FIVE CENTS

## Senior Class President To Be Fraternity Man, Committee, Heads Decide

By NANCY SHOWALTER

The new senior class president will be a fraternity member, but whether or not the senior class vice president will be fraternity or independent has not been decided.

The All-University Elections Committee, meeting with the three clique chairmen, last night decided that the senior class president would definitely be a fraternity man.

The question on the vice president will be settled by the committee tomorrow night. Previously the three clique chairmen had decided that both the senior class president and vice president would be fraternity men.

However, after a discussion, the clique chairmen and the committee decided that it would be fairer to have the vice president independent, and it would also make campus politics in general better.

**All-University Offices**  
The senior class secretary-treasurer will be a woman—either an independent or a sorority member. The All-University president will still be a fraternity man, the vice president independent, and the secretary-treasurer a fraternity member.

The committee decided that any student who has attended one or more clique meetings may attend any clique meeting from 6:45 to 7:30 p.m. Sunday. Those who wish to enter will have to present matriculation cards which are either stamped or punched to prove that they have attended one clique meeting. Ernest Famous, committee chairman, stressed the fact that the doors will be closed at 7:30 p.m. Ballots will be passed out at 7:30 p.m.

**Voting in HUB**  
It was also decided that the voting for the elections will take place in the Hetzel Union Building with no decentralized voting. The committee is still working on the possibility of obtaining two voting machines for the elections. The three cliques must submit a complete membership list to the committee by March 11.

**Cwens Scholarship Available**  
Students interested in applying for the scholarship sponsored by Cwens, sophomore women's hat society, may obtain application blanks in the dean of women's office, 105 Old Main.

**Cloudy, Colder Weather Forecast for Today**  
Partly cloudy and colder weather is forecast for today by the University weather station. Yesterday the high thermometer reading was 58 degrees, the same high reading that was recorded Monday. The low for last night was forecast for around freezing. Today's temperatures are to range between 35 and 45 degrees.

## Rioting Arabs Stone UN Headquarters

GAZA, Egypt-held Palestine, March 1 (AP)—Enraged Palestine Arab refugees stoned UN Truce Commission headquarters here, smashed windows, and tore down a UN flag today in four hours of rioting touched off by a bloody border clash between Egyptian and Israeli troops.

The rioters also burned a UN jeep and automobile before Gaza police dispersed them and restored order.

Last night's clash left 38 Egyptians dead and 33 wounded. Israeli headquarters in Jerusalem reported a "number of casualties" but did not give details.

The clash brought Egyptian-Israeli relations to their most tense point since the end of the fighting in the Palestine War in 1948. A high Egyptian official said any future "encroachments" by Israel would bring severe retaliation.

Both sides accused the other of firing the first shot. UN truce headquarters in Jerusalem said its observers reported the Israeli troops had "violently attacked" the Egyptians.

An Egyptian spokesman in Cairo said his government had cabled a protest to the UN over Israel's "most grave violation" of the Palestine armistice, signed in February, 1949. In Jerusalem, Is-

rael made a formal complaint over the incident to the Israeli-Egyptian mixed armistice commission and called for an emergency meeting of that body to deal with it.

An Egyptian spokesman said anger over last night's clash sparked the rioting in front of the UN commission headquarters.

UN and Egyptian officials said 250,000 Arabs living in the sandy little Gaza strip in southwestern Palestine already were bitter over being driven from their homes in what now is Israel.

**WDFM Candidates**  
Campus radio station WDFM will hold a meeting for continuity staff candidates at 7:30 tonight in 306 Sparks. No experience is needed.

## Korean Minister Says Truce Should Be Ended

PYO WOOK HAN, minister to the Korean Embassy in Washington, D.C., discusses situations in Korea and the Far East with two members of the Liberal Arts International Relations Committee, Paul Zrocka, president, left, and Joe Hodorowis, vice president.

## Han Calls Pact 'Defeat' At LA Panel

By DON SHOEMAKER  
Pyo Wook Han, minister of the Korean embassy, said last night the truce agreement in Korea should be done away with.

Speaking at a panel sponsored by the liberal arts international relations committee and the International Relations Club, Han called the truce "a defeat to the Korean people."

"We never felt the war should stop until the enemy was punished and the job was done," he said.

Han said that although no people "want peace more desperately than the Koreans," his people felt the only way to unite Korea is to drive out the Communists by force.

