

# University Enrolls 174 Foreign Students

By NANCY SHOWALTER

Serving as host to the largest number of foreign students in its 100-year history, the University has opened its doors to 174 men and women from 51 different countries this semester.

Although 56 countries were represented last year, only 165 students were enrolled.

The students feel that the University students are friendlier this year than they have been in the past few years, according to Mrs. Rebecca Doerner, secretary for foreign student affairs.

All of them had at least one invitation to spend the Thanksgiving vacation in homes, and some have invitations for the Christmas holidays, she said.

### Few Chose to Stay

A few chose to stay in State College, either because of religious dietary reasons or to study.

Two of the students were invited to the Indonesian Embassy in Washington, D.C., and one had been invited to spend Thanksgiving in the Mexican Embassy.

Twelve of the students stayed in Pine Grove, a small town about 150 miles from Pottsville. The town has made it a community project to house the students over Thanksgiving.

### Curriculum Enrollment

The foreign visitors, including undergraduate and graduate students, research associates and staff members, are enrolled in practically every curriculum. Most of them are enrolled in agriculture, engineering, the sciences, and home economics.

As in the past, Canada has contributed the largest number—21. India is second with 13 students, and England third, with 12. Japan is represented by 11, and the Philippines by 10. There are nine students from Formosa, seven from Indonesia, six from China, and four each from Columbia, France, Greece, Puerto Rico, and Thailand.

### Countries Sending Three

Three students each have come from Australia, Brazil, British West Indies, Chile, Germany, Israel, Korea, Pakistan, Scotland, and Venezuela.

Burma, Denmark, Iraq, Italy, Norway, Sweden, and Switzerland each sent two students.

One student has come from each of the following countries: Argentina, Bolivia, Cuba, Egypt, El Salvador, Finland, Guatemala, Honduras, Iran, Lebanon, Liberia, Malaya, Mexico, the Netherlands, Netherland West Indies, New Zealand, Okinawa, Spain, Trinidad, Uruguay, and the Gold Coast.

## Faculty Team To Observe Burma Eclipse

A team of six faculty members have left for Burma where they will observe for the Air Force the annular eclipse on Dec. 14.

David C. Whitmarsh, Jr., associate professor of engineering research at the Ordnance Research Laboratory, will lead the team, which will be one of 11 teams from this country.

The eclipse begins with the rising of the sun in Central Africa and forms an arc across Southern Asia ending in the Pacific, east of Formosa.

The team will be photographing the eclipse and measuring the total light by means of photoelectric equipment.

Members of the team, in addition to Whitmarsh, are Charles W. Young, Raymond Amundsen, Salvador E. Alvarez, and Webster P. True, Jr., all of the Ordnance Research Laboratory; and Dr. Charles W. Rutshky, assistant professor of entomology.

### Columnist Predicts—

tion whose problems are a hundred-fold greater."

When his brother became president, Dr. Eisenhower set up a policy of not discussing politics through University news sources. He also has refused to comment during his travels on the movement which has placed his name among the prospective Republican nominees.

## Hobo—

(Continued from page five)

Bums are also expected to follow this rule.

When asked to point out some unusual acquaintances he made that summer, Dr. Murphy described a bum whose only desire was to marry a rich widow and wear \$200 suits. When Dr. Murphy last heard from the man, he had achieved his goal. Another man had been a successful engineer, but because of an accident occasionally lost the control of his voice. He could not get a job and so had become a bum.

Once Dr. Murphy entered a "jungle" and found a "legitimate" dope addict. The man was a newspaper reporter and had become a dope addict as a result of overdoses of dope for the treatment of wounds inflicted in World War I.

When he was discharged he was given a card which stated that he was a "legitimate" dope addict and would be allowed to buy narcotics. He had been to the rodeo on an assignment and his wallet was stolen, along with the card. Unable to get dope, the man had finally drifted to a jungle with an extremely bad case of nerves.

First he threatened to kill himself, then he decided to kill everyone around him. The bums and hobos pooled their resources and bought some paragonic dope for him. When Dr. Murphy left the jungle, the reporter had contacted his editor and was await-

ing a reply. Dr. Murphy learned what happened to the man.

A hobo's life is one of constant travel—on freight cars mainly, of brief acquaintances with many people, and of begging and searching for food. But it is a life of no responsibility—one can come and go as he pleases—and

there is always the brotherhood of the other hobos.

Dr. Murphy said that whenever he hears the whistle of a train ready to depart it brings back fond memories of a vagabond's life. He added that, to him, it is a life that is not constructive enough to be satisfying.

## Hillel to Stage New York Hit

Three one-act plays make up the program of "The World of Sholom Aleichem," the off-Broadway stage hit which will be presented at 8 p.m. Thursday in the Hillel Foundation auditorium.

Tickets for the production are \$1.50 and may be bought at the Hillel office, the Hetzel Union desk, Kaye's Korner, or Kalin's Men's Shop.

The three plays include a folk story, "A Tale of Chelm"; a dramatization of the short story "Bontche Schweig," by Peretz; and the one-act play entitled "The High School," by Sholom Aleichem, noted Yiddish humorist.

## CLASSIFIEDS

### FOR SALE

PROMPT PROFESSIONAL radio and television service batteries for all portables. State College TV, 282 S. Allen St.

DELICIOUS CIDER 50c gal. plus 10c deposit on Jug. Truck at Werner's Ice Cream Store Sat. afternoon, Sat. nights, Sun. afternoons. Bring containers if possible. Party orders can be arranged.

## HI! JOIN ME FOR A LUCKY DROODLE?

WHAT'S THIS?

For solution, see paragraph below.

HERE'S A DROODLE THAT PACKS A PUNCH. It's titled: Lucky smoke rings blown by prizefighter with tooth missing. It packs a moral, too: Why knock yourself out looking for a better-tasting cigarette when all you have to do is light up a Lucky? Luckies taste better, first, because Lucky Strike means fine tobacco. Then, that tobacco is TOASTED to taste better. So light up a Lucky. It's the winner—and still champion—for better taste!
