

Drummond Says Prexy 'Not Likely' To Get GOP Nod

Roscoe Drummond, nationally syndicated columnist, writing in Collier's magazine, says that it "isn't likely" that Dr. Milton S. Eisenhower, president of the University, will receive the Republican nomination if his brother decides not to run.

But Drummond continues: "... it is not impossible, and circumstances which could make it possible could come into being."

Alderfer Sworn In New Post

Dr. Harold F. Alderfer, head of the department of political science, was sworn in Tuesday in Washington, D.C., as assistant commissioner of operations of the Urban Renewal Administration.

Dr. Alderfer, a faculty member for 27 years, has applied for a leave of absence. He will assume his post at the end of the month.

Dr. Alderfer said last night that his new job will consist of "handling the operational problems of the program for slum clearance and urban renewal." He will work out of Washington, visiting the six regional offices of the administration.

\$2 Billion in Projects
The administration is now conducting over 300 projects worth more than \$2 billion, he said.

After receiving his B.A. degree from Bluffton College, Bluffton, Ohio, in 1922, he received his M.A. and his doctor's degree in school citizenship and public affairs from Syracuse University.

Dr. Alderfer came to the University in 1928, upon completion of work on his doctor's degree.

2 Leaves of Absence
Twice during his 27 years at the University, he was granted leaves of absence. For six years he was director of the Bureau of Municipal Affairs of the Commonwealth of Pennsylvania, and for two years he served as a local government specialist with the Economics Cooperation Administration in Athens, Greece.

Dr. Alderfer, also executive secretary of the University's Institute of Local Government, is married and has three children. His new job pays \$12,900 a year.

2 Seniors Chosen To Live on Farms In Israel, Finland

Two University seniors have been selected as 1956 International Farm Youth Exchange delegates.

Martha McDonald, home economics major from near Shippensburg, and Eugene Seifrit, agricultural education major from near Mohnon, will leave for foreign countries soon after graduation.

Miss McDonald, the 1955 Pennsylvania Apple Blossom Queen, will live in Israel, while Seifrit will be sent to Finland.

The two will live and work on farms in the countries.

Expenses of the delegates will be paid by the Pennsylvania State Grange, the Pennsylvania Farm Bureau Cooperative Association, the Pennsylvania State Electric Association, and other contributors.

Theses Due Jan. 21

Candidates expecting to receive an advanced degree on Jan. 30 may deposit their theses in the Graduate School office until noon Saturday Jan. 21.

TODAY'S WEATHER

CONTINUED WARM

More Time Sought Between Semesters

Students might be given more time between the fall and spring semesters next year because of the rush which occurs prior to registration each February.

The administration anticipates the usual amount of confusion and drop-adds as the spring semester gets underway and it is preparing to eliminate the trouble for next year.

Adrian O. Morse, University provost, told the University Senate yesterday that "something will have to be done" about the situation early next semester.

He asked the faculty members to "bear with it" this year but to mitigate the rush by handing grades in promptly.

Even with this cooperation, he said, students will not have proper time before registration for deciding their courses and counseling with their advisers.

Coed Placed On Probation For Plagiarism

A woman student in the College of Home Economics, found guilty of academic dishonesty involving plagiarism, has been placed on disciplinary probation for one year.

The disciplinary action, announced yesterday by Wilmer E. Kenworthy, director of student affairs, was taken by the committee on academic honesty in the College of Home Economics.

The student was the fifth to be penalized under the present academic honesty policy. Earlier this week Dean of Men Frank J. Simes announced that a third semester student in the division of intermediate registration was given the same punishment for cribbing.

Disciplinary probation prohibits a student from participating in extra-curricular activities. The action is recorded on the student's transcript and notification is sent to the Dean of Women, the student's dean, and adviser, and her parents.

A second offense leads to suspension.

Warm and Cloudy Predicted for Today

The weather forecast for today is continued warm with scattered cloudiness, according to students in the department of meteorology.

The expected high temperature is 40 to 44 degrees. The low will be approximately 20.

Yesterday's maximum temperature was 38, with a low of 29 in the morning.

BULLETIN

PITTSBURGH, Jan. 5 (AP)—Westinghouse Electric Corp. today rejected a federal mediation and conciliation service recommendation that disputed issues in a 12-week-old strike be submitted to a fact finding board. Instead the company proposed a secret ballot by striking workers on a motion to end the walkout.

Writing in the Jan. 20 issue of the national magazine, he goes on to say:

"You can sense something of the appeal, in prestige and political 'oomph', of a ticket which read: Earl Warren and Milton Eisenhower; or Christian Herter and Milton Eisenhower; or Thomas Dewey and Milton Eisenhower; or, perhaps, Richard Nixon and Milton Eisenhower. And there are some influential Republicans who would like to see any of these tickets reversed."

'Ike Won't Use Office'

However, Drummond says President Eisenhower will not use his "office of influence in behalf of the nomination of a member of his family. I would think it accurate to say that while the President will not help Milton to either place on the 1956 ticket, he would not resist it; far from it."

