

Cabinet to Consider Revisions in CPIC, Campus Chest Drive

All-University Cabinet tonight will consider revising the Campus Personnel Interviewing Committee and will be asked to alter the Campus Chest Drive to include the University Christian Association, Hillel Foundation, the Newman Club, and American Red Cross.

Cabinet will meet for the first time this semester at 7 p.m. in 203 Hetzel Union Building. The meeting will be open to the public.

Board Rules Customs Go Coed Today

Freshman women will "curtsy" today at the request of upper-class men and freshman men will "button" at the command of upper-class women. Both will sing and cheer together in groups.

Joint Customs Day has been decreed by the Freshman Customs Board, Margaret Boyd and Herbert Black, co-chairmen, announced yesterday.

Dinks and name cards will be worn until the end of the customs period, although the dress customs holiday begins at 5:30 p.m. tomorrow and will end at 7 a.m. Monday morning.

Customs need not be worn in dormitories, but freshman women must wear their dinks and cards at all times outside of the dormitory. Men may remove their dinks inside of buildings.

Freshmen shall not walk on campus grass or any unpaved short cuts, Senior Walk, or the east side of the Mall. No smoking is permitted on campus grounds, except in the living quarters.

Students who did not pick up their exemption cards can get them at a meeting of the Customs Board. Veterans are automatically exempt from customs but should carry their identification with them during the customs program.

The Customs Board will meet at 7 p.m. tomorrow in 212 Hetzel Union to hear any violations of customs. Freshmen violators should appear at that time.

Penalties will be given by the eight-member board in connection with the new centennial theme, "Penn State, What Next?"

The 1955 Campus Chest drive will be held Oct. 18 through 21, Riggs said.

After Campus Chest was formed four years ago, the trustees or policy making board operated for only one year. Now, Riggs, as general chairman, heads a committee of 12 other chairmen plus a secretary and an assistant.

Participation of the three religious organizations in the drive will have to be confirmed next week by the Hillel Foundation, Rev. Harshbarger's letter states. The letter will be read before Cabinet tonight, Riggs said.

FOR A BETTER PENN STATE

VOL. 56, No. 6 STATE COLLEGE, PA., THURSDAY MORNING, SEPTEMBER 22, 1955 FIVE CENTS

Construction Starts On Class Building

Preliminary work leading to the construction of the new \$1,223,595 classroom building which will be located adjacent to the University Hospital was started yesterday.

Workers started tearing down Maple Cottage yesterday, in preparation for excavation work which will begin as soon as the cottage is removed. Construction is being supervised by the General State Authority, state organization for financing public construction.

WORKMEN YESTERDAY started tearing down Maple Cottage in preparation for construction of the new classroom building. The new building will cost approximately \$1 million 220 thousand and will house 63 classrooms and offices for over 110 faculty members. Of the 63 rooms, 22 will be furnished in the style of the nations of the western hemisphere.

The new building will temporarily house the School of Business, Walter H. Weigand, director of the Physical plant, said yesterday. Eventually, Weigand said, the building will be converted into a general classroom.

Will Resemble 'C'

When completed, the building will resemble a large block C facing the mall. The leg of the building connecting the two ends will be four stories tall and will house 63 classrooms. The rear end will be two stories tall and will contain an auditorium on each floor. The auditoriums will hold 126 students apiece and will be equipped for movie projection.

The front end of the C, facing Pollock road, will be three stories tall and will contain offices for more than 110 faculty members.

Will Have TV

When completed, the building will house facilities for closed-circuit television. The lower end of the C will contain a television broadcasting room on the first floor. The TV room, as now planned, will house an audience, and the televised programs will be sent to specified rooms in the building.

The building will contain a new innovation for separate classroom movie projection. In certain areas of the classroom section, two rooms will be divided by a thin movie projection room. Each projection room will contain a projector on swivels, capable of showing movies in either of the adjoining rooms. This will eliminate the need for moving the projectors from room to room.

Under the direction of Dr. Palmer C. Weaver, assistant dean of the College of Education, certain sections on the first, second, and third floors of the building will be furnished to reflect the history and culture of the nations of the western hemisphere. The project, titled the American Unity Rooms, will be financed with private funds.

22 Rooms to be Used

Twenty-two classrooms, one for each nation in the western hemisphere, including the United States and Canada, will be painted with murals, Weaver said. Each of the rooms will be decorated. (Continued on page eight)

University Budget Awaits Senate OK

A \$25,194,000 budget for the current two-year fiscal period of the University is lying dormant awaiting approval by the State Senate.

The budget was approved by the House of Representatives on Friday and was sent on to the Senate, which recessed Tuesday. It will reconvene Monday, according to Jo Hays, Centre County representative to the General Assembly.

