

Chest Merges Charity Drives

Campus Chest was organized in 1950 to consolidate numerous charity drives into one drive which is generally conducted during the fall semester.

The drive developed from plans proposed by the National Student Association, of which the University is a member.

The purpose of Campus Chest is three-fold: to eliminate duplicated efforts, to establish a definite policy toward the operation of campus fund drives, and to emphasize the students' and faculty's responsibility toward charities.

\$10,394 Last Year

During last fall's drive Campus Chest collected \$10,394.52. Eleven organizations benefited from the drive.

Each of these organizations received a predetermined percentage of the total contributions. Students were also permitted to designate a specific amount to be given to one or several of the organizations benefiting from the drive.

The groups included in the 1953-54 drive, the percentages designated them, and the amount received by them was as follows:

PSCA, 35 Per Cent

Penn State Christian Association, 35 per cent, \$3081.43; World University Service, 20 per cent, \$1357.60; Penn State Student Scholarship fund, 10 per cent, \$1161.09; Women's Student Government Association Christmas fund, 4 per cent, \$399.29; State College Welfare fund, 1 per cent, \$71.50; Damon Runyon Cancer fund, 2½ per cent, \$680.65; American Cancer Society, 2½ per cent, \$594.76; Salvation Army, 5 per cent, \$481.49; Cerebral Palsy, 5 per cent, \$633.61; American Red Cross, 5 per cent, \$374.02; and American Heart Association, 5 per cent, \$593.44.

Operating expenses for the drive totaled \$965.55. A balance

that the master cards were given to students before they applied for course cards. This way, Williams explained, no student was able to register out of turn.

Williams said that seniors who register today will not suffer from the new alphabetical system because they have to be placed in the courses required for graduation.

"Students have been cooperating in a wonderful fashion at

registration," Williams said. He was happy, he said, that very few students requested to register out of turn. Those that did enter such a request were informed they would either have to register at their appointed time or at the end of registration tomorrow morning. Another alternative was to register late and pay the fee of \$10.

A canopy was erected on the north side of Rec Hall so that

students waiting to register would not have to wait in the rain.

A number of students were turned over to the Dean of Men for further action because they were found putting down seventh semester on their Athletic Association cards in order to acquire senior AA books. Watkins said those students were an exception to the general cooperative attitude of the majority of students.
