

Reds Willing To Continue Atom Peace Plan Talks

UNITED NATIONS, N.Y., Nov. 8 (AP)—Russia's Andrei Y. Vishinsky says Moscow is willing to continue talks with the United States on President Eisenhower's atoms for peace plan.

Speaking today in the UN Assembly's Political Committee, Vishinsky charged an attempt is being made to pillory the Soviet Union by representing the Russians as against the Eisenhower plan.

He spoke out specifically against a claim by U.S. Delegate Henry Cabot Lodge Jr. Friday that Russia's replies were "essentially negative." He also lashed at western delegates and others who said Russia had taken the position it would cooperate only if the United States agreed in advance to ban atomic bombs.

Vishinsky's Third Denial

This was the third time since September that Vishinsky has taken pains to deny, and with some heat, that Russia has rejected the Eisenhower proposals.

Last week the White House announced a note to Russia asking resumption of negotiations. President Eisenhower and Lodge have said the United States will go ahead with plans for the peaceful pool regardless of Russia's decision.

Russia Wants Ban

Vishinsky observed that the United States had asked for ideas. He said the Russians replied with their long-standing view that atomic weapons should be prohibited; pending that there was little hope of progress with peaceful uses of atomic energy.

"Where do you find any inkling that we refuse to engage in negotiations in regard to the proposal of the United States?" he asked. "The Soviet government never made the adoption of our proposal a condition for the continuance of negotiations with the United States."

Senate Opens Censure Talks On McCarthy

WASHINGTON, Nov. 8 (AP)—The "Joe McCarthy session" of the Senate opened in an angry uproar before packed galleries today.

In top oratorical form, Sen. Joseph R. McCarthy (R-Wis.) hurled such terms as "imbecilic" and "fantastic" at a proposal to rebuke his conduct. And he blasted as "completely improper" a last-minute change in the report of the special committee which recommended censure for him.

Chairman Watkins (R-Utah) of the special committee refused at first, white with anger, to show McCarthy the alteration. In the end he produced it, however, and another committee member, Sen. Case (R-S.D.), slapped the revised report down in front of McCarthy with a force that scattered papers.

The altered passage turned out to be technical in nature and McCarthy told reporters he couldn't see that it made any major difference.

Senate Control Still in Doubt

SOMERSET, Pa., Nov. 8 (AP)—The control of the State Senate next year today hinged on the race in the 36th District and whether a Republican senator from Beaver County carries out his threat to bolt the GOP.

Unofficial returns from the 36th District—Somerset, Bedford and Fulton counties—shows a neck-and-neck race between Republican J. Irving Whalley of Windber and Democrat Joseph H. Cascio of Somerset.

Official returns from Bedford tabulated, but Somerset county election officials were still busy today trying to compile that county's returns.

Meanwhile, in Beaver County, Republican Sen. John J. Miller has threatened to vote with the Democrats in organization of the Senate.

Harlan Chosen Justice

WASHINGTON, Nov. 8 (AP)—President Eisenhower today chose John Marshall Harlan of New York City, a Republican now serving as a U.S. circuit court judge, to fill the Supreme Court vacancy caused by the death of Democrat Robert H. Jackson.

On the court, Harlan would join two other Republicans—Chief Justice Earl Warren and Associate Justice Harold Burton—and six Democrats.

Nehru Steps Down As Party Chairman

NEW DELHI, India, Nov. 8 (AP)—The working committee of India's governing Congress Party bowed today to Prime Minister Nehru's wish to step down from the party chairmanship. But it told him his suggested resignation as Prime Minister was inconceivable.

Nehru, who will be 65 next Sunday, is the only Prime Minister India has had since she won independence from Britain in 1947. He said several times in recent weeks he thought he was growing stale and should step down so younger leaders could have a chance. But he has made it clear that any formal resignation would not mean an end to his political activities.

Democrats to Delegate New National Chairman

WASHINGTON, Nov. 8 (AP)—Wide-ranging speculation on the choice of a new Democratic national committee chairman, probably to be selected Dec. 4 in New Orleans, seemed today to be narrowing to three names.

They are Michael V. DiSalle of Toledo, Paul Butler of Indiana, and as a possible dark horse, Sen. Earle C. Clements of Kentucky.

But at least four other names were heard in party gossip. It appeared the field would be wide open when the committee assembles for the New Orleans "victory dinner" at which Chairman Stephen A. Mitchell will hand in his resignation.

DiSalle, the chubby former mayor of Toledo and price stabilizer for former President Harry S. Truman, was reported to have strong support in both Western and Northern states.

Butler, South Bend lawyer and national committeeman, was said to have the favor of Mitchell although the retiring chairman has avoided any endorsements.

All Democrats conceded that Clements, assistant Democratic Senate leader and senatorial campaign manager, could roll up im-

pressive strength, especially in the South, if he wanted the job. But the guessing among his friends was that he would prefer to stick to his already influential vote in party affairs.

Other names included Leslie Biffle, former secretary of the Senate and close friend of Truman, James A. Finnegan, president of the Philadelphia City Council, Oscar Chapman, former secretary of the Interior, and Robert Butler of St. Paul, a big campaign contributor and former ambassador to Australia and Cuba.
