

Swanson Awarded Sparks Medal

Dorothy Swanson, seventh semester education major, has been presented the President Sparks Medal for the greatest scholastic improvement over the preceding semester by Adrian O. Morse, University provost.

The award is presented every semester to the student who shows the greatest improvement in attaining a 3.0 All-University average.

Miss Swanson completed the fall semester last year with a 1.70 average, her lowest semester average. In the spring semester she attained a perfect 3.0 average.

The medal was established in honor of Edwin Erle Sparks, president of the University from 1908 to 1928.

The award is a small gold medal engraved with a likeness of Sparks. The name of the winner and the date of presentation is engraved on the back.

Last semester's winner was Nani Ku, seventh semester psychology major.

AIM—

(Continued from page one)

to its set-up, both enabling their members to retain "independent" status and increasing the strength and prestige of AIM.

Two plans suggested for having these groups as part of AIM were:

1. Considering the men as regular town residents to be represented on the Board of Governors through Town Council.
2. Setting up an additional council to be composed of the presidents of each of these living groups with the new council's officers sitting on the board.

Latter Plan Favored

The latter plan seemed to meet with most favor. It was felt these living units would require special types of legislation which would not pertain to other men living in town.

One point of objection raised in regard to AIM's absorbing these living units was that it was feared AIM could become "a dumping ground" for "undesirable" fraternities—those either expelled or not accepted by IFC.

Dennis said that according to the subcommittee this would not be the case. He said the committee indicated that any group which failed to abide by AIM's standards would have its charter removed.

Pitt Weekend—

(Continued from page one)

ing with painted slogans.

Tickets for the game have been sold out. A second allotment of tickets arrived from Pittsburgh earlier in the week and was sold out on Wednesday.

The Daily Collegian will publish a four-page sports issue tomorrow. The issue will be distributed at Pitt Stadium as well as regular distribution points.

University alumni in Allegheny County will sponsor the second annual Pitt-Penn State Gridiron Ball from 9 to 1 a.m. Saturday in the Hotel William Penn Ballroom.

Music will be provided by Benny Benack's Orchestra.

Tickets for the informal dance are \$3.80 per couple. Students may buy tickets at the door.

Table reservations are free. Harry Nelson, Express 1-3300, is in charge of the reservations committee.

ROTC

tary budget set up by congress, Bolduc said. Prior to the official notice from Washington Army officers were not sure there would be places for the graduating seniors in advanced ROTC. But due to sufficient vacancies that occur from time to time all the seniors will be granted commissions.

Burris—

(Continued from page one)

done everything possible to save his friend. One-half hour elapsed from the time the accident occurred until Brown got Burris to the hospital.

Burris entered the University this fall after spending three semesters at the Altoona Center. He commuted daily from his home.

Burris was born April 3, 1931, at Butler. Before entering the University he served two years in the United States Army. He was a junior deacon of the First Church of Christ, Altoona. He was also active in athletics. He played for two years on the Altoona center basketball team and played baseball for the Juniata American Legion team. Surviving are his parents, three brothers, and seven sisters:

Capt. William L. with the Army in England; Donald, Bronx, N.Y.; Wendell with the Navy at Hazleton; Mrs. Darlene Lansberry, Somerville, N.J.; Mrs. Shirley Maxwell, Reading; Mrs. Carol Cunningham, Cleveland; Mrs. Jerry Lind, Juniata; Kathleen, Somerville, N.J.; Nancy and Janice, both at home.

Friends may call after 7 p.m. today and until 11 a.m. tomorrow at the James F. Saleme Funeral Home, Altoona, and from 11 a.m. until funeral time at 2 p.m. tomorrow at the First Church of Christ, Altoona. Burial will be in Lakeview Cemetery, Altoona.

Prexy's Landing Stopped by Fog

President Milton S. Eisenhower was forced to return to Washington after trying to land at the State College Airport Wednesday. Low ceiling and ground fog prevented the landing.

President Eisenhower tried to land here again yesterday but ground fog made it necessary for his plane to go to Williamsport to land. He returned to State College yesterday evening by automobile.

