

'Miss America' Visits Borough on Tour

Frisco Coed Signs Pictures

By JOE BEAU-SEIGNEUR

A brunette, blue-grey eyed coed breezed into State College yesterday in a fleet of new Nashes, giving a happy "hello" and smile to all who ventured into the Wolf Furniture Store. The coed is Lee Ann Meriwether, Miss America.

"I'm a sophomore at City College of San Francisco," she said, while autographing pictures for the people who had swarmed around her. "I've been on tour for my four sponsors for seven months now, but I hope to get back to school by next February."

Miss Meriwether is an English major, specializing in radio and television work, and has a scholarship to the College. She is a resident of San Francisco.

"I'd like to go into dramatics when I graduate," she said. Miss Meriwether appeared on the Philco Television Playhouse last December, and her acting got excellent reviews from eight of the television critics for major newspapers in New York City. "It was lots of fun," she said, "and I also got a chance to see my Mother and brother—I haven't been home since October."

On campus Miss Meriwether is a member of Delta Psi sorority and a member of the national dramatics honorary. "I surprised myself by getting better grades in college than I did in high school," she said.

Miss Meriwether said she had been following the San Francisco Dons' basketball team throughout her tour. "Right now the team and the campus paper are my only touch with campus," she said.

About fifty pictures later, Miss Meriwether took a break. "Sometimes I wish I had a shorter name," she said. "My eight hour working day is about sixteen hours sometimes, but I love it," she said.

Library—

(Continued from page one)

The library has approximately 400,000 books in circulation at this time, and is trying to increase the variety of books offered, McComb said. The trouble with trying to buy new books is that there are always old books to replace, and they come first, he said. "We never know whether to replace a book or wait and see if it is returned," he said.

When asked how the library compares with other university libraries, McComb said it is slowly coming into its own, but there is still a long way to go.

"Of course, we can't compare universities with medical and law schools," he said, "but among the institutions similar to ours, we are holding our own." The University's library got a very late start and is just now getting on its feet, McComb stated.

McComb said the library staff realizes there is much that can be improved, and welcomes constructive criticism from students and faculty members. The lighting system and increased help are among the chief needs of the library at this moment, he said.

"IT'S TOASTED" to taste better!

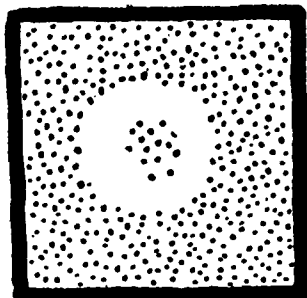

NO MATTER WHERE YOU ARE, you'll get more pleasure from your cigarette if it's a Lucky Strike. That's the point of the Doodle above, titled: Three deep-sea divers enjoying Luckies. You get deep-down smoking enjoyment from Luckies because they taste better. Why do they taste better? That's easy to fathom. First of all, Lucky Strike means fine tobacco. Then, that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better... cleaner, fresher, smoother. So, when it's light-up time, light up the better-tasting cigarette... Lucky Strike.