Drummond says Dr. Eisenhower has "no trigger-happy interest in politics. His overriding purpose is to do all he can all the time, in the light of the special relationship of trust between them" and "to assist his brother and relieve the President wherever he can..."

'Prexy's Concern to Policies'

Drummond says that Dr. Eisenhower's concern, if President Eisenhower does not run, will be the same as his brother's—"to ensure the nomination of a man generally committed to the President's policies and purposes."

"He could be expected to work energetically and even politically to produce this result and it is realistic, I think, to assume that he would be open to any place on the Republican ticket which would guarantee the continuation of what Dwight Eisenhower has stood for."

Drummond quotes President Eisenhower as saying: "I think I would rather take Milton's views than those of anyone else. He's a unique brother."

Dr. Eisenhower has placed high in polls conducted to determine whom the public would like see receive the nomination if his brother decides against running, Drummond says.

Dr. Eisenhower has 16 years experience in the Federal government, beginning with the Coolidge administration.

Harvard Prof to Give 1956 Priestly Lecture

Dr. George B. Kistiakowsky, professor of physical chemistry at Harvard University, has been selected as the 1956 Priestly Lecturer.

He will deliver the annual lecture series, April 16 to 20, on "Fast Chemical Reactions."

Ike's Union Message Lists Fiscal Plan

WASHINGTON, Jan. 5 (AP)—President Dwight D. Eisenhower laid before Congress today a massive "program for the Republic" that contemplates a balanced budget, a token payment on the national debt, but no tax cuts now.

In language paralleling that of some leaders of both parties in Congress, Eisenhower spoke against lowering taxes at the expense of "fiscal integrity" and a balanced budget; against "going further into debt to give ourselves a tax cut at the expense of our children."

Forecasts Income

He forecast that government income will match outgo by mid-year, and said he would propose a continued balance for the year following.

Many Republicans and some Democrats applauded that, but the reaction to the message in general was the usual melange of plaudits and digs, keyed pretty much to party allegiances in this election-year Congress.

The presidential report encompassed recommendations—some new, some old, most of them advertised in advance—for a stepped-up, "many-sided attack" on the farm problem, for highway, school, housing, health and disaster relief programs.

Urges Changes

It urged immigration legislation, aid for chronically depressed communities, labor law changes, an atom-powered commercial ship, water and power projects, equal pay for equal work for women, and an investigation to determine whether Negroes are being deprived of their right to vote and are being "subjected to un-

warranted economic pressures."

With Russia's leaders following "tactics of retreat and zigzag" and still unwilling "to create the indispensable conditions for a secure and lasting peace," Eisenhower proposed "constant improvement" of America's defenses and those of the free world.

Asks Foreign Aid Boost

He backed this up with a bid for limited authority to make longer-term foreign aid commitments, a request for a substantial boost in funds to spread understanding of America through the U.S. Information Agency, and a promise to keep up the pressure against the "vast wrongs" of a divided Germany, the "bondage of millions elsewhere, and the exclusion of Japan from United Nations membership."

The 8,500-word document was plunked down in Senate and (Continued on page two)

10 Will Skate In Ice Show At TIM Mixer

Ten students have taken parts in the ice skating show to be presented at the Town Independent Men's Mixer from 8 to 10 p.m., Friday, Feb. 17.

Admission will be free to town independents while other students will be charged 25 cents.

Norman Shoup, a skater with professional experience, will do a solo comedy act. Karin DeJuhasz and Stephen Nichols will figure skate together.

Colleen Daniels will do a figure skating solo. Jane Reed and Catharine Klepper will present one number. Stephen Weitz will do a figure skating solo. Harry Stack, Arthur Carroll, and Linda Quinn will do a dance routine.

John Sapper, chairman of the mixer, will be replaced by Fred Mock, a member of TIM, when the new semester starts. John Tannenbaum is helping with skating arrangements.

Robert Cole, president of TIM, said that final arrangements have been made to hold the mixer. He said that Ernest B. McCoy, dean of the College of Physical Education and Athletics, is in favor of the plan.

Cole added that if the mixer is a success, the program could be expanded for a future event.

The program for the mixer includes three intermissions during which students will give an exhibition.

Members of TIM and the skaters have set up a program of organized skating.

Accreditors Report Due This Spring

The full report of the Middle States accrediting team which evaluated the University last November will not be available until early spring, after the individual reports are compiled, according to CampusScope, University employees' magazine.

The findings of the accrediting team will result in one of several final decisions: (1) Reaffirms an institution's accreditation; (2) Withholds accreditation pending satisfaction of some suggested deficiencies; (3) Asks an institution to show cause why it should not be dropped; (4) Drops and institution.

Conflict Exam Schedule To Be Printed Tuesday

Due to a delay in the scheduling office the schedule for conflict examinations will not be published in Collegian until Tuesday, Jan. 10.

Timetables for the Spring semester will be on sale Jan. 18 at the scheduling in the basement of Willard Hall.
