

27 Persons Killed In Airliner Crash

SEATTLE, Nov. 18 (AP)—A fiery midnight crash of a faltering airliner, chartered by soldiers to speed them homeward from the Far East, killed 27 passengers in a residential area today.

Seventy-four persons were aboard the DC4 as at least one of its four powerful engines spluttered and possibly failed after taking off from Boeing Field. Forty soldiers were taken to hospitals with injuries. Nineteen were released by noon. A woman and three children escaped with only bruises.

Five of the soldiers were reported in critical condition. Every person aboard the plane was injured to some degree, although some only slightly.

The co-pilot, Fred Hall of Miami, said from his hospital bed 12 hours after the crash that he did not believe engine trouble could have caused the crash. He said there was trouble in one engine but that the remaining three are "enough to get that type of plane up without too much trouble." He also said it was not overloaded.

The three members of the crew of the Peninsular Air Transport Co., of Miami Springs, Fla., survived.

A witness to the carnage said, "It was a miracle anyone lived through that crash."

foreign ministers conference requires any change in President A. Nothing that happened at the Eisenhower's earlier estimate that the likelihood of war has diminished.

Q. Will the so-called 'cold war' be resumed in full vigor?

A. "We must assume that the Soviet Union will continue its efforts by means short of war to make its system prevail. . . . We can, however, hope that this competition will not entail all the same hospitality and animosity which so defiled the relations between us in the past."

Q. Will the United States now have to change basically its military and mutual security programs?

A. No. The United States has not lowered its guard "on the basis of Soviet promises." Its security programs "are designed to meet the peril as long as it continues."

Russian Premier, Party Boss Visit India, Far East

NEW DELHI, India, Nov. 18 (AP)—Soviet Premier Nikolai Bulganin and party chief Nikita S. Khrushchev got a roaring welcome today on their arrival for an 18-day state visit in India.

The first remarks from the visitors—made by Bulganin—contained no hint that the Russians are here for any other reason than to repay Nehru's visit to Moscow five months ago.

But India today is the strongest single bulwark against Communist Asia, for despite flirting with Red China and the Soviet Union in recent months India, under Nehru, still is counted as the world's largest voting democracy.

If Bulganin and Khrushchev could win India further from the West politically and economically and closer to the Soviet sphere of influence, they would achieve a major victory in the struggle for world power.

Hits Tax Cut

HARRISBURG (AP)—Republican State Chairman Miles Horst today described as "ridiculous" an administration proposal to cut the state tax on aviation gasoline from 6 to 1½ cents a gallon.

Kefauver Attitude to Determine Democratic Nomination Fight

CHICAGO, Nov. 18 (AP)—Sen. Estes Kefauver of Tennessee appeared today to hold the key to whether there will be a bitter fight over the 1956 Democratic presidential nomination.

Signs of a collapse of "favorite son" movements cropped up on all sides as Democratic state chairmen indicated the same strong trend of preference for Adlai E. Stevenson as that which came out of previous sessions of the party's national committee.

Behind closed doors, the chairmen filed in state-by-state details of a campaign national chairman Paul M. Butler said will get underway early in February, six months before the party's standard bearer is chosen here.

By all the signs, Stevenson, the 1952 nominee who officially got in the race again earlier this week, had the inside track for next year's prize.

Author O'Conner Held in Contempt

WASHINGTON, Nov. 18 (AP)—Author Harvey O'Conner, who refused to tell Sen. Joseph McCarthy (R-Wis) whether he was a Communist, was fined \$500 and given a suspended one-year jail term today.

U.S. Dist. Judge Joseph C. McGarraghy ruled O'Conner was guilty of contempt of Congress for refusing to answer a loyalty question.
