

# Nurock Given Post As Lion Manager

Robert Nurock, former vice clique chairman of the defunct State Party, has been appointed campaign manager of Lion Party, according to Thomas Dye, clique chairman.

At a freshman orientation meeting of Lion Party Sunday night, Dye said "some more" appointments of State personnel will take place within the next two weeks. However, he declined to give a number at that time.

He said he was "shocked" to learn last week that State Party had been "absorbed" by Campus.

Allen Davies, Campus party clique chairman, announced Friday that his group was taking State, which was recently plagued by resignations, under its wing. However, State has not received any positions in the one-year-old Campus Party, which swept all nine All-University and class offices in last Spring's election.

Dye questioned the weight of Davies' statement that "State party," as a whole, was absorbed by Campus and claimed part of State for his party.

Some 65 persons attended Lion's indoctrination meeting, and about 40 were at the Campus get-together which was held at the same time.

Speaking to the freshmen and new students, Dye said their presence was proof they were interested in extra-curricular activities, and student government is one of the best. Extra-curricular activities are an important part of a college education.

Explaining the organization of his party, Dye said the steering or policy-making committee heads the clique or party membership. The steering committee is composed of the clique chairman, vice chairman, secretary-treasurer, the five party managers, and a representative from each class. The five committee managers are campaign, finance, platform, membership, and publicity.

Party balloting for candidates will probably be held Oct. 30, he said, adding that nominations will be open probably a week before, Oct. 23.

Then the candidates will visit dormitories, residence halls, and fraternities in preparation for the fall election on Nov. 10 and 11. Freshman and sophomore class presidents, vice presidents, secretaries and treasurers.

Rudolph Lutter, Lion's candidate for All-University president in the past election, also addressed the group.

## Conduct--

(Continued from page one) AA office discovered students were selling their tickets for the price printed on them.

Replaced by Books The reserved seat tickets were replaced by AA books, which were in effect for football games up until this year.

This year the use of AA books was replaced by special tickets, containing a certain section, row, and seat number. There was a price printed on the ticket. However, under a compromise plan, students must now sit in only the section printed on the ticket, not the row and seat.
