Morse Announces Resignation

West Virginia Given 14-Point Spread Over Lion Gridders

By ROY WILLIAMS

MORGANTOWN, West Virginia—Penn State meets platoon football in its strictest sense here today when it tangles with powerful West Virginia, listed eighth in the nation, before an expected crowd of 31,000 at 2:30 EDT. Penn State, owning a 2-2 record, enters the game a two-touchdown underdog for the second straight week and again meets an undefeated eleven.

West Virginia Coach Art Lewis, who has seen his squad engineer upsets over the Lions during the past two years, says: "Two platooning gives our boys a chance to rest during the game, and still be able to go all out." He's been alternating two full platoons regardless how close the game has been. The games haven't been close; consequently even his third and fourth strings have seen action.

The traveling party left University Park at 8 a.m. yesterday by bus for Uniontown and its overnight headquarters at the Summit Hotel, where a practice session was held on the hotel golf course at 3:30 p.m.

Radio station WMAJ will carry the Lion-Mountie encounter beginning with Warm-up Time at 2:10 and following with game at 2:15 this afternoon.

Today's game marks the first tilt between the "Big 3"—West Virginia, Penn State, and Pitt. The Mountaineers currently possess the steel trophy awarded to the winner of the mythical conference. They won it by defeating both Pitt and Penn State in 1953, and retained possession when the three split against each other last fall.

The two teams meet today for the 22nd time; Penn State holds the edge with 14 wins against six losses. One game ended in a tie. The series started in 1904.

West Virginia was the underdog last year and the year before, and won it both times. In 1953 it was a 20-19 win on Beaver Field; last year it vaulted to a 19-14 upset on the same field.

In a personal series Coach Rip Engle holds a one-game lead over Lewis. Engle won the first three, and Lewis the last two.

Engle began the series with three victories. His Lion teams slammed the Mounties, 27-0, in 1950 following with a 13-7 squeaker in 1951. In 1952, the last time the Lions traveled to Morgantown, Penn State was victorious, 35-21. (Continued on page six)

Dye Announces 24 Dorm Appointments In Nittany-Pollock

Thomas Dye, Lion party clique chairman, Thursday night announced the appointment of Clark Polak as dormitory coordinator for the Nittany-Pollock area.

Dye also announced the appointments of 23 students to serve under Polak in the dormitories.

Joseph Matais was appointed assistant coordinator. The group dormitory managers are John Welsh, Herbert Levin, Gerald Bogus, and Edward Knoll.

Those appointed dormitory managers were George Mauler, Jack Yapple, Alan Baer, Donald Hackney, David Monk, Lynn Hoffman, Roger Sevota, Edward Terry, Francis Summalin, Michael Shamy, Theodore Cieniewkz, Stephen Baker, Donald Veater, William Clemets, Lawrence Feissner, Howard O'Conner, Jack Morrison, and Ralph Souder.

Dennis Gets Commission Appointment

Larry Dennis, administrative assistant to the president of the University, has been named by Gov. George M. Leader as vice chairman of a newly-organized advisory group, the Governor's Commission on Higher Education.

The function of the commission will be to survey, analyze, and appraise existing or proposed programs of instruction in the Commonwealth's colleges and universities, and state assistance to such programs.

Leader Cites Awareness

Governor Leader explained that he has become increasingly aware of the magnitude and complexity of the problems confronting institutions of higher learning in Pennsylvania.

"I am convinced," Governor Leader said, "that the Commonwealth itself has large, although presently unmeasured, responsibilities in assisting our colleges and universities to accomplish their mission."

Dr. Paul R. Anderson, president of the Pennsylvania College for Women, is chairman of the commission.

List Other Members

Other members are Dr. E. L. Biemserfer, president of Millersville State Teachers College; Dr. Millard E. Gladfelter, provost and vice president of Temple University; Father Francis X. N. McShane, director of development, Villanova University; Dr. Roy F. Nichols, dean of the Graduate School and vice provost of the University of Pennsylvania.

Dr. Charles B. Nutting, acting chancellor of the University of Pittsburgh; Dr. Ira B. Reid, professor of sociology at Haverford College; and Dr. Howard R. Reidenbaugh, executive secretary of the Pennsylvania Association of Colleges and Universities.

Faculty Club to Meet

Dr. John O. Almquist, professor of dairy physiology, will address the Faculty Luncheon Club at noon Monday in the Hetzel Union Building.

Burgess Suffers By Not Heeding Own Warnings

David R. Mackey, assistant professor of speech and borough Burgess, performed a classic example of the "do as I say but not as I do" theory Tuesday.

Mackey, who has issued many warnings to motorists about all-night parking, forgot to take his car off the street before retiring Tuesday night.

He awoke Wednesday morning to find a parking ticket placed prominently on the windshield of his car.

And like hundreds before him, he joined the line at the ticket desk in the Municipal Bldg. and paid his \$2 fine.

In the future, motorist David Mackey will probably heed the warnings of Burgess David Mackey. It's cheaper that way.

Faure Asks Disbandment Of Assembly

PARIS, Oct. 21 (AP)—Premier Edgar Faure announced tonight he will ask the French National Assembly next week to approve its own dissolution so general elections can be held early in December.

