

Ag Constitution Will Be Heard

The new constitution of the Agriculture Student Council will be presented at the next meeting of the group, Fred Seipt, vice president, said Tuesday night.

Two amendments have been voted to the new constitution. The first amendment fixes the time of the council elections in the fall after the second council meeting of the semester.

Taylor Murder Investigation Will Continue

Deputy Sheriff Abner Dear, McAlester, Okla., said Monday he would continue his investigation into the murder of University coed Rachel Taylor, 14 years ago.

In a letter to the Centre Daily Times Dear said he would continue with the case in his spare time.

Dear maintains that Jack Ray, a convict now serving a life sentence for another murder in the Oklahoma State Penitentiary, was involved in the crime.

Dear told the Times that officials have "every reason to be skeptical of the whole thing, but, for myself, I still think the boy knows all about what happened."

Ray signed a confession two weeks ago saying he had killed Miss Taylor because she had a letter which linked him with a campus dope ring.

Later, Ray admitted the whole thing was a hoax. He told police he had made the story up after reading about the case in a detective magazine.

West Dorm Council

The West Dorm Council will meet at 7 tonight in 127 Waring, according to Stanley Juras, president. Newly elected representatives of the units should attend.

Outing Club Film

A film, "Appalachian Trail Techniques," will be shown at a meeting of the cabin and trail division of the Penn State Outing Club at 7:30 tonight in 121 Sparks.

The second amendment re-appoints the representation of the agricultural curriculums on the council. Under this amendment the president of each agriculture club will get a seat on council. Clubs of no more than 57 members and less than 25 may elect an extra representative.

Representatives are elected to the council by curricular groups rather than by the whole student body.

The council also elected Roy C. Buck, assistant professor of rural sociology, and Glenn R. Kean, assistant professor of animal husbandry, as faculty advisers.

The council announced the schedule for the leadership training program for club officers and faculty advisers. The meetings will be held at 7 p.m., Oct. 6, 13, 20, and 27, in 105 Agriculture.

The council will present the Clover Club with a miniature softball trophy at its next meeting Oct. 12. The Clover Club beat the Pre-Veterinary Club in the playoffs last spring.

The council announced plans for sending agriculture textbooks to Silliman University in the Philippines. Students and faculty members will be asked to donate textbooks they are not using.

One of the main problems for this project is the shipping cost of the books. A report on the project will be presented at the next meeting.

Meteorology Meeting

The University's student branch of the American Meteorological Society will hold its first meeting at 7:30 tonight in 121 Mineral Industries. Members and those interested in meteorology may attend.

The first synthetic dye—mauve—was discovered in 1856.

Debate Meeting
Upperclasswomen interested in the debate team will meet at 7 tonight in 2 Sparks to discuss debate procedures.

University Livestock Acclaimed

The University recently achieved a notable record for the quality of its livestock. Four cows have completed milking tests and four Holstein-Friesian bulls have been exported to Puerto Rico.

Two of the University's cows, Jerseys, received recognition for outstanding production records in the Herd Improvement Registry Test. Penstate Sparkling Dona, eight years and three months, produced 11,724 pounds of milk with 657 pounds butterfat.

Penstate Dreaming Blonde Pet, two years and two months, produced 8696 pounds of milk with 528 pounds butterfat.

Penstate Lindy's Janice II, a four-year old registered Ayrshire, completed a production record of 10,589 pounds of 4.6 per cent milk and 482 pounds of butterfat in 305 days on a twice-a-day milking schedule. This was recorded by the Ayrshire Herd Test plan.

Penstate Noble's Beauty, a registered Guernsey cow, produced 10,302 pounds of milk with 5.7 per cent butterfat. This represents 4883 quarts of high-quality milk, according to the official Herd Improvement Registry record by the American Guernsey Cattle Club.

The Holstein-Friesian bulls sold by the University were Penstate Dell Lad, sold to A. Miro Sojo, San Juan; Penstate Lucifer Segis Star, sold to Arturo Rivera, San Juan; Penstate Lura Dell, sold to Herman Cestero, Bayamon; and Penstate Renown Star Lad, sold to Genaro Cautino, Guayama.

During 1953, shipments of registered Holsteins were made to 23 nations. There has been a marked increase in export activity, particularly to the South American countries.

2 Local Soldiers Killed in Typhoon

Two local soldiers, Pvt. John W. Zerby and Pvt. Harry E. Boob, were killed when their ship was struck by a typhoon near northern Japan last Sunday.

Zerby, 21, was the son of Mr. and Mrs. Robert H. Zerby of Spring Mills. Boob, 22, was the son of Mr. and Mrs. Clair E. Boob of Aaronsburg.

Friends and relatives said they were unaware of the similarity of the men's assignments. Their homes in Penns Valley are only seven miles apart. In recent letters each said he expected to receive leave in the near future.

Cabinet--

(Continued from page one) would have final authority in selections.

Alexander Ayers, activities editor of LaVie, will ask Cabinet for recommendations for LaVie personalities. Joyce Shusman, chairman of the encampment committee, on academic honesty will present her committee recommendations.

Third Party--

(Continued from page one) and candidates to office. All-University Cabinet passed a resolution requiring the popular election of clique officers last Thursday.

Lutter said, however, that this resolution was opposed at the student encampment by both Gordon Pogal, Lion Party clique chairman, and Benjamin Sinclair, former Lion Party clique chairman.

Lutter said he introduced the resolution at encampment. However, Robert Dennis, president of the Association of Independent Men, said last night that Lutter did not introduce the resolution but did support it.

John Lyon, former acting clique chairman of the State Party, last week attempted to form a new political party. The movement failed, according to Lyon, because he received only freshman support.

Encampment Pictures

Noon Saturday is the deadline for ordering pictures of the student encampment at Mont Alto at the Student Union desk in Old Main.

CLASSIFIEDS

Several years ago, I found out Camels have the most delightful flavor and mildness of any cigarette. Try Camels and you'll be as enthusiastic as I!

Teresa Wright
LOVELY HOLLYWOOD STAR

...and how it started.

TERESA WRIGHT says: "Up to 16, my knowledge of acting had been gleaned from seeing movies. When I saw my first professional play, that was it: I only wanted to act. I got into high school plays, wrestled props at Provincetown, understudied, sat for months in producers' reception rooms. One rainy night, sick with a cold, I read for a good role, and got it!"

Start smoking Camels yourself!
Make the 30-day Camel Mildness Test. Smoke only Camels for 30 days - see for yourself why Camels' cool mildness and rich flavor agree with more people than any other cigarette!

SUCCESS STORY:
Camels—America's most popular cigarette... by far!

for Mildness
for Flavor
