

WD Will Nominate President Monday

Nominations for the office of West Hall Council president will be held at 6:45 p.m. Monday in McKee Lounge, James Kennedy, council president, announced Monday.

Only the president will be nominated, Kennedy added. The remaining three officers—vice president, secretary, and treasurer—will be appointed by the new president to serve until these posts can be filled in the fall.

Qualifications as set down by the Association of Independent Men's election code for candidates for the post are as follows:

Two More Semesters

1. Candidates must have at least two remaining semesters.

2. At the time of the election, the candidate may not hold a higher office in AIM.

3. He must be a resident of West Dormitories.

4. Candidates must have an All-University average of not less than 1.0.

Kennedy said voting for the nominees will be done by secret ballots by council members and that only council members may nominate candidates.

During the business session, council voted 8-4 to continue mixed dinners in Waring Dining Halls despite poor coed attendance.

Mixed Dinners

Frank Simoket, sixth semester electrical engineering major, made a motion that council sponsor two mixed dinners at dates suitable to food service department. Under his motion, the coeds will dine with men of the Tri-Dorms and McKee Hall one week and the men of Hamilton Hall the other. In the past mixed dinners were held in all dining halls at the same time.

In other business the council voted to have a tea in Waring Lounge for all visitors to the West Dorm area on Mother's Day, May 8. A vote of 6-5 defeated a motion to have separate teas in the area's three small lounges.

Kennedy warned against the dangers of setting off fireworks. "Not only are they outlawed by the University, but also by the state," he said.

Council to Discuss MI Open House

The Mineral Industries Student Council will meet at 6:45 tomorrow night in 209 Willard to discuss the Centennial open house on April 29. Faculty members have been invited to the meeting.

Council will also discuss the possibility of a mixer with the Home Economics college.

Edwin Tocker, council president, has announced that elections for next year's Council will be held in the near future.

TIM Meeting Canceled For Lack of Quorum

The meeting of Town Independent Men scheduled for last night was cancelled by TIM president Ray Rubner because of a lack of a quorum. Twelve men attended the meeting, but only ten were voting members. The TIM constitution requires half the voting members be present for a quorum.

Rubner has called a meeting of TIM for 7:30 p.m. Tuesday in 103 Willard.

Near-Riot—

Continued from page one nual occurrence. One, in the spring of 1952, developed into a full scale panty raid at a time when such raids were breaking out at campuses across the country. About 2000 to 3000 men participated in that demonstration.

ROTC Common Hour Will Not Affect Classes

The change of the Reserve Officers Training Corps Common Hour for all branches of the service to Thursday afternoon will have no effect on the scheduling of classes, Ray V. Watkins, College Scheduling Officer, said yesterday.

Few classes are scheduled for Thursday afternoons, he said, and it will be up to the individual male student to make sure he doesn't schedule a class that will conflict with his common hour.

Budget Raise—

Continued from page one is now operating under, that of 1953-55, the University received \$20,089,000 for maintenance and \$411,000 for special projects, making a total budget of \$21.5 million.

38.3 Per Cent

The Commonwealth's contribution to the University's total budget for 1953-54 amounted to 38.3 per cent of the University's total income. The second largest contribution, amounting to 30.9 per cent, came from student fees and payments received for auxiliary expenses.

Appropriations for the University do not easily go through the General Assembly. In 1951, for example, Gov. John S. Fine submitted a request for the University for \$16 million in March. The House increased this by \$1.5 million, then the Senate knocked the increase off. The bill finally passed the General Assembly 10 months later with the increase included.

Senior Caps and Gowns

Seniors in the College of Engineering and Architecture may order caps and gowns today at the Athletic Store. A \$5 deposit must be made, and seniors must give their hat size when ordering.

Invitations and announcements are to be ordered on the same day at the Hetzel Union desk.

Bygate Is Winner At Riding Show

JoAnne Bygate, eighth semester animal husbandry major, won the individual trophy with her own horse, "Mr. Smirk," in the modified Olympic horse show held by the Riding Club Saturday and Sunday at the University stables.

Team winner was Penn Hall which won first place with the whole team finishing. Its score was -16.8 points. The University came in second with -172.1 points and Grier School, third, with -246.8 points.

The Riding Club will hold a special meeting at 7 tonight in 217 Willard to hold first nominations for officers. Club elections will be held at the next meeting.

A secondary color is one which results from the mixing of one or more primary colors.

WHAT'S THIS?

For solution see paragraph below.

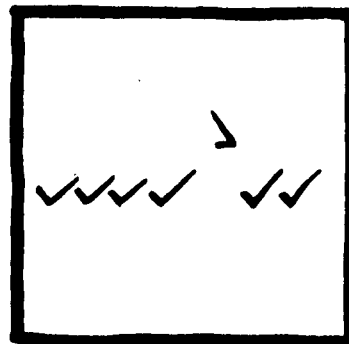

YOU'LL GET A BANG out of the Doodle above. The title is: Daredevil enjoying better-tasting Lucky just before being shot from cannon. Luckies are going *great guns* everywhere. The reason for their *booming* popularity is simply this: Luckies give you better taste. They taste better, first of all, because Lucky Strike means fine tobacco. Then, that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better . . . cleaner, fresher, smoother. Enjoy yourself when you smoke. Have a little fun. Light up the better-tasting cigarette . . . Lucky Strike.

COLLEGE SMOKERS PREFER LUCKIES!

Luckies lead all other brands in colleges—and by a wide margin—according to an exhaustive, coast-to-coast college survey. The No. 1 reason: Luckies taste better.
