

# 7 Lion Party Posts Announced by Dye

Managerial and chairmanship positions to the Lion party steering committee were announced Sunday by Thomas Dye, clique chairman.

Those appointed were Richard Moon, finance manager; Jack Halpern, membership chairman; Edward Fegert, publicity manager; Donald Patterson and Joseph Emyedy, platform co-chairmen; Robert Nurock, campaign manager; and Thomas Emerick, veterans manager.

Speaking before approximately 50 members and would-be members of the steering committee, Dye said that although the position of veterans manager was not provided for in the party's constitution he felt that Emerick, being a veteran, was well qualified.

Approximately 65 freshmen attended the second and final organizational meeting of Campus party which was also held Sunday.

Allen Davies, clique chairman, announced that nominations for the election of freshmen and sophomore clique officers would be held at 7 p.m. Sunday in 10 Sparks. Davies elaborated on the functions of campus political parties and student government, especially detailing the structure of All-University Cabinet.

Dye also released the appointments of four students to party coordinating positions in dormitory areas. They are: Clark Polak, Nittany-Pollock; Samuel Parsons, West Halls; Carol Tuckerman, McAllister Hall, and Mary Mertz, Atherton Hall.

Appointments to remaining positions on the Lion steering committee, other than the seven made Sunday, will be made at 2 p.m. Sunday in 217 Willard, Dye said.

He said he felt that all steering committee meetings should be open to the public so that "pertinent" persons could attend and give advise or information if needed. In the past, the majority of steering committee meetings have been closed.

## Crash--

(Continued from page one) Mountain View, N.J., swerved out of control and crossed the two-lane highway directly into the path of the students' vehicle.

Hiller was traveling west and the students were traveling east when the cars collided.

The impact of the collision hurled the students onto the pavement and scattered parts of the car over a 200 foot area, police said.

Hiller, who was enroute to his former home in Honesdale, was apparently asleep at the time of the accident, according to state police.

A passing motorist discovered the wreck and an ambulance from nearby Port Jervis was called. Because of the dense fog outside of the town, the ambulance did not arrive until two hours later.

John Fry, junior in business administration, arrived at the scene shortly after the accident. Fry said the heavy fog made driving speeds of five miles an hour necessary, causing the delay in the arrival of the ambulance.

Hiller, who was slightly injured in the collision, was also admitted to the hospital.

Both cars were completely demolished. State police estimated the loss at \$3300.