He was in Washington at the annual meeting of the Association of Land Grant Colleges and Universities. The meeting began Tuesday and ended yesterday.

Fulmer Will Address Greeters Club Monday

Eugene Fulmer, secretary of the State College area Chamber of Commerce, will address the members of the Hotel Greeters Club at 7:30 p.m. Monday in the Home Economics Cafeteria.

His topic will be the relationship of the Chamber of Commerce to the hotel administration field. Following a short business meeting refreshments will be served.

Showers to Give Way To Cool, But Dry, Weather

Scattered showers are expected to continue this morning, but will end this afternoon, the University weather station reported.

2 Debate Teams Enter Contests

Eight members of the men's varsity debate team will participate in two intercollegiate tournaments at the University of Vermont and Muhlenberg College this weekend.

The teams will debate the national debate topic "Resolved: That the United States Should Recognize Communist China."

Last year Penn State won the Muhlenberg tournament with seven victories and a tie and won six out of ten contests at the Vermont tournament.

Scholarship Applications Deadline Is December 1

Applications for scholarships must be filed by Dec. 1, Dr. Mildred Lucey, chairman of the Senate Committee on Scholarships and Awards, has announced. Students may obtain forms for the applications in 110 Old Main.

Dr. Lucey suggested that students discuss the financial statement with their parents and obtain their parents' signatures on the form during the Thanksgiving recess.

Honor Society Initiates 9

Sigma Gamma Epsilon, national earth sciences honorary fraternity, recently initiated Gilbert Hoyt, Bruce Lieske, Robert Helfer, Joseph Durek, Thomas Falkie, George Trevorrow, James Hartsock, Lloyd Kenagy, and Frank Malagari.

GSA Bids

MISCELLANEOUS

SALLY'S DELIVERS Sunday thru Thursday evenings—Pizza Pie, giant sandwiches and all Sally's delicious products. Call AD 7-2373.

WHO ARE INDUSTRY'S TOP YOUNG SCIENTISTS?

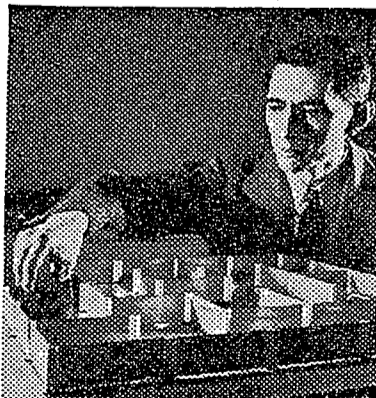

Ten men between the ages of 26 and 40 were featured in a recent national magazine article which presented a portrait of the young scientist in America today. These particular men are a sample of the most brilliant young scientific minds in industry.

It's interesting to note that three of the ten are with Bell Telephone Laboratories, three with General Electric and one each with four other companies.

The variety of opportunity in research and other phases of telephone work has always attracted an unusually high percentage of the nation's best young men.

Consult your Placement Officer about opportunities with Bell Laboratories . . . also with the Bell Telephone Companies, Western Electric and Sandia Corporation. Your Placement Officer will be glad to give you details.

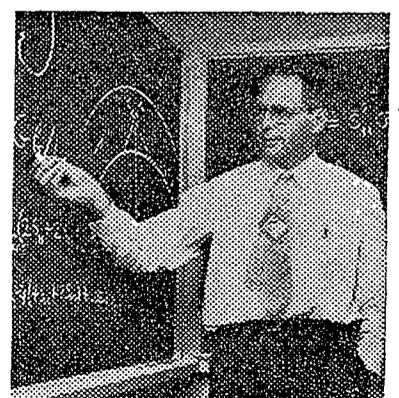

THREE OF THE TEN ARE AT BELL TELEPHONE LABORATORIES—

Mathematician Claude Shannon won fame for his Communication Theory

Physical Chemist William Baker introduced new concepts that have improved synthetic rubber and fibers

Physicist Herring is known for his understanding of the quantum mechanics of the solid state

BELL TELEPHONE SYSTEM