The Premier said he was taking this exceptional measure because, "We have arrived at a moment where very important and very grave decisions must be taken which will engage the national political life and even the national life in its entirety for a long period."

A new Assembly is needed to make such decisions, Faure declared, so continuity can be assured and the deputies will not be forced to act with one eye on a coming electoral campaign.

Normally, the next elections would be held in June 1956, at the expiration of the five-year mandate of the Assembly. Never before in French history has a Legislature hastened its own end. And there is no assurance that this one will agree. One big stumbling block is that the present complicated election law is highly unpopular.

To Complete 26 Years Of Service

University Provost Adrian O. Morse, who has served in the administration for more than 26 years, yesterday announced his resignation effective "on or before June 30, 1956."

Morse, who is 60 years old, said his reason for resigning was solely a desire for a "change" in occupation. He said he intends to enter a "quite different field" where he could "meet new situations and think along new lines."

Morse said he promised himself "many years ago" that when he reached 60—which he called a milestone in a man's lifetime—he would drop his present occupation and enter an entirely new field. He said he did not know what the new field would be, but added it would not be college administration.

Resignation Approved

His resignation was approved "with great reluctance" in the Oct. 14 meeting of the executive committee of the University Board of Trustees.

In a letter of Sept. 1 to Dr. Milton S. Eisenhower, president of the University, Morse said: "This is not the place to tell you how much I shall miss Penn State, which has been my life for so long; to make this decision has not been easy."

"So long as I live, the progress of Penn State will be close to my heart."

Eisenhower Replies

In his reply Dr. Eisenhower said: "The committee has asked me to express to you its profound gratitude for the years of devoted and inspiring leadership you have given the educational program at Penn State."

"For myself, I must say that after our nearly 30 years of friendship and collaboration—the last five and a half as colleagues here at Penn State—I find it difficult to realize you will no longer be available for constant counsel and advice."

Morse joined the administrative staff in 1929 as executive secretary of the University. He was appointed to the position by the late Dr. Ralph Dorn Hetzel, president of the University from 1926 until his death in 1947.

Named President's Assistant

In 1935, in a reorganization of the president's office, Morse was named assistant to the president in charge of resident instruction, and in 1951, he became provost of the University. He served from 1951 to 1954 as assistant secretary of the Board of Trustees.

Prior to his appointment to the University, he had served as assistant to the U.S. Secretary of Agriculture.

From 1922 to 1923, Morse was instructor in English at the University of New Hampshire; from 1923 to 1928 he was executive secretary of that university; and (Continued on page eight)

Alpha Phi Delta Fined \$25 by IFC

Interfraternity Council Board of Control fined Alpha Phi Delta \$25 Thursday night for failing to register a third semester student whom it had pledged last May.

The rule violation was discovered by the Fraternity Affairs Office during a check of fraternity rushing and pledging activities. The rule violation by Alpha Phi Delta states: "The official pledging list and the two dollar pledge fee must be turned in (to IFC) not later than two weeks following the date of pledging."

Prexy to Visit Family Home

Dr. Milton S. Eisenhower, president of the University, will represent his family Sunday at a dedication of an Eisenhower ancestral home at Elizabethtown in Dauphin county.

The home was built in 1854 by Jacob F. Eisenhower, grandfather of President Dwight D. Eisenhower and his brothers.

The family moved to Kansas from the Pennsylvania farm in the summer of 1878.

Dr. Robert L. Johnson, president of Temple University will deliver the dedicatory address and Robert E. Woodside, judge of the State Superior Court, will preside.

President Eisenhower, who in the past has visited the home, has extended his appreciation of the dedication and has expressed his regret that he is unable to attend the ceremony.

Clear Weather Forecast; Tomorrow to be Warm

Clearing weather with an expected high temperature of 60 degrees has been forecast for today by the department of meteorology.

The low temperature tonight will be near 35. Tomorrow, somewhat warmer weather is anticipated, with increasing cloudiness in the afternoon and a chance of frost Sunday night. The high temperature yesterday was 64.

Chest Drive Misses Goal With \$3500

Contributions to the Campus Chest solicitations drive this year amounted to \$3,516.90, falling short of the \$6000 goal by \$2,483.10.

The drive officially ended at 10:30 last night, but the money is still expected to be turned in today, John Riggs, chairman, said. The distribution among the 15 participating organizations will be released in Tuesday's Daily Collegian.

Acacia won the fraternity trophy with \$83.50, and Kappa Kappa Gamma contributed \$144.65 to win the trophy for the sorority. Both groups had 100 per cent of the members contributing, and the highest amounts of money.

Kappa Delta Rho was a runner-up with \$79.58, as were Sigma Delta Tau with \$74.10, Triangle with \$69.01, and Delta Zeta with \$61.60.

B level Hamilton Hall had the highest percentage for independents with 96 men contributing \$89.15.

Last year the top fraternity contributed \$53 and the highest sorority gave \$66.

Solicitations from the Campus Chest drive last year amounted to \$4059.59. The total year's proceeds were \$4160.60, less than two-thirds of the \$7250 goal. The three day drive was extended
