

# Exam Conflict List Released

The conflict final examination schedule has been released by the University. Students taking conflict examinations will be notified by their instructors.

Only students whose names appear on the instructor's list will be permitted to take these examinations.

## Centre County Open to Citizens Of Soviet Union

Related Story on Page Three  
Citizens of the Soviet Union may still legally wander about the campus.

In a State Department order issued yesterday, 25 per cent of the land area of the United States was closed to travel by Russians visiting this country.

But Centre County is still open to anyone. Research being conducted at the University did not serve as a factor which would bar travel in this area.

According to the Associated Press, areas in 39 counties in Pennsylvania were closed to travel by Russians in the order. They are:

Adams, Allegheny, Armstrong, Beaver, Bedford, Berks, Bucks, Butler, Carbon, Chester, Columbia, Cumberland, Dauphin, Delaware, Erie, Fayette, Franklin, Fulton, Greene, Huntingdon, Juniata, Lancaster, Lawrence, Lebanon, Lehigh, Luzerne, Mifflin, Montgomery, Montour, Northampton, Northumberland, Perry, Philadelphia, Schuylkill, Somerset, Union, Washington, Westmoreland, York.

## 12 Students Get Industrial Award

Twelve industrial engineering students have received the Ralph H. Landes award of the Industrial Management Society. The award is presented annually as a means of stimulating improvement on industrial engineering methods.

Recipients are William Johnston, Edward Birkinshaw, Kenneth Reisch, Robert Kumpf, Arnold Leidek, Albert Benning, Armer Craig, Kasty Saucunas, Luther Sunderland, Donald Civitella, Joseph Riley, and Francis Mears.

## Mrs. Taylor Reported In Satisfactory Condition

Mrs. Willa C. Taylor, chapel choir director, was reported in satisfactory condition after an emergency appendectomy in the Philipsburg Hospital Saturday.

The Chapel choir will rehearse at 7 p.m. Thursday in 117 Carnegie and sing at the regular Chapel service on Sunday morning, Hummel Fishburn, head of the department of music, said yesterday.

## Temperature May Rise As High as 50 Today

Showers which began last night will continue throughout the day and may possibly last until tonight or longer, the University weather station reported.

Temperatures will continue mild with a high in the low 50's or high 40's expected for today. The low last night was between 38 and 40.

## Tribunal Meeting Cancelled

Tribunal will not meet tonight.

**ADVENTURE**

TRAVEL to every corner of the globe... Europe (60 days, \$650 including steamer), Latin America, the Orient, Around the World.

LOW-COST TRIPS by bicycle, tailboat, motor, rail for the adventurous in spirit.

STUDY TOURS with college credit in Languages, Art, Music, Social Studies, Dance, other subjects. Scholarships available.

## Reds May Ask Return Of Dr. Tu

A University scientist is believed to be one of the 35 Chinese students the Communist Chinese government wants to have returned to Red China in exchange for the 11 American airmen being held there as spies.

Dr. Lien-yueh Tu, a research associate in engineering, said in an interview printed in the Centre Daily Times that he has a "wife and four children" in China whom he is "anxious to see."

### 7 Years Ago

Dr. Tu, who came to the University seven years ago, was graduated in 1952 and has been doing research since that time. He has not been home and said that the "U.S. government has told me I can't leave this country."

The government has refused to renew his student visa but was once ordered deported for overstaying his visa. He said he was jailed for four days in 1952 while deportation proceedings were pending.

### \$2000 Bond

At that time, he said, friends of his in State College posted a \$2000 bond for him. The bond would be forfeited if he should attempt to leave the country without official permission, he said.

"Then, too, there is an order against me that if I leave or attempt to leave without permission, I will be fined \$5000 or imprisoned for five years, or both," he said.

### Return Home

It is believed that the government is reluctant to allow Chinese students to return home because technical knowledge gained here might be useful to the Peiping regime.

Dr. Tu said that a request to return to China, made in July, 1953, had been denied.

He said he again applied for permission in September, 1954, but that he has not yet received an answer.

