

Campus Absorbs State; Chapel Construction Progress Reported

Allen L. Davies, Campus party clique chairman, said last night his party has absorbed the State party.

The move brings an end to the three-party system on campus. Three political parties—Campus, State and Lion—entered candidates in last spring's All-University elections.

Campus party, which swept all nine posts in the election was originally formed as a splinter of state party.

In a prepared statement to The Daily Collegian, Davies said the merger precipitated by the resignation of Donald Buckbee, State Party clique chairman, who announced his resignation last week. Vice-clique chairman Robert Nurock resigned his post in the party last spring.

Initial Mixed Dinners Set For Tomorrow

Men and women students in campus dormitories will have their first opportunity to eat together during several mixed dinners at noon tomorrow.

Only one-third of the dormitory men will eat with coeds, solving the ratio of three men to one woman, according to Harry Leopold and Priscilla Kepner, chairman of the program.

Two remaining mixed dinners will be held Oct. 2 and Oct. 9. Each dinner will allow for another third of the men while women will eat at all three meals.

Women from McAllister Hall and the second floor of Thompson Hall will eat with men from the Nittany-Pollock area. The remaining Thompson women will meet with men from Hamilton, McKee, Watts, Irvin and Jordan Halls in the Waring Hall dining rooms.

Seating numbers for men and women will be posted in all dining halls. The result of tomorrow's dinners will determine the handling of the next two dinners, according to the chairmen.

Men are required to wear coats and ties and women regular Sunday dress. The program is sponsored by Women's Student Government Association and the Association of Independent Men.

East Coast Tip In Kidnap Case Turns Out False

SAN FRANCISCO (AP)—The growing search for kidnaped Robert Marcus centered again today in San Jose, Calif., after spreading briefly last night across the nation to Atlantic City, N. J.

Hopes rose briefly that a week-old boy found abandoned in a church in Atlantic City might be the son of Dr. and Mrs. Sanford Marcus. Robert was snatched from the nursery at Mt. Zion Hospital here Monday when only 2 days old.

Dr. Marcus and his 29-year-old wife Hanna studied an Associated Press Wirephoto of the Atlantic City baby and said:

"He is not our son."

There were many points of similarity between the infants.

Dr. Emanuel Harrison Nickman, Atlantic City pediatrician, said the boy found in a brown paper sack in St. Nicholas Catholic Church was "no more than a week old."

The foundling had been circumcised. So had Robert.

Robert weighed 6 pounds 6 1/2 ounces; the other boy 7 pounds 1 ounce.

A final check of footprints of the two infants will be made by the FBI in Washington today. The FBI had AP Wirephotos and airmailed pictures of Robert's footprints.

Meanwhile, 1,000 or more persons—police, firemen, civil defense workers and college students—started a house-by-house search of the Willow Glen district of San Jose, 50 miles south of here.

A husky blonde woman with a baby has been seen there repeatedly under peculiar circumstances in the last two days, but never detained for questioning.

Dorm Officers Nominations Open Monday

Upperclasswomen dormitory unit officers will be nominated Monday night in Simmons, McElwain, Atherton, and McAllister Halls, Woman's Building, and the Nittany Co-op.

Members of Women's Student Government Association Senate will conduct the meetings. Women may nominate students in their own units for president and vice president. Each unit may nominate one or two persons for the position of secretary-treasurer, depending on the choice of the individual units. Elections will be held Oct. 3.

Presidential nominees must have a 2.5 All-University average (under the new grading system), no major judicial record, and may not be a member of WSGA Senate. Women nominated for vice president, secretary, and treasurer must have a 2.0 All-University average and may not have a major judicial record.

The president of each unit will serve on WSGA House of Representatives, and the vice president will serve as alternate.

Nominations and elections for freshman dormitory unit officers will be held later.

The two party system better enables the student body to make a careful, valid selection, Dye said.

Campus party has scheduled a clique meeting at 7:30 p.m. Sunday in 10 Sparks to orientate freshmen. Officials will explain the party, its functions, committees, and offices. Upperclassmen may also attend.

