The second section of the program is an interpretation of A. A. Milne's "Winnie-The-Pooh." Characters of the story are introduced and they depict then the tale "Tigers Don't Climb Trees."

The last portion, consisting of three group numbers, commemorates three events that mark the University's Centennial celebration. These are the opening of the Nuclear Reactor, opening of the Hetzel Union Building, and the ground-breaking for the All-Faith Chapel.

Admission to the concert is free. Tickets may be obtained at the main office in White Hall or from any member of the Concert Group.

The program is under the direction of Dorothy Briant, assistant professor of physical education, and Hermance Reese, accompanist.

No Action Taken On Library Hours

No action has been taken on the All-University Cabinet recommendation that Pattee Library remain open until 11 p.m. week nights during the final examination period. Ralph W. McComb, University librarian, stated Thursday.

The recommendation was made to Cabinet by Watson Leese, Liberal Arts Student Council president. Leese reported McComb had termed the plan feasible, but at the same time had reported that the library could not be open until 11 p.m. on Saturday evenings because of financial reasons.

Earl Seely, All-University president, talked with McComb after the Cabinet meeting. Seely reported that McComb said the plan was feasible, but would have to be considered by the Library board before action could be taken.

Spotlighting Tri Sigma

By GINGER HANCE

Sigma Sigma Sigma first came into existence on April 20, 1898, at Longwood College, Farmville, Virginia.

Despite this early start, the Tri Sigma's did not come to the University campus until April, 1954, thus becoming the youngest chapter now on campus.

Mrs. C. O. Williams is alumnae adviser and Mrs. Nora Grassius is the sorority's faculty adviser.

Last year the Tri Sigma's didn't let the fact of their new arrival on campus stand in their way during Spring Week, for they won the Spring Week trophy with Chi Phi for both show and float.

The Robbie Page Foundation is a national project of the Tri Sigma's. The Foundation was begun in 1952 to aid polio research and was begun in memory of Robbie Page, the national president's son, who died of polio. The chapter also participates in giving Christmas parties for underprivileged children and aiding in the Speech and Hearing Clinic, where they teach arts and crafts to the children.

Clothing, toys, and books are also sent to the Mountain School, an elementary school in Virginia.

The sorority recognizes scholarship at their senior send-off party by presenting an award to the senior girl who has achieved the greatest improvement in her All-University average.

Tri Sigma has one member in Mortar Board and three other members in physical education and business honor societies.

The newly elected officers of Sigma Sigma Sigma are Shirley Callen, president; Patricia Smith, vice president; Joan Clark, secretary; June Strauss, (Continued on page eight)

POWDER BLUE is a delicately beautiful tone we've developed in the past week. Striking in its over all coolness, its most effective on fair complexioned blondes. The true beauty of a print made with the vaguest suggestion of blue lies in its subtlety.

I understand that Mr. George Donovan of the HUB was more than instrumental in seeing to it that the beautiful structure was an actuality much sooner than it might otherwise have been. A vote of thanks.

TRIED to get operator for 3 hours Sunday night on an important long distance phone call. She explained that this is customary due to student calls to home towns. Its a sad state when an outfit like Bell Telephone can't alleviate the situation by the help. What happens when an emergency call has to be made? Well, I suppose it keeps costs down.

FATHER'S DAY portraits should be taken now, that is, if you'd like us to spend quite a bit of time with you.

BRIDAL SITTINGS must be arranged 2 weeks in advance.

Sincerely,
