

New Hours Announced For Skating

Two changes in the ice skating rink hours have been announced by Ernest B. McCoy, dean of the College of Physical Education and Athletics.

The rink will be opened to youngsters as well as students Monday through Thursday from 1 to 5 p.m. Admission will be 25 cents per skater.

McCoy said a thorough study of attendance figures for the first few weeks of operation indicate that the rink is best able to handle youngsters during the afternoon hours on those days. The rink will also continue to be open to school children on Saturday morning.

Also, beginning next week, the rink will be reserved for the exclusive use of faculty and staff from 7 to 10 p.m. on Monday nights.

McCoy said if faculty and staff patronage warrants it the night will continue to be reserved throughout the skating year.

The usual price of 50 cents for adults will also be reduced to 25 cents during the special skating period.

McCoy explained that either or both plans may be dropped in the future if they prove unpopular, or if student demand increases to such a point that special skating periods are no longer feasible.

91 Camp Sites Offer Jobs To Students

Ninety-one camps representing 14 states are offering summer job opportunities through the Student Employment Service, and two will interview applicants in February, according to John J. Huber, head of the service.

Huber said he expects more camps to contact the service during February and March, with a minimum of 200 contacts expected by the end of the school year.

First to interview applicants this season will be the Philadelphia Youth Camps, which will interview on campus Feb. 17. Trail's End Camp will interview Feb. 19.

Other camps which will interview on campus will be posted in the employment office as notices are received, Huber said. He urged interested students to check the office for this information.

Huber said many individuals fail to secure the positions they want because they do not know the proper way to apply for the position. He offered several hints on how to apply for summer jobs.

The student should not make commitments he cannot keep, Huber said, and once he accepts a position he should inform the other employers he has contacted.

The student should not delay in writing a letter of application, since many of the better positions may be filled early, Huber said. Cautioning applicants to write to more than one place, since a particular employer may already have hired a full staff.

MISS MARLENE ABRAMS

Okay, Joe?

A 3rd semester journalism major, Marlene comes from Milton, Pa. Crowned by auburn red hair, Marlene's interests lie in music, dramatics and modern dancing. A lovely package indeed.

About this time . . . of the year, between semesters, is your best bet for a sitting. Especially true if you're a so called "problem." Problem or not, we'll spend the better part of an hour with you.

Can't help but reiterating that portraits in evening gowns are especially effective as gifts. Give this to the boy for Valentine's Day and you're liable to end up with a pin or just a ring.

Broke? . . . Don't worry about it. Have them taken now, place your order, receive your prints and pay for them in March. OK? On the house . . .

If we ever interest enough of you girls in having evening gown portraits, 5 or 6 will be selected for ultra large display prints on the Western Union window. After the display the girls will receive these prints gratis.

Frame clearance . . . Not junk, not old fashioned, but a real honest to goodness clearance of all our extra frames at one third off. For the rest of this week only.

Sincerely,
b c
