PRESIDENT MILTON S. EISENHOWER (left) and Judge James Milholland, president of the University Board of Trustees turn the first shovelfuls of dirt for the Helen Eakin Eisenhower Chapel, at ceremonies yesterday morning. The first unit of the chapel to be constructed is the small meditation chapel, which will seat 120 persons.

Council Fails to Approve Proposed Constitution

West Dorm Council failed to approve the proposed constitution of the Association of Independent Men at the first reading Monday night.

Four changes, which will be brought up at the AIM Board of Governors meeting tonight, were suggested by the council.

The suggested changes are as follows:

1. That the word "councils" be struck from bylaw 15, which reads: "Voting members of the Board of Governors may, through written permission, provide alternate delegates to any Board of Governor's meeting. Such alternates shall be members of their respective area councils."

Nomination Matters
 2. That article 4, section 7a be omitted from the constitution. It reads: "All matters pertaining to nominations and elections, except those listed below, for representatives and officers of the various councils and the Association of Independent Men shall be the specific concern of the Elections Committee of the Association of Independent Men."

3. That the words "and the Social Committee be omitted from article 4, section 4b. The section reads: "The Vice President (of AIM) shall serve as ex-officio Chairman of the Constitutional Committee and the Social Committee."

Words Deleted
 4. That the words "or two or more council areas thereof" (article 3, section 3a) be struck from the document. It reads: "The Association of Independent Men Board of Governors shall have the power to enact any legislation, resolutions or recommendations or appropriations that concern the entire Association of Independent Men or two or more council areas thereof."

'Centennial' Shown at HUB Party

"Centennial," a film produced by the University, had its premiere last night at the University Birthday Party in the Hetzel Union Building.

Within the next 48 hours, it is estimated that more than 6.5 million persons will see the film over eight Pennsylvania television stations.

The film also will be shown throughout the Commonwealth in schools and before organizations. Already more than 200 bookings for the film have been made through the Audio-Visual Aids library.

Produced by the Motion Picture and Recording Studio at the University, the 16mm film is in color, has a sound track, and runs 23 minutes.

Research and writing for the film started more than a year ago and actual shooting began last July. Although landmarks from various parts of the State appear in the film, more than 90 per cent of it was produced in the vicinity of the University. Students and faculty members were the actors.

The picture dramatizes the development of the land-grant tradition and the growth of the University during the past century.

New Assistant Dean

Jeanne Lindaman Replaces Mrs. Jean Dubois

Lindaman To Advise Sororities

Jeanne Lindaman has taken over the position of assistant to the dean of women in charge of Panhellenic Council and activities. Miss Lindaman replaces Mrs. Jean Dubois who has become a full time graduate student at the University.

Miss Lindaman began her activities on Monday and is at present getting acclimated and acquainted.

Miss Lindaman graduated from the University in 1942.

Miss Lindaman spent over two years as a Spar and now holds a reserve commission as a full lieutenant.

Miss Lindaman is president of the Blair Federation of Women's Clubs and immediate past president of the Junior Women's Club of Altoona.

From 1952 to 1954 she was junior vice chairman of the Department of Communications of the Pennsylvania Federation of Women's Clubs.

Miss Lindaman has been publicity chairman of the Altoona Community Theater, a member of the board of the Blair American Association of University Women and a member of the Blair division of the Women's Rotary.

Energy Output Discussion Set

Dr. Lucien A. Brouha, head of the Haskell physiology division at E. I. du Pont, will speak at 7 p.m. tomorrow in the Mineral Industries Auditorium.

Brouha will talk about experiments with an instrument called a Lauru Platform which has shown that a stenographer filing papers in a 4-drawer cabinet has an energy output nearly twice that of a housewife ironing a man's shirt.

He believes that the instrument, one of two in the world, will help du Pont evaluate training programs, plan better working methods, design worker aids, and screen employees for certain jobs.

present has almost no restrictions as far as hours broadcast or type of programs broadcast. Therefore the students can operate the station without assistance except for faculty advice.

The Federal Communications Commission controls AM stations more strictly than FM stations, setting a minimum number of hours a station must broadcast.

meeting was a motion to request to Mildred A. Baker, head of food service at the University, that new records be purchased for dining music in Waring Hall dining rooms. The motion also states that the council would be willing to pay for the records if allowed to have a member on the committee that will make the record selections. The motion was passed.

Because the council lost its quorum no other business could be transacted.

The council has called a special meeting for 7 p.m. Monday in McKee Lounge for the second reading of the AIM constitution.

WDFM--

(Continued from page one)

Mackey explained that the station is at present run almost entirely by students, and that in the event of it becoming an AM station outside professional help would be needed since the students would not have enough time to broadcast full time in addition to attending classes.

He added that an AM station would mean that it must be run by the Department of Public Information in accordance with administration policy.

Mackey said that the station at

CENTRE Co. FILM LAB

W. Beaver Ave.

State College

Good Evening Ladies,

This is ladies' night in the old column, and I feel that I really have some red-hot news for you Moms. Have you been sweating out the birthday party of Junior's that is coming up in the very near future? Well, a lot of grateful mothers already know that The Centre County Film Lab. has a movie rental service for children's parties, but we feel there are many more who do not know. Mother, I want you to know this is a (believe-you-me) complete movie rental. And for just \$3.50 you can keep those little mon - - -s. Oops! I mean darlings from tearing the drapes off the windows and swinging from the chandelier. What is the secret weapon more powerful than Captain Video's ray gun? Well let me tell you. For \$3.50 we rent you a beautiful 500 watt Bell & Howell projector with a big 30x40 beaded screen for brilliant pictures. Also you get any 3 of our many cartoons, adventure, cowboy, and comedies. You will find the kids will be thrilled by their own private movie show and you will be spared a great deal of wear and tear on nerves and patience. Thanks for listening. And when that party comes along don't forget that your entertainment problem can be solved by the Centre County Film Laboratory.

Jack

Reede Asks Stress on Principles

By LARRY JACOBSON

A plea that teachers and students use the Centennial year celebration for a better understanding of the principles of the University was made by Dr. Arthur H. Reede, professor of economics, at the Faculty Luncheon Club.

Dr. Reede emphasized that instead of each group trying to outdo each other in centennial displays, they should all use the centennial celebration as an opportunity to further their knowledge of the University.

Speaking on the centennial observation, Dr. Reede pointed out the various events which will take place during the year.

Projects of the various colleges; the State College parade in July; the exhibition of Pennsylvania painters, scheduled for October in the Mineral Sciences building; the June commencement, at which President Dwight D. Eisenhower will speak; various conventions and meetings to be held at the University during the year; and athletic schedules and the wrestling tournament to be held at the University were given special attention by Dr. Reede.

Dr. Reede has been a member of the University faculty since 1931, and has been chairman of the Intercollege Committee on the Penn State Centennial for the past three years.

Agriculture Scholarship Applications Available

Applications are being received for the 1955 American Youth Foundation Leadership Training Camp Scholarship for outstanding agriculture freshmen.

Each scholarship will include cost of a two week leadership training encampment on Lake Michigan.

For further information, students may contact Dr. Russell B. Dickerson, 111 Agriculture Building.

Riding Club to Hold Election

The Riding Club will elect a new president at 7 tonight in 217 Willard.

The club will also discuss plans for a horse show to be held in April at the stables.