The budget is approximately \$5 million more than that of the last two years. It faces possible reduction if the Senate carries out its current plan of cutting about \$33 million from the \$535 million bill for public instruction.

Referred to Committee

The bill is expected by legislators to be referred to the Senate's finance committee. Final action would await the committee report.

The appropriation figure for the University was defended on Aug. 16 by President Milton S. Eisenhower at a Senate committee hearing on appropriations.

When asked whether the budget included any items which could be eliminated, Dr. Eisenhower said, "I've been building budgets for 30 years and I've never put any fat in them yet." He added, "I do not think it can possibly be reduced."

'Salaries Are Low'

He said at one point, in explaining his position, that the University's salaries are low compared to land grant colleges in the mid-west. "In fact," he declared, "we're at the bottom of the list." The bill, submitted by Reps. J. Dean Polen (D-Wash.) and Norman Wood (R-Lanc.) was for the exact amount Gov. George M. Leader requested in his budget message to the legislature last April.

- Specifically, the bill provides for:
1. Maintenance and instruction—\$24,783,000.
 2. Agriculture experiments—\$150,000.
 3. Petroleum research and experiments—\$66,000.
 4. Coal research—\$70,000, with that sum to be matched by the anthracite and bituminous industries.
 5. Non-metal mineral industries—\$35,000.
 6. Long range mineral industries—\$32,500.
 7. Matching funds for mineral industries research—\$57,500.

500 Tickets Available For State-Army Game

Five hundred additional tickets for the Penn State-Army game arrived yesterday from West Point and are now on sale at the Athletic Association booth on the third floor of Recreation Hall. The price is \$4.

Also available are tickets for the opening game Saturday against Boston University and the University of Virginia contest at Richmond. Tickets for these games are \$3.50.

The booth is open from 8:30 a.m. to noon and from 1 to 4:30 p.m.

Fair Weather Continues

Continued fair weather and clear skies are forecast for today by the department of meteorology. The temperature is expected to reach the high 70's this afternoon.

The low yesterday morning dipped to a cool 48 degrees, and the high yesterday afternoon was 72 degrees.

Marciano KO's Moore With Left Hook in 9th

Rocky Marciano last night once again displayed the fistic power that catapulted him to the world's heavyweight champion throne, knocking out boastful challenger Archie Moore with a solid left hook at 1:19 of the ninth round.

A Yankee Stadium crowd of over 50,000 witnessed Marciano score his 49th consecutive professional boxing win without a defeat, and perhaps saw him in action for the last time. Marciano was reported to have said before the bout that, should he win, he would retire from the ring.

However, immediately following the fight, Marciano was quoted as saying, "It was a great fight. I have no idea who I will fight next."

The 38-year-old challenger Moore ended what will undoubtedly be his final stab at the world heavyweight crown by saying, "Rocky is a great fighter—every punch hurt."

Supper Planned For Students

Members of All-University Cabinet and student members of the Senate Sub-committee on Student Affairs have been invited to a buffet supper at 5:30 p.m. next Thursday at the home of Dr. and Mrs. Henry S. Brunner, 732 N. Holmes St.

The supper will precede next week's Cabinet meeting. Dr. Brunner is chairman of the Senate Committee on Student Affairs.

Student members of the Senate Sub-committee represent five fields: academic honesty, organization and control, social affairs, health and recreation, and University student affairs.

Lonardi Replaces Peron In Argentina

BUENOS AIRES, Sept. 21 (AP)—Maj. Gen. Eduardo Lonardi, a long-time foe of Peronism, emerged today as Argentina's new leader.

Lonardi takes over as provisional president tomorrow, flying here from Cordoba where he helped mastermind the four-day revolt that ousted Peron.

The loyalist junta which took over the central government in Peron's wake surrendered to the rebels today under a peace agreement. So far as can be determined, the surrender was unconditional, but there were signs that members of the junta, including some of Peron's supporters, remain factors to be reckoned with.

Lonardi is a veteran artilleryman the same age as Peron—59. He has hated Peron for years, friends say, and in 1951 retired from the army amid a dispute over the abortive proposal to make Mrs. Peron the vice president.

Rumors as to Peron's fate were a dime a dozen today, but the best available information was that the deposed dictator-presi-

dent remained aboard the Paraguayan gunboat where he took refuge Tuesday.

Nothing could be found to support a broadcast heard in the United States—over the Mutual Broadcasting System—saying Peron was in rebel hands and would face trial as a war criminal.

A Paraguayan officer said Peron was aboard under the protection of the neighboring country. Paraguayan Ambassador Juan R. Chavez doubted the rebels would impede Peron's departure. He asked the government for an assurance of safe conduct for Peron, and expressed confidence of getting it. The government lifted an embargo of Argentine
