

Employment Aid to Area Described

The University's increase of employees and added construction work since the war has contributed much to the economic progress of the State College area, a spot check conducted by the Centre Daily Times has revealed.

The University's employees number 3500. This figure may vary slightly from month to month but has remained fairly consistent in the past three years.

Previous to World War II, University employees were drawing an annual income of \$3,900,000. This figure had jumped to \$16,000,000 for the fiscal year of 1953-54. More than \$30,000,000 has been spent for the erection of new buildings on the campus.

Construction work which will get underway in the near future are additions to the University Hospital, a classroom and office building.

In recent construction work an estimated \$3,967,000 has been spent on an addition to the Nittany Lion Inn and the erection of the new Hetzel Union Building.

The Department of Defense has also stepped into the construction picture on campus with its announced intention of adding a second floor to the Ordnance Research Laboratory which will cost approximately \$915,000.

A tentative program of construction has also been outlined.

Cabinet—

(Continued from page one)

night's meeting and next week. Cabinet will hear the constitutions of the Lion Party, to be presented by Gordon Pogal, and of the State Party, to be given by Rae DelleDonne. Pogal and DelleDonne are clique chairmen of the parties.

All-University Cabinet meetings are open to the public. Meetings are held at 8 p.m. each Thursday in the board room at the rear of the Old Main lounge. Ellsworth Smith, chairman of Campus Chest, will present a report to cabinet on the Campus Chest.

The organization of the Campus Chest will be essentially the same as last year. The goal for the drive, which will be held Dec. 1, 2, and 3, is \$7250. The committee will try to obtain a donation of \$1 per person.

The program for Junior Week will be reported by Earl Seely, chairman of Junior Week and the Junior Prom committee.

The following Junior Week events have been scheduled: talent show; pep rally; coronation of Miss Junior Class; chapel service; and the Junior Prom at which the Dorsey brothers will play.

Robert Dennis, president of the Association of Independent Men, will ask for a postponement of the National Student Association investigation report.

Reds—

(Continued from page two)

which will involve the people making sacrifices, he said. This hesitancy has caused an increasing number of U.S. allies to become neutral, leaving the United States as the major power opposing communism, Oliver said.

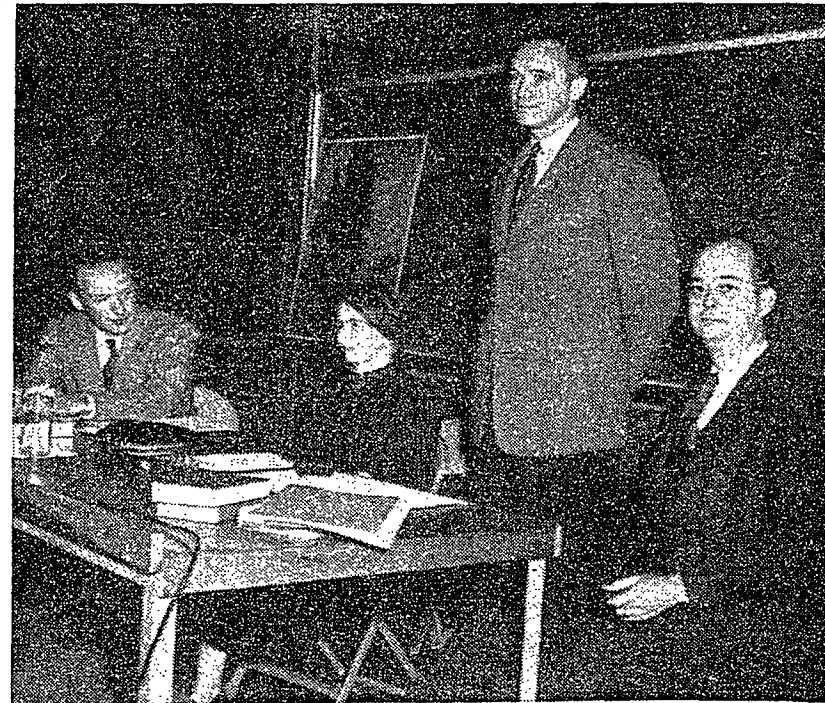

Another major issue of the convention, Oliver said, was the question of Indochina. The conference decided to draw the line at the 16th parallel with the French agreeing to withdraw, leaving it to communist control, he said.

Oliver said the democratic delegations took a major step backwards in the subject of repatriation of prisoners. After a moral victory of a year's truce talks at Panmunjom the subject of the return of prisoners of war in Indochina was never mentioned, he said.

MI Coffee Hour Today

The Mineral Industries Student Council will sponsor a student-faculty coffee hour from 4 to 5 p.m. today in the Mineral Industries Art Gallery in the Mineral Industries Building. Attendance is by invitation only.

LA Lecture

PAUL NORTON, associate professor of fine arts, Helen Adolf, professor of German, and Ralph Condee, associate professor of English literature, prepare to discuss the topic "Must Creative Artists be Crackpots?" The three served as panelists in the first of the Liberal Arts lecture series. Standing is Frederick Gwynn, professor of English literature, who served as panel moderator.

Story on page five

FMA to Meet Tonight

The Fraternity Marketing Association will meet at 7:30 tonight at Zeta Beta Tau, according to Harold W. Perkins, assistant dean of men.

A progress report will be given, Perkins said. Non-member fraternities interested in FMA are invited to attend the meeting.

A discussion of FMA will be held and questions pertaining to the association will be answered, Perkins said.

AMS to Meet Tonight

The American Meteorological Society will meet at 7:30 tonight in 121 Mineral Industries. Charles L. Hosler, Jr., assistant professor of meteorology, will speak on rainmaking.

Grievance—

nizing the union," according to Dixon.

Administration officials had no comment to make on the matter yesterday. Eric A. Walker, dean of the College of Engineering and Architecture, who is representing the University was not available for comment.

Panel members include Walker; Sidney A. Handler, Harrisburg attorney, chosen to represent the employees; and Saul Wallen, president of the National Academy of Arbitrators. Wallen was chosen as a neutral member of the panel by the other members.
