Budget Is Approved By Panhel

Panhellenic Council last night voted to accept a \$1650 budget for 1955-56.

The Council also voted to propose a \$10 assessment on all sororities of thirty or more members and a lower amount on those with less than thirty members to cover the cost of rushing. This proposal will be carried back to the individual sororities for approval before the assessment is enacted.

Joanne Caruso, council president, explained that the rising cost of rushing necessitated the assessment. This is because the council took over the printing of the invitations for the coffee hours and held two formal rush periods this school term instead of only one as in previous years.

The council heard two committee reports. Jean Yemm, chairman of the housing committee, reported that Otto Mueller, director of housing, had agreed to let suite furniture be removed for rushing parties, provided the moving is done by the housekeeping staff.

Miss Yemm said, however, that Mr. Mueller seemed to feel that rushing should be altered to suit housekeeping by extending the rushing period, so that parties would be held in the dormitory recreation rooms over a period of several nights.

Carol Knight, chairman of the committee on revised rushing rules, reported the possibility of holding open houses in January in place of the Freshman Tea.

The Council voted to go in with AIM, Leonides, and IFC in sponsoring the Gridiron Ball, to be held Pitt weekend.

UN Display Will Open This Week

An exhibition honoring the tenth anniversary of the United Nations will be put on display this week at the Pattee Library.

Displays will be located in the main lobby, the second floor, and the reference room. A special feature of the exhibition will be a three dimensional scale model of the Secretariat Building and flags of member nations of the UN in the reference room.

Also included in the display will be a collection of first edition stamps of UN nations loaned by Dr. David Russell of the College of Education.

Samples of various UN publications received by the University through global subscription and copies of reports and publications to various agencies of the UN will also be shown in the reference room.

A highlight of the exhibition will be the display of a book, "UN, The First Ten Years," written by Clark M. Eichelberger, executive director of the American Association for the United Nations. Eichelberger will be guest speaker at a dinner tomorrow night at the State College Hotel marking the 10th anniversary of UN day.
