

Encampment—

(Continued from page one) of representatives of the Graduate Student Council and the University's foreign students.

Cabinet accepted a motion that Seely appoint a committee of five students to investigate a recommendation that Cabinet revise and reinstate the list of financial reimbursements for students holding certain positions and special committees.

Under the same section, the committee recommended that Cabinet investigate the expense accounts of standing committees now receiving compensation.

Another recommendation concerned the establishment by Cabinet of a committee to implement a proposal by the 1954 Encampment concerning representation on Senate committees.

The proposal recommended that student representatives serve in an advisory capacity on every Senate committee except the Rules Committee. The students would be chosen by a joint Cabinet and Senate committee.

Commenting on the lack of interest in the All-University elections and the college council elections, the Student Government Committee stated it felt voting at both elections would be increased if voting was combined at a central voting location.

Cabinet referred the suggestion to the Elections Committee and the Inter-College Council Board.

Cabinet also accepted a list of recommended student positions to be represented at next fall's Stu-

dent Encampment at Mont Alto.

The list of 81 positions was prepared by the Encampment Committee as specified by a motion made at Cabinet last spring. The motion, made by Ben Sinclair, former chairman of the Board of Dramatics and Forensics, asked that the committee present the list to Cabinet before Nov. 15.

Several Cabinet members asked whether the list should be approved as the official number of student positions at Encampment. Seely said, however, that Cabinet should only accept the list so it will remain flexible, should Cabinet wish to add or delete positions this spring.

John Riggs, Campus Chest chairman, presented a breakdown of tentative monetary allotments from Campus Chest's proceeds to its member charities. Seely asked that discussion be referred until next week when Riggs could present a detailed report.

Architecture Exhibition Continues in Main Eng

An exhibition, entitled, "The Reunion of Architecture and Engineering," will continue on the first floor of Main Engineering Building until Nov. 28.

Sponsored by the department of architecture, the exhibition is circulated by the Smithsonian Institute Traveling Exhibition Service. It was hung by members of Pi Gamma Alpha, art honorary society.

PHOTO COPY Service. We copy everything but money. Everything for the artist. Open evenings. Call AD 7-2304.

TIME OUT FOR LUCKY DROODLES!

WHAT'S THIS?

For solution, see paragraph below.

EVERY ONE OF THE PEOPLE in the Doodle above (titled: Lucky smokers playing poker) has a good deal. Because they all smoke Luckies, they all enjoy better taste. Luckies taste better, first of all, because Lucky Strike means fine tobacco. Then that tobacco is *toasted* to taste even better . . . cleaner, fresher, smoother. So light up a Lucky yourself. You'll rate it *aces high* for smoking enjoyment.

DROODLES, Copyright 1953 by Roger Price

COLLEGE SMOKERS PREFER LUCKIES!

Luckies lead all other brands, regular or king size, among 36,075 college students questioned coast to coast. The number-one reason: Luckies taste better.