Bulganin Sends 'If' Note On Blueprint Exchanges

DENVER, Sept. 23 (AP)—Soviet Premier Nikola Bulganin, in a message to President Eisenhower made public today, says the President's plan for swapping military blueprints "would become significant only if agreement is achieved on reduction of armaments and on taking measures for prohibition of atomic weapons."

Bulganin also wrote that Eisenhower's plan for mutual aerial inspections is a matter which would not "lead to effective progress towards insuring security of states and successful accomplishments of disarmament."

Construction is progressing on the Helen Eakin Eisenhower Chapel, and the next step will be the erection of the structural steel.

Workmen have completed the excavation and are going into the foundation stage, according to Walter H. Weigand, director of the physical plant.

The Georgian-style structure is being built in Hort Woods near Pattee Library and the tennis courts. It is dedicated to the memory of Helen Eakin Eisenhower, wife of Dr. Milton S. Eisenhower, president of the University.

To Be U-Shaped

When completed, the chapel will have a U-shape around a reflecting pool. A large chapel and adjoining tower will be constructed to one side of the pool and a smaller meditation chapel will be on the other side. A two-story structure will connect them.

First unit to be constructed is the meditation chapel, which will seat 120 persons. It will provide facilities for private devotions, weddings, and other smaller religious services.

The main chapel will accommodate about 2000 persons, and will have a choir loft which will seat 100 persons. The meditation chapel will also have a small choir loft.

Connecting Building

The connecting two-story building will serve several purposes. On the ground floor will be the chaplain's office, space for clerical help, and a social room. The second floor will contain smaller rooms for religious meetings.

The first units are expected to be completed by the fall semester of 1956. General contractor for the job is R. M. Shoemaker Co., of Philadelphia.

President Dwight D. Eisenhower laid the cornerstone for the all-faith chapel at ceremonies June 11, following his commencement address to the Class of 1955.

Eisenhowers Attend

Also attending the ceremony were Dr. Eisenhower, his daughter Ruth E. and son Milton S. Jr.; L. R. Eakin, of Washington, D.C., father of the late Mrs. Eisenhower, and his son L. R. Eakin, Jr., of Falls Church, Va.

Enclosed in the corner stone were a Roman Catholic missal, Jewish prayer book, a New Testament, a photograph of Mrs. Eisenhower, a tape recording of the groundbreaking ceremony, program of the cornerstone ceremony, and booklets—Religion at Penn State, Centennial program on religion, Centennial Chapel schedule, Centennial edition of The Daily Collegian, Centennial Booklet, Centennial edition of LaVie, Founders Roll of the Penn State Alumni Fund, copy of the Oct. 27, 1954, Alumni News, and a copy of the March, 1955, Alumni News.

There are fewer women rushing this year than last year's record 455. Sororities ribboned 286 of the 455 at the close of formal rushing last fall.

Rushes will sign preference cards Sunday night when they return to their dormitories. Women in Atherton Hall will sign their cards in the office of the head hostess. Bids will be distributed late Tuesday afternoon. Ribboning will take place at 7 p.m. the same night.

Penn State Jazz Club Will Meet Tuesday

The Penn State Jazz Club will hold an organizational meeting at 7:30 p.m. Tuesday in 110 Electrical Engineering to discuss membership and activities.

Members of the group and any interested persons may attend.

The club is negotiating with various musicians, including Count Basie, Stan Getz, George Lewis, Modern Jazz Quartet, Ted Ory, Stan Kenton, and Sidney Bechet, in order to bring them to the campus for concerts. The jazz club hopes to present one or two concerts a semester.

Geologist Establishes Nine \$1000 Scholarships

Nine scholarships, known as the John and Elizabeth Holmes Teas scholarships in memory of the parents of the donor, are available to students under a program established by L. P. Teas, consulting geologist of Houston, Texas. Each scholarship is worth \$1000.

The scholarships are available to sophomores in the fields of chemistry, geology, and geophysics and geochemistry. They may be continued for the junior and senior years if the student does satisfactory work.

156 Engineers Achieve Dean's List

During the spring semester, 156 students in the College of Engineering and Architecture earned a place on the dean's list.

Seventeen of the 156 students on the list completed the semester with perfect 3.0 averages. An average of 2.5 or better is required for the dean's list.
