to hit State College last night.

The forecast for today is cool and cloudy turning to showers. Tonight will be cold. Tomorrow should be clearing and cool.

Two more lost days at Whipples.

Mad Hatter Forms

Mad Hatter parade applications must be turned in by the extended deadline of 5 p.m. Monday to the Student Union desk in Old Main, Richard Crafton, parade co-chairman, has announced. Applications received after the deadline will be rejected, he said.

Begins Monday

Auto Accidents Involve Three Staff Members

Three accidents involving University employees occurred in State College Thursday, one in which a 13-year-old State College girl was slightly injured.

The side of a car operated by Kenneth W. Houpp, associate professor of English composition, was struck by the bicycle of Sally McLanahan, daughter of Mr. and Mrs. Robert McLanahan, Orlando apartments. The girl, who police say was thrown onto the hood and against the windshield of the car, received body bruises and shock.

Just before 1 p.m. cars operated by William C. Stoddard, dean emeritus of the School of the Liberal Arts, and Joseph McCown Jr., 1245 S. Atherton street, collided at S Frazier street and W. Fairmount avenue.

Police said McCown was traveling east on Fairmount and hit the side of the other car which was traveling on Frazier. Officers said the McCown car failed to yield the right of way. Damage was estimated at \$280.

At 1:40 p.m., the side of a car driven by Thomas B. King, associate professor of animal husbandry, was struck by a car operated by Mrs. Audrey Nease, 1120 S. Garner street. The accident occurred in the intersection of E. Hamilton avenue and S. Pugh street, according to police. Damage was estimated at \$200.

SDX Initiates 4 Tomorrow

Sigma Delta Chi, national men's professional journalistic fraternity, will hold formal initiation tomorrow afternoon at Tau Kappa Epsilon.

Tapees are Roger Beidler, Myron Feinsilber, Donald Shoemaker, and Herman Weiskopf.

A business meeting will be held at 4:30 p.m. Initiation will be at 5 p.m., followed by a supper at 6 p.m. to honor the initiates.

From 7 to 9 p.m. Sigma Delta Chi and Theta Sigma Phi, national women's journalism fraternity, will hold a mixer for men and women in journalism.

Cabell Phillips, Washington correspondent for the New York Times, will speak.

Awards will be given to outstanding journalism students.

Chapel Speaker Will Discuss 'Faith and Fact'

Samuel D. Proctor, dean of the School of Religion at Virginia Union University, Richmond, will discuss "Faith and Fact in the Religious Equation" at Chapel service at 10:55 a.m. tomorrow in Schwab Auditorium.

The Chapel Choir, under the direction of Mrs. Willa W. Taylor, will sing as introit "Deck Thyself, My Soul, With Gladness" (Cruger-Bach), and as anthem "If Ye Love Me Keep My Commandments" (Thallis).

George E. Ceiga, University organist, will play as prelude "Cannon Terza" (Frescobaldi), as offertory "Intermezzo" (Noble), and as postlude "Fugue in G. Major" (J. S. Bach).

Proctor studied at Virginia Staë College. He received his A. B. degree from Virginia Union University and B. D. from Crozer Theological Seminary, studied at Yale University Graduate School, and received his Th.D. from Boston University.

Before taking his present position, he was pastor of the Pond street Baptist Church, Providence, R.I. He recently completed a tour to Europe and the Near and Far East for the American Baptist Convention.

Greer Announces Thesis Play Cast

The cast for "They Knew What They Wanted," Sidney Howard's Pulitzer prize-winning play, has been announced by Gordon Greer, graduate student in dramatics.

The show will be presented as a thesis production May 13 to 15 in the Little Theater, basement of Old Main.

In the cast are John Joyce, Albert Sarkas, Frances McCrory, Lee Stern, Charles Berryhill, Rody Otto, and Edwin Klose.

Also in the play will be Duke Miller, Morton Slakoff, Betty Rice, Pat Snyder, James Kennedy, and Mary McCommons.

Inquiring Reporter

Contemporary Chapel Design Preferred by 10 of 12 Students

By ANITA OPRENDEK

Contemporary design for the All-Faith Chapel was preferred by ten out of 12 students questioned this week by the Inquiring Reporter on the style of the planned building.

The opinions were received in answer to the question "What type of architecture would you prefer for the new meditation chapel?"

A second question was "What is your opinion of the Hort Woods site for the chapel?" The general belief of the students was that it seemed to be suitable and the best available.

The quoted opinions of the students are:

Doris Rumberger, second semester general agricultural major: "The old-fashioned Georgian type is my preference. As for the site, I think it's nice to have the chapel among the trees."

Nancy Johnson, second semester chemistry major: "Contemporary. It's simpler and the simple style is more beautiful. I think Hort Woods is a good site for the chapel because it's the proper atmosphere for a chapel."

Mary Pape, second semester chemistry major: "I think it should be modern, definitely. I can't think of any place better for the site."

Richard Sutton, third semester liberal arts major: "I think it should be on a modern trend like the new Student Union building to get the buildings on campus more or less alike. The site is as good as any they have open. It's utilizing the space to good purpose."

Virginia Reese, sixth semester education major: "Contemporary, because I'm anxious to see the results. I don't care where they put it."

Frank Woods, fourth semester music education major: "Contemporary. I think it should be different from the buildings now on campus so people will find it noticeably different. The planned site is about the only available. I think it's all right."

John Eastman, second semester chemistry and physics major: "My first impression when I heard about the discussion was that it should be contemporary. Now I think it should be similar to the buildings around. I don't have any objections to the site and it seems to me to be a nice place."

Patricia Humbert, second semester home economics major: "Modern. I think that since it's going to be a new building and this is a modern campus, it should be built in the style of today. The site is centrally located as far

as being in the center of campus."

Elizabeth Stokes, sixth semester home economics major: "Contemporary would be very nice for a college chapel. I have no objections to the site, except fraternity men that live downtown might not find their way up that far."

Thomas Butler, fourth semester architecture major: "Contemporary. It's cheaper, and so you could have a larger building and better materials for the same amount of money. Then too, once they've started on contemporary style such as the library and the Student Union building, I think they should continue. It's a very good site for a contemporary design. Contemporary design blends in easier to natural surroundings than Georgian."

Andrus to Address Social Science Group

J. Russell Andrus of the Foreign Operations Administration, Washington, D.C. will speak to the Social Science Research Center at 4 p.m. Tuesday in 121 Sparks.

The lecture, which will be open, will be on "University Participation in Technical Assistance Programs of the Foreign Operations Administration."
