

Cabinet to Hear Encampment Report Listing Plan For Self-Reorganization

All-University Cabinet tonight will hear a Student Encampment Report on Student Government, which includes a plan for reorganizing Cabinet membership.

The report, which will be presented by Robert McMillan, senior class president, recommends that membership be "specifically reconsidered" on four present members. They are Women's Recreation Association, student Athletic Association, Board of Dramatics and Forensics, and Board of Publications.

The report further recommends that the president of the Graduate Student Council and a foreign student representative be invited to sit in on Cabinet. The proposed plan calls for the president of the Graduate Student Council to have an ex-officio, non-voting seat.

AIM Board Suggests 4 Probation

The Association of Independent Men's Judicial Board of Review last night recommended to the dean of men's office that four students from the Nittany area be put on judicial probation and that two of the four also be put on office probation.

Two of the students were sophomores and one was a junior.

Judicial probation means that the students will be asked to attend meetings of the judicial board at times to be decided by the board. The students will not have to attend every meeting of the board.

The four were involved in an incident which took place in Nittany Dorm 40 which finally resulted in the explosion of a firecracker.

The trouble started when two of the students disarranged a bed in the adjacent room. The occupants of that room then retaliated by spraying shaving cream around the walls and in the general area of the door of the first two. They said when this produced no "results" they got a firecracker, lit it, and wedged it under the door. The explosion summoned the resident counselor who immediately put the students on report.

All four students agreed that in general the dorm has not been a noisy one this semester.

The two who set off the firecracker received office probation in addition to the judicial probation because the board felt that they were more directly involved in the action which brought the incident to the attention of disciplinary authorities.

Office probation means that the names of the students are kept on file by the dean of men's office and that they might be subject to a call into that office for consultation about their behavior.

In all cases a letter will be sent home to the parents of the students, explaining exactly what action has been taken.

All the recommendations of the board are subject to appeal to the dean of men's office within five days. If the appeal is honored it will be heard by the Senate Committee on Student Affairs Subcommittee on Discipline.

Reorganization has been recommended because Encampment committee members felt that certain Cabinet members do not represent a majority of the student body.

Every student is now represented directly on Cabinet by his class and student council presidents, the president of either the Association of Independent Men, Interfraternity Council, Panhellenic Council, or Leonides, be-

AGENDA

- Reports of Committees: Encampment Student Government Report—Robert McMillan
 - Encampment—Peter Kiefer
 - Old Business
 - New Business
 - Announcements
 - Appointments
 - Adjournment
- All-University Cabinet will meet at 7 tonight in 203 Hetzel Union. The meeting is open to the public.

sides the All-University officers, who are elected by the entire student body.

Women students have further representation through the president of the Women's Student Government Association and Women's Recreation Association. Men are further represented by the student Athletic Association.

If a student is a member of a journalistic organization which has membership on the Board of Publication and/or a member of an organization with membership on the Board of Dramatics and Forensics, he again is represented on Cabinet.

Peter Kiefer, Encampment chairman, will also present a report on the conclave held last September at the Mont Alto Forestry School.

Warmer, Partly Cloudy Weather Is Forecast

Today will be partly cloudy and warmer with the minimum temperature in the high 40's, according to students in the department of meteorology.

Less than one-tenth of an inch of snow fell yesterday. The high was 43 degrees and the low 29.

Froth Circulation Staff to Meet

The Froth circulation staff will meet at 6:30 tonight in the Froth office, located in the basement of the Hetzel Union Building.

CPA Senior Board to Meet

The Senior Board of the Central Promotion Agency will meet at 6:45 tonight in the Hetzel Union building.

Hat Societies To Solicit Funds For Olympics

Hat Society Council last night agreed to cooperate with the State College Junior Chamber of Commerce in soliciting funds for the 1956 Olympics at the Pitt-Penn State football game Nov. 19.

Robert K. Kistler, attorney and member of the Commerce, said that although solicitations are not usually permitted at football games, an exception was made in this case.

Solicitors may pass among the crowd and collect money at the gates. However, they are not allowed to collect the money in an organized manner at half-time or pass the contribution cans along the rows.

Kistler explained that the Olympic drive is endorsed by Life magazine and is being carried on nationwide in conjunction with the Junior Chambers of Commerce. This drive is necessary, he said, because the government does not underwrite the Olympics, which are being held next year at Melbourne, Australia.

The Council agreed to have the members of the Hat Societies solicit the funds before, during, and after the game.

However, the problem of the pre-game honor guard, and the seating of members will have to be overcome.

Senior Involved In Auto Accident

Peter H. Krall, senior in animal husbandry from Catasauqua, was involved in an automobile collision Sunday on Rt. 322 four miles west of Potters Mills.

Krall's car collided with a car operated by June E. Norris, New Cumberland.

The two cars were traveling in opposite directions when they collided.

Damage to both cars has been estimated at \$500. No one was injured.