## Junior Executive Board Applications Due

Members of the junior class may submit applications for the Junior Class Executive Board until noon Saturday at the Student Union desk in Old Main, Donald Bell, chairman of the Cabinet Personnel Interviewing Committee, has announced.

Interviews for board positions will be conducted Jan. 12 by the CPC. John Thalmer, junior class president, is chairman of the Junior Class Executive Board.

## Eng Library Is Open Evenings

The Engineering Library will be open evenings today through finals.

## University Receives \$53,075 in Grants

Grants totaling \$53,075 have been given to the University. They include two research grants given to the College of Engineering and Architecture by the National Science Foundation.

The two grants, one for \$10,000 and one for \$6300, will be used in the study of ionosphere observations by long wave radio methods and the disintegration and dispersion of a liquid into droplets.

The College of Agriculture has received four grants totaling \$12,775. They include: \$8675 from the Pennsylvania Artificial Breeding Co-operatives in support of the artificial breeding research program of the Dairy Cattle Breeding Research Center; \$900 from the Soft Phosphate Research Institute for the study of soft phosphate with colloidal clay as a source of phosphorous in swine feeds; \$200 from the West Foods Inc. to the Botany Research Assistance Fund; \$3000 from the Publicker Industries Inc. for research on the use of various silages as sources of roughage in rations for beef cattle.

Three grants totaling \$21,500 have been given in support of research in the College of Chemistry and Physics. They include: \$12,580 from the Dow Corning Corporation, \$8000 from E. I. duPont de Nemours and Co., and \$3000 from the Research Corporation.

A grant of \$2500 has been given by the Leon Falk Family Trust—a philanthropic organization in Pittsburgh—for the establishment of a herd of Polled Hereford beef cattle at the University.

## Eight Fined \$35 By Traffic Court

Traffic Court last night fined eight student traffic violators a total of \$35. Twelve students were scheduled to appear before court.

One student charged for a sixth violation by the court was fined \$25 and had his campus driving privileges removed. Court also fined seven first violators.

Any student planning on bringing his car to the campus next semester for the first time must register it with the Campus Patrol office, Frederick Cutler, vice chairman, said.

## Proxy to Give Speech

President Milton S. Eisenhower will address the 12th Co-operative Potato Business dinner at 6 p.m., Jan. 13, at the Zembó Mosque in Harrisburg.

## Finals Again Pose Problem For Students

With less than two weeks of classes left this semester, students are again faced with the old academic problem—finals.

For the first semester freshmen, the problem is even bigger. Many of them have come to campus from high schools where finals were compulsory only in classes where they had a C average or below.

Many people in the academic world work on the assumption that, if students have good marks in a class, they should be able to pass a final. However, a great deal of subject matter is covered during a semester and students have more than one course to consider.

The library has already been cleared of cobwebs as students ascend the Mall with books and assignments tucked under their arms. The social calendar for the next few weeks is almost nil.

In the dormitories, people are beginning to complain about the noise. The old battle is on: "if you're not quiet while I'm studying, I won't be quiet while you study."

The bookstores are beginning to receive requests for condensed versions of text books, and fraternity and sorority files are rapidly being skimmed for copies of old finals.

Many a New Year's resolution list included the old favorite, "I'm going to study next semester and should have this semester."

All this adds up to one consolation, at least the majority of students will get a new set of classes and text books to worry about next semester and unused text books bring a better price than old, beatup ones.

## Angel Flight Installation

Angel Flight members will be formally installed as an organization at 7:30 p.m. tomorrow at the Autoport.

Members will be met at 7 p.m. in their dormitory lounges by Air Force cadets who will drive them to the Autoport.

**WELCOME 1955!**

Greetings to the glad New Year and greetings to all our friends and neighbors! To everyone, we wish full measure of peace and joy and prosperity! May 1955 bring the happy fulfillment of all your wishes. Start off this New Year on the right foot by sending or bring all your clothes to Balfurd's, your clothes best friend in State College.

**B. Balfurd**
