

# IFC Asked to Eliminate Bad Publicity Incidents

Interfraternity Council was asked last night to try to eliminate incidents which may become sources of bad fraternity publicity.

Robert Bullock, IFC president, cited a letter from Harold W. Perkins, assistant dean of men, which gave examples of certain types of distasteful incidents. Bullock urged each

Hyland, Penn halfback, picked up Valentine's booming kickoff on his three, and returned it to the 25 where center Frank Reich tackled him. Hyland fumbled and Calderone recovered on the Penn 26. On the next play Lenny Moore lost eight yards, but Penn was penalized to its 19 for a personal foul. Six plays later quarterback Bobby Hoffman pushed over from the two for the 13-0 count.

Penn played a stalwart defensive game until the final seconds when quarterback Milt Plum engineered a 65-yard TD drive in 10 days. Plum passed to Kwalik for four yards and then to end Ron Markiewicz, converted halfback, who carried to Penn's 19 on the 29-yard pass play. Kwalik picked off a 10-yard aerial and then a nine-yard toss to tally at 14:32. Plum made it 20-0 with the extra point.

Penn stymied Engle's 5-3 defense early in the game with its balanced line offensive attack, and added to the confusion by working off both the single wing and straight T. In the first half it picked up 66 yards plus 55 in the final half for a 121 total.

Quarterback Dick Ross kept his attack on the ground as he attempted only five passes in 53 plays with Soph Frank Reipl and fullback Stan Chaplin doing five running chores against Penn State's spotty line play.

Facing nothing that it had not seen against West Virginia or Navy, Penn State managed to slow the Penn attack that netted seven first downs in the final six minutes of the first half. In one instance Penn moved to the Lions' 25 but missed the first down by a yard.

Coach Steve Sebo's squad, almost never in the ball game, held Moore to 49 yards as the Lion speedster received little blocking support throughout the contest.

## Club to Hear Byers

Richard O. Byers, assistant professor of journalism, will address the Penn State Camera Club at 7 tonight in 316 Sparks.

Byers will discuss general camera procedure and photo composition. University students and faculty members have been invited to attend.

## Ag Club Will Initiate

The Block and Bridle Club will hold a formal initiation for members at 7:30 p.m. tomorrow at Alpha Zeta fraternity. Members are requested to attend the affair.

Franklin L. Bentley, retired professor emeritus of the department of animal husbandry, will be the guest speaker.

representative to ask the cooperation of their respective houses in erasing all such incidents.

The letter from Perkins scored freshman drinking in fraternities as a major problem. The danger, the letter stated, lies in freshmen who drink in houses, then return to their dormitories and cause a commotion. Bullock asked each house to make sure there are men on door-duty whenever there is drinking in a house. Thus, he said, men who are already inebriated, may be refused entrance to a house.

## Cites Second Incident

The second incident cited by Perkins' letter was that of an informal rushing ceremony. One night, the letter said, a hostess at one of the women's dormitories reported a group of men performing initiation requirements in the dormitory courtyard.

It is such incidents as these, Bullock said, that cause fraternities to get a bad name.

## FMA Reports Due

In other action, IFC representatives were told they must have their reports on Fraternity Marketing Association turned in to the Hetzel Union desk by Nov. 14. At its last meeting, IFC had voted to require all fraternities to make a definite decision on FMA—yes or no—by Nov. 14.

The marketing group acts as a buying agent for member fraternities and acquires discounts for these fraternities through quantity buying. However, during the past year, FMA has had trouble trying to increase membership. Member houses now total approximately one-half of the 53 fraternities on campus.

IFC also heard a request by O. Edward Pollock, assistant dean of men, that fraternities submit copies of their constitutions and by-laws to his office. Pollock said the request was made because the majority of constitution copies which the dean of men's office has are out of date.

Fraternities which are comparatively new to the University will be omitted from this requirement, he said.

## Fair Weather Forecast

Tomorrow's weather is forecast generally fair with moderate cloudiness, gusty winds, and a chance of light showers late tomorrow night, according to the department of meteorology.

The expected high will be 50 degrees, with a minimum temperature of 25 tomorrow night.

## AIM Judicial to Meet

sible for labor and manpower problems affecting Army contractors and the administration of nearly 1 million employees of the Army Service Forces.

He was also a member of the National Building Trades Stabilization Board and served as an alternate for the Undersecretary of War Manpower Commission.

## Frosh Council to Meet

Final plans for entering a booth and a candidate for king in the Mardi Gras will be discussed by the Freshman Council at 6:30 tonight in 217 Hetzel Union.

The council will also discuss possible revisions in the procedure for election of officers in freshman women's dormitory units.

# 'Push Cart' Race Discussed by TIM

Tentative plans for a "push cart" race open to University organizations were discussed at a meeting of Town Independent Men last week.

The contest will be conducted on the basis of elimination races. TIM will construct and design the carts for the race.

Men's and women's champions will be awarded trophy and a \$25 cash award. All profits after the cost of building the carts is deducted will be donated to the campus chest, Leonard Phillips, TIM social chairman, said.

The carts will consist of a long board with two rows of wheels attached at one end. The wheels will be designed to wobble when the car is pushed, making it difficult to push straight forward, Phillips said.

Plans which Phillips said he hoped he could soon submit to director of student affairs, Wilmer E. Kenworthy, call for a \$10 entrance fee for each group entering a contestant.

If Kenworthy gives his approval, the proposal will go before the Senate Committee on Student Affairs for final action.

Phillips said a final date and place must be selected by TIM before the proposal together with sketches of the carts is presented to Kenworthy.

In other action, a committee under the direction of projects chairman, Richard Cole, was appointed to locate facilities for a series of TIM-sponsored Sunday afternoon concerts. Present plans call for holding the concerts at fraternities.

Bill Norman, senior in psychology from Wilkes-Barre, was appointed chairman of a committee to investigate the possibility

of publishing a TIM newspaper. The appointment followed discussion of coverage of TIM by the Daily Collegian and a statement by Bruce Lieske, AIM president, who said "Collegian doesn't give enough" publicity to any organization.

The TIM mixer held last Friday evening in the Hetzel Union Ballroom, was termed a success by social chairman Phillips who said more than 500 attended. He announced that TIM is planning another dance for January.

TIM members wishing to participate in intramural sports were asked by Cole to report to the TIM office to sign for individual teams.

## AIIE Student Chapter To Meet at 7 Tonight

The student chapter of the American Institute of Industrial Engineers will meet at 7 tonight in 317 Willard.

William Bastian of Haller, Raymond and Brown, State College, will discuss statistics and their use as a tool of management.

Applications for membership may be secured at the meeting.
