

'Taste' Will Count In Carnival Judging

Good taste will be a greater deciding factor in determining the winners of the Spring Week carnival than any of four other divisions for which points are awarded.

This year the winner of the carnival will be the group which compiles the most points out of 1000 in any of four divisions. In former years, however, the carnival winner was the group selling the most tickets. The winner was also generally the winner of the Spring Week trophy.

Prexy Praised On Senate Floor For Contributions

President Milton S. Eisenhower has been lauded for his contributions to Pan-American solidarity and understanding in a speech in the United States Senate by Alexander Wiley, senior senator from Wisconsin.

The speech, as reprinted in the Congressional Record, extols President Eisenhower for his "important services to our nation in many fields, not the least of which is his worthy contributions to strengthening of inter-American relations."

In asking unanimous consent that the text of President Eisenhower's "notable address" before the Conference on Inter-American Investment at New Orleans be reprinted in the Record, Senator Wiley observed that "each of the Eisenhowers and the relatives of the Eisenhowers have stood on their feet independently making their own fine careers, and America is deeply aware of that fact."

AIM, Leonides Choose Delegates

The joint executive committees of the Association of Independent Men and Leonides will meet at 8 tonight in the McElwain study lounge to make plans to send two delegates to the National Independent Student Association convention April 6 to 13.

William Johnson, Nittany council president, and Henry Simm, AIM projects chairman, have been selected to represent AIM. Leonides will send one representative.

The joint committee will evaluate NISA week which was held

The possible maximum of 1000 points may be made in any of four divisions. They are Farmers' High School, Agriculture College, Pennsylvania State College, and Pennsylvania State University.

The 1000 point total is divided into four parts of which good taste is highest with 325 points. A maximum total of 225 points each is given to ticket sales, originality, and adherence to theme.

The group compiling the greatest number of points will be awarded the over-all Spring Week trophy. A duplicate trophy will be awarded if two groups enter together.

Trophies will be awarded for first, second, and third places in each category of the carnival.

The ticket sales are further broken down with 0-500 tickets worth 25 points; 500-1000 worth 60 points; 1000-1500 worth 105 points; 1500-2000 worth 160 points, and 2000-3000 worth 225 points.

Groups entering the Spring Week parade must enter under the same category assigned to them for the carnival. Trophies will be awarded to first and second place parade winners in each of the four categories. Groups will get 1000 points for entering, 500 points for winning their category, 300 points for second place in their category, and 150 for third place.

In the Mad Hatters contest each entrant will receive three points for entering. Finalists will receive seven additional points and the winners will receive 15 additional points for a total of 25 points.

Each entry in the Miss Penn State contest will receive 10 points. The finalists will receive 50 points and the winner will receive 100 points.

Phys Ed Group Discusses Plan Of Major Club

The function and organization of a College of Physical Education and Athletics Student Major Club was discussed Monday night at a meeting of the Physical Education and Athletic Student Council.

A Student Major Club would serve as a separate organization from the Council and would plan the social functions for the college, according to Mary Montgomery, council secretary.

It was said a student Major Club would not conflict with the proposed Centre County Athletic Club since the latter will be a professional organization for students and faculty.

Coffee hours, which will be attended by invitation, are being planned to better acquaint students and faculty with the nature of the organization of the club.

Donald Bell, council president, appointed Ann Farrell, council sophomore class representative, and John Zerbe, Recreation Society president, co-chairmen of the phys ed elections nominations committee. Nominations will be held April 20 and 21 and elections April 27 and 28.

The four finalists from the University were chosen at the reading finals held March 22. Judges for the contest were Harriet D. Nesbitt, assistant professor of public speech, and W. W. Hamilton, assistant professor of speech.

West Hall Plans Show For Mothers

Plans were made by West Hall Council (formerly West Dorm Council) Monday night to set up a special Mothers' Day program May 5 in the West Dorm area.

In addition to opening dormitories for several hours to parents, relatives, and friends, council president James Kennedy suggested council sponsor a tea for visitors. He also suggested council secure a combo for background music at the tea.

The council voted to outlaw playing of radios, phonographs, and loudspeakers for the benefit of persons in the courtyards in front of the dorms.

Norman Hedding, chairman of the Association of Independent Men-University Christian Association's fireside talks committee, explained to council members the program as set up by his committee.

He said fireside talks would be arranged for any unit desiring them. The units may choose the topic, time, and speaker, he added.

It was announced council will explore the possibilities of placing outside aerials for West Dorm television sets to improve reception, and the administration will purchase first-aid kits for the dormitories as asked by council.

ooh, La, La!
It's the French Line for I.F.C.

For all of you who may have forgotten, or for all of you who do not know, Brundie is P.S.U.'s typical college coed. Being most definitely typical, Brundie loves to buy shoes. It has often been rumored that she would rather have a pair of shoes (from Simon's) than 100 cups of coffee at the Corner.

Now that I.F.C. is approaching with the rapidity of a stampeding herd of turtles, good shoes are more important than ever. Poor Brundie is really distraught. She can't decide which pair of shoes to select from Simon's new "French Line." For that bare look in shoes the French have "it". And of course, "it" means "it" in shoes at Simon's where you all should be heading. Go on leave, depart, Shoo Shoo Baby—if you don't want to be left in the much quoted cold, get your shoes NOW!
