MOSCOW, Sept. 19 (AP)—In a burst of diplomatic speed, the Soviet Union signed agreements with Finland today restoring the Porkkala military and naval base to Finland and extending their friendship treaty for 20 years.

Negotiators in the Kremlin also finished drafting a new treaty with East Germany—hailed as granting "real sovereignty"—which is to be signed tomorrow.

The Russians promise to withdraw their forces from the Porkkala base within three months of ratification of the agreement and the 20-year extension of the friendship and cooperation treaty will begin as soon as ratifications are exchanged. The original friendship treaty, signed in April, 1948, would have expired in 1958.

With completion of the Finnish-Soviet agreements, the Russians have been calling for American troops to quit their European bases. Marshal Georgi K. Zhukov, Soviet defense minister, made the suggestion to Western correspondents at a reception in the Finnish Embassy and the Communist party newspaper said it would help reduce international tensions.

American sources at the United Nations pointed out that the Soviet withdrawal from Porkkala would move Russian forces only 30 miles across the Gulf of Finland. American withdrawal from Europe would roll back U.S. forces about 3,000 miles. First Western European reaction came from Paris, where the French Foreign Ministry commented that it could see no comparison in the stationing of Soviet forces at Porkkala and the U.S. forces in Europe.

# Rebellion Fells Peron Regime

BUENOS AIRES, Sept. 19 (AP)—Juan D. Peron, dictator for 10 years, fell tonight and there was joy in Argentina.

Peron's strong-arm regime fell apart in the face of a rebellion by army and navy forces who revolted last Friday.

A three-man junta of generals named to negotiate peace with the rebels, took over with an announcement that all superior authority of Argentina had resigned. This meant the Peron Cabinet had fallen with him. The war minister, Maj. Gen. Franklin Lucero, who brought Peron through the June 16 revolution, announced his own resignation.

The United States imports about 35½ million pounds of black pepper a year.

## Red China in UN Seen Doubtful

UNITED NATIONS, N.Y., Sept. 19 (AP)—American delegates expressed full confidence today they have enough votes to beat down an expected Russian attempt to seat Red China tomorrow at the start of the 10th U.N. Assembly.

Diplomatic sources said Soviet Foreign Minister V. M. Molotov or some high delegate advocating the admission of Red China likely will make a motion to give China's seat to Peiping.

Lodge is prepared to propose that the Assembly not consider any resolution to seat Red China or unseat the Chinese Nationalists this year.