Han said the truce has been a failure because the Communists have failed to abide by the agreement.

Han contended that the Communists are continuing to build military strength in North Korea, despite the armistice, which prohibits either party from bringing in equipment except for replacement purposes.

He said the Communists have brought more than 500 jets and jet bombers within 10 to 15 minutes flying distance of South Korea since the truce was signed in 1953.

He cited the ineffectiveness of the Neutral Nations Supervisory Commission, set up by the United Nations to supervise the truce, as the reason the Communists are able to violate the truce.

This commission is composed of members from four countries: Switzerland, Sweden, Poland, and Czechoslovakia. Han said that while the Swiss and the Swedes could be classified as true neutrals, the Poles and Czechs could not.

Han explained that while the team was allowed to inspect ports of entry in South Korea, the Communists prevented inspection in North Korea.

He also said the Czech and Pole

## Beard Registration To Start Tomorrow

Registration for the beard contest will begin tomorrow and continue for one week at the Student Union Desk in Old Main, the University Student Centennial Committee announced last night.

Registration is open to all matriculated male students. A 50 cent fee will be charged. Although registration will last for only one week, the contest will run until Spring Week.

A qualified panel—possibly barbers—will judge the contestants at a program which will be open to the public.

Entrants may enter one of the following classes for the judging program:

1. The ROTC Special, that is, the mustache class; 2. the goatee; 3. the half-beard; 4. the mutton chop; 5. the full beard; and 6. the most unusual class.

Those students who have started a beard will not be required to shave and start anew. Trophies will be awarded to the first place winners of each class.

Robert Allison, third semester arts and letters major, and Robert Heck, third semester arts and letters major, are in charge of the beard contest. They have urged all eligible males to compete in the contest in order to help advance Centennial spirit on campus.

Diehl McKalip, chairman of the committee, said he hoped response to the Centennial song contest would be great. He pointed out that a \$50 prize is being offered for the winning manuscript.

The type of composition, as defined by the committee, should be a dignified choral composition with lyrics significant of the Centennial. A composer and a lyricist may collaborate.

If in the opinion of the judges no entry is considered to have enough merit to be used as an official Centennial song, no winner will be chosen.

Contest rules appeared in Saturday's Daily Collegian. The committee will place posters on the principal bulletin boards with rules for the song contest.

**Senior Fellowships**  
Seniors intending to pursue graduate work may obtain application forms for John W. White Fellowships in 110 Old Main. Applications must be filed by Tuesday.

### TIM Will Discuss New AIM Constitution

A discussion of the new constitution for the Association of Independent Men will be heard at the Town Independent Men meeting at 7:30 tonight in 103 Willard. Robert Dennis, AIM president, will discuss the constitution.

The group will also hear a report on its annual Spring Picnic and Dance.

## West Dorm Council Bans Line-Jumping

Line-jumping in Waring Dining Halls was out-lawed by West Dorm Council Monday night.

Action was taken on the measure because of the many reported cases of line jumping in the past month.

The motion, which passed almost unanimously, states that reported cases will be sent to the Association of Independent Men Judiciary Board for action. It also states that any student may report an infraction of the rule.

Stanley Juras, sixth semester engineering science major and former president of the council, explained the new method of selecting upperclassmen for West Dorm residence this fall.

According to Juras, persons desiring residence in West Dorms may submit an application at the room assignment office in Nittany 20 between March 8 and March 18.

**240 to be Admitted**  
The 240 upperclassmen to be admitted this fall semester will be chosen by lottery. This, Juras claims, will eliminate the practice of students standing in line for hours in order to be one of the first to apply. In the past selection was made by priority. Juras then asked the council to set up a committee to discover whether the upperclassmen who intend to apply would like to be segregated from the freshmen. Also, he asked that the committee find out whether the students had a preference as to what section of Hamilton Hall they wish to reside.

Juras was appointed a committee-of-one.

**Mixed Dinner to be Held**  
It was announced that a mixed dinner would be held March 16 and a dance March 12 in Waring Lounge. Plans were made to have a musical group for the dance.

A series of dances are in the planning stage, as well as a spring picnic, it was announced.

A special meeting has been called by President James Kennedy, eighth semester chemistry major, for 6:45 p.m. Monday in McKee Lounge. Final reading of the AIM constitution will take place at the meeting.