Insurance Club to Meet

The Penn State Insurance Club will meet at 7 tonight at Pi Kappa Phi Fraternity. Marshall Davis, a 1950 graduate of the University and a representative of the Pennsylvania Association of Insurance Agents, will speak.

Campus Chest Gets \$1000 in Donations After Drive Closes

Since the official close of the four-day Campus Chest solicitations drive, \$1060.65 has been collected to boost the total to \$4577.75.

The goal was \$6000. Solicitations from last year's drive amounted to \$4059.59, falling short of the \$7250 goal, also.

Expenses, estimated at \$500, were reduced more than one-half this year, as compared to the \$1310.02 of last year.

The three religious organizations will each receive a share of \$976.81. Through direct card designations, the University Christian Association will get \$209.80; Newman Club, \$224.35; Hillel Foundation, \$100.35.

Groups to Divide Money

The remaining total of \$442.31 was designated to the religious groups but not to a particular one. The sum will be divided according to the percentage of students on campus of each religion.

The total contributions have been designated to the following: Salvation Army, \$472.89; Damon Runyon Cancer Fund, \$418.76; Penn State Student Scholarship Fund, \$382.80; United Cerebral Palsy of Pennsylvania, \$358.99.

American Heart Association, \$340.46; American Cancer Society, \$398.01; World University Service, \$205.32; National Scholarship Service Fund for Negro Students, \$193.31; American Red Cross, \$159.31.

Centre County Heart Association, \$88.47; Women's Student Government Association Christmas Fund, \$47.42; State College Welfare Fund, \$35.78.

Contributions Still Withheld
Frederick Romig, tabulations chairman, said that eight solicitors are still withholding money. However, this should not change the totals more than \$100, he said.

The average donation per student was 35 cents, which is very poor for University students, Romig added.

The original goal per individual was \$1.00.

The highest contribution by a fraternity was \$83.50, and the highest sorority gave \$144.65. Both groups had 100 per cent contributions.

The highest percentage for independents was 96 men contributing \$89.15.

Psych Club Will Meet

The Psychology Club will meet at 8 tonight in the Psychology Laboratory to see the film "Breakdown."

The film will show the hospital experiences of a mental patient.

Pi Gamma Alpha Will Meet

Pi Gamma Alpha, art honorary society, will hold a smoker at 7 tonight at Tau Kappa Epsilon.

Morse Says No Policy For Rink

Adrian O. Morse, provost, said the University has no policy in effect in regard to the skating rink, according to a report given last night by William Norman, publicity representative of Town Independent Men.

Norman reported that Morse said the amateur ice show is a very good idea and suggested that the idea be talked over with Ernest B. McCoy, dean of the College of Physical Education and Athletics, and Wilmer E. Kenworthy, director of student affairs.

Norman to See Kenworthy
Leonard Phillips, TIM social chairman, said that Kenworthy told him he was in favor of the idea but that details must be worked out. Norman will see Kenworthy today concerning the ice show.

Norman said the prospective ice show is developing into more than he expected. He said "students are really behind the plan." He announced that approximately 30 students have signed up for skating in the ice show.

Announces Plans

Phillips announced to TIM that present plans for the show include a full scale musical production on an amateur basis. It was reported at the meeting that TIM expects a loss on the ice show, if it is held, of approximately \$100. Phillips explained that the loss is expected because the show, if held, will be the first and expenses will be high. Phillips said he did not expect the loss to continue in future years.

Although Morse stated that there is no University policy concerning the ice rink, Robert B. Rutherford, Jr., in charge of the skating rink, told the Outing Club that they could not hold an ice show, Norman said.

TIM proposed an open house to be held at the ice rink for members of TIM. Admission would be free, and the organization would pay, if necessary for the use of the rink.

Blood Contributions Total 687 Pints

By MARIAN BEATTY

Blood contributions reached a total of 687 pints in the final day of the student blood drive. Two hundred fifty-seven students donated blood yesterday.

The three-day total was more than 200 pints below the 900-pint goal set by the committee. Officials cited broken appointments as the chief reason for the failure of the drive to reach its goal. Three hundred twenty students did not appear to give blood at their scheduled times.

Walk-ins helped to offset this factor, as 254 walk-ins donated blood during the three day drive. One hundred nine, the highest single day total, was contributed yesterday.

Committee co-chairmen Jean Yemm and James Culbertson described the drive as "satisfactory." Miss Yemm remarked that in general cooperation has been excellent, although she considered the

number of broken appointments "highly disappointing." Both co-chairmen considered the extra day added this year worthwhile. Culbertson said he would recommend that the extension be made in future drives.

Sixteen students were rejected yesterday for physical reasons. A total of 46 were rejected during the three days of the drive.

Hostesses for the drive were Kappa Kappa Gamma, Delta Del-

ta Delta, Alpha Omicron Pi, and Kappa Delta sororities. Members of Sigma Alpha Epsilon fraternity assisted Monday in setting up equipment.

Blood donations were supervised by University doctors and nurses and technicians from Johnstown.

The drive was sponsored by the Red Cross campus unit in connection with the Johnstown Regional Blood Center.
