

# 1500 Expected to Attend Ag Hill Party Tonight

Approximately 1500 guests will eat a turkey dinner served cafeteria style at the fifth annual Ag Hill Party tonight in Rec Hall.

During the evening's program, which gets underway at 5 p.m., over \$10,000 in scholarships and awards will be presented to 71 undergraduate and graduate students in the agriculture college.

## 25 Students To Be Guests Of Eng Council

Twenty-five Williamsport High School students will visit the University Tuesday as guests of the Engineering Student Council.

Members of the Council will guide the students through the departments of the College of Engineering and Architecture.

Setting a date for the council's open house was tabled until the next meeting on Nov. 29 at a council meeting his week. A committee is to be set up to study the proposals of the open house, an engineering booklet for high school students, and a science fair program to be held in conjunction with the College of Chemistry and Physics.

A coffee hour will be held Thursday at a time and room yet to be decided, coffee hour chairman, Karl Kirk, announced.

Allan Knappenberger, junior in industrial engineering from West Leesport, suggested that the council "help pay part of the expenses" to send John Bergey, senior in industrial engineering from Harleysville, to Northwestern University. The council set aside \$35 for Bergey.

He will represent the University and receive a fourth place national prize in recognition of the work done in a time and motion project.

## Delta Nu Alpha Initiates Seventeen Members

Delta Nu Alpha, transportation fraternity, has initiated 17 new members.

New initiates are Eugene Barashes, Ray Coward, John Coyle, George Fox, Robert Johnson, Carl Jensen, Clyde Kane, Richard Kurtz, William Little, Wendell Larimer, Donald McNally, Ronald Mountain, Kenneth McCulloch, Robert Pashek, Gerald Robinson, James Sponsler and Robert Womeldorf.

## Snowball Fight Quelled By State College Police

State College police were called upon Thursday night to quell a mass snowball fight in the 400 block of Fairmount avenue.

Police found about 75 students from four or five fraternities tossing snowballs. Several windows in Delta Chi were broken during the melee. Officers questioned several students, who said they knew nothing.

# Ordnance Laboratory Dedicated

By DAVE BRONSTEIN  
Scientific and military cooperation is the key to the strength and survival of the nation. This was emphasized yesterday at the dedication ceremonies of the Ordnance Research Laboratory.

Rear Admiral Frederic S. Withington, Chief of the Bureau of Ordnance, said that "We are determined not to have the disaster of World War I happen again." He was referring to the United States' lack of scientific knowledge in combating torpedo and submarine warfare.

The occasion marked the first dedication of the ten-year old laboratory which is under a contract by the University with the Bureau of Ordnance.

The Laboratory, established on Jan. 1, 1945, under Dr. Eric Walker, Dean of the College of Engineering and Architecture, works with the research and development of torpedoes.

"This work is important and the Laboratory is doing a fine job," Withington said. "Dean Walker is one of the many who have done splendid work."

Five rules to encourage new ideas, cited by Withington, were: keep well trained men who have shown previous ability; supply full information to all; keep workers in close contact in order to interchange thoughts; maintain good facilities; and keep the environment in best condition to eliminate frustration.

Dr. Milton S. Eisenhower was scheduled to speak at the dedication, but the return of his brother to the White House yesterday altered Dr. Eisenhower's plans.

Lawrence Dennis, administrative assistant to Dr. Eisenhower, substituted for him. Dennis said that the mantle of leadership rests on the United States.

"Whether we ask for it, or not, the responsibility of leadership is ours for generations to come," Dennis said. "The free world looks to us to build peace with justice."

# Investigation On Housing Bogs Down

No definite action has yet been taken on the investigation of downtown rooming houses according to Robert Cole, president of Town Independent Men.

Cole said there are many details to be ironed out before concrete action can be taken. He declined to elaborate on the details.

Certain of the rooming houses downtown came under fire two weeks ago when an unidentified town independent student wrote a letter to Dr. Martin McFeathers, chairman of the student affairs committee, describing the houses as "fire traps." The matter was discussed at a borough council meeting, but no action was taken.

According to Cole, Eugene Fuller, executive secretary of Borough Council, has stated that he has no objection to an investigation of student rooming houses which might be violating fire prevention rules.

Cole reported two weeks ago that a committee had been appointed to contact State College fire marshal Bruce Homan and ask him to make spot checks of rooming houses.

There has been no report as to whether or not Homan has made such checks. Homan is a voluntary borough official and receives no compensation for his work.

In his letter to McFeathers the student said, "some students are now living in fire traps that are almost at a point of what might be considered definite safety risks."

## Phys Ed Council To Air Constitution

Proposed amendments to the present constitution and the student convocation to be held Thursday morning will be discussed at the meeting of the Physical Education Council at 7:30 p.m. Monday in 2 White Hall.

The Student Major Club of the Physical Education College will sponsor its third student convocation of the year. The convocation will consist of a lecture on little league baseball.

Ann Farrell, council vice president, will conduct the meeting in the absence of Council President Dean Mullen who will be away for the remainder of the semester student teaching.

## Freshman-Soph Mixer To Feature Tri-Tones

The Tri-Tones will provide dance music at the Freshman-Sophomore Mixer from 2 to 5 p.m. today in the Hetzel Union ballroom.

Arthur Schraivesande, freshman class president, and Samuel Wolcott, sophomore class president, will give farewell addresses.

## Bus Ad Council to Meet

The Business Administration Student Council will meet at 6:45 p.m. Monday in 107 Willard.

Robert Krakoff, co-chairman of Career Day, will report on the Career Day program.

# Air Force Salute

THE AIR FORCE drill team fires a salute during Veterans' Day ceremonies held yesterday in front of Old Main. Units from all three Reserve Officer's Training Corps participated.

# HEC Scholarship Winners Honored at Awards Banquet

Thirty-three recipients of Home Economics and Hotel Administration scholarships and awards were honored at the third annual awards banquet sponsored by the Student-Faculty Board of the College of Home Economics last night.

Dr. Grace M. Henderson, dean of the College of Home Economics, introduced the thirteen donors who presented awards to each of the recipients. Dr. Henderson spoke on "The Outlook for the College of Home Economics."

Richard R. Packer, seventh semester hotel administration major from Newtown, was toastmaster for the banquet. Dr. E. Elizabeth Hester, associate professor of foods and nutrition, and Packer were co-chairmen for the affair.

Dr. Dorothy Houghton, assistant dean in charge of resident instruction, introduced the awards winners. Roberta Sankey, seventh semester home economics major from Pittsburgh, delivered the response.

Awards winners are Edwin Brown, Roberta Sankey, Raymond Mazurkiewicz, John Voegler, Joyce Barger, Mary Bieber, Ethel Bower, Carolyn Dawson, Rita Mayernick, Barbara Scharf, Barbara Serfass, Julia Squier, Sara Walter, Edgar Mueller, and Barbara Ray.

Beatrice Rickert, Karen Bixler, Roberta Brown, Nancy Jendricks, Marie Thierwechter, Stanley Cheslick, Donald Solomon, Luther Walbridge, Kay Berry, Eve-

lyn Bunting, Marie Cohen, Sally Jervis, Myla Johnson, Janice Juppenlatz, Joan McCollister, Alice Morrow, David Turner, and Larry Wright.
