

Attempt Cited On Negro's Life

TUSCALOOSA, Ala., Feb. 8 (AP)—A University of Alabama official formally reported today that a riotous mob was "trying to kill" a Negro coed when she was surrounded while meeting classes there Monday.

Jeff Bennett, assistant to O. C. Carmichael, university president, said he made the report to Gov. James E. Folsom,

Hennings Drops Investigation Of \$2500 Gift

WASHINGTON, Feb. 8 (AP)—Chairman Thomas C. Hennings (D-Mo) of the Senate Elections subcommittee today abandoned his efforts to make an immediate investigation of the \$2500 campaign contribution offered to Sen. Francis Case (R-SD).

He said he wanted to avoid "an unseemly tug of war" with a special four-man committee the Senate appointed yesterday for the express purpose of looking into the offer.

The money was tendered to Case during the fight over the natural gas bill. He refused to accept it.

Navy Patrol Plane Found in Jungle

SAN JUAN, Puerto Rico, Feb. 8 (AP)—A long-range U.S. Navy patrol bomber, downed while heading for rescue operations in Antarctica, was found today in a North Venezuelan jungle marshland. The eight men aboard were reported unhurt.

The two-engine Neptune P2V was sighted in a clearing on the ground in the Orinoco River delta 25 miles northeast of Boca de Uraoa. A U.S. Air Force helicopter was being readied at Ramey Base near San Juan to pick up the downed airmen.

who is ex-officio chairman of the university board of trustees.

Folsom was not in his office to receive the report, and Bennett conferred at Montgomery with Legal Adviser Frank Long, Executive Secretary O. H. Finney and Press Secretary Ralph Hammond.

No Decisions Reached
Bennett said no decisions were reached because such matters are left to the governor and school president.

"They were screaming 'let's kill her,' and were trying to open the car doors," said Bennett. The school official narrowly escaped serious injury when a large stone shattered the rear window of the car he was driving after Autherine Lucy and Sarah Healy, dean of women, had left it.

Those Present
"In my opinion those who were there to kill her weren't students," although students were in the crowd, said Bennett. He wouldn't try to identify the outsiders.

Miss Lucy, the Negro coed, was barred from the campus for safety reasons by the board of trustees following eight hours of uncontrolled disturbances.

She threatened the board with legal action unless she is readmitted by tomorrow morning, but the board has announced no change in its stand.

Ike Asked to Veto Bill

WASHINGTON, Feb. 8 (AP)—Rep. Kelley (D-Pa.) today asked President Eisenhower to veto the natural gas bill.

The Greensburg congressman said in a telegram that "living as I do in the midst of gas consumers I feel this would prove to be a hardship upon them."

Ike Asks More Immigration

WASHINGTON, Feb. 8 (AP)—President Dwight D. Eisenhower called on Congress today to open America's doors to 220,000 immigrants a year. This would be an increase of about 65,000.

In a special message to Congress, Eisenhower asked:

1. That the formula for admitting immigrants for permanent residence be based on the 1950 population. The 1920 base now used permits 154,657 to come in each year.
2. That the extra 65,000 be distributed among countries in proportion to their actual immigration since 1924. Generally speaking, the present quotas for southern European countries are over-

subscribed; some northern European countries have not used up their quotas.

3. That "quota numbers that are unused by countries to which they are allocated should be made available for use elsewhere" in the succeeding year. Under present law unused quotas become void.

4. That the attorney general be given discretionary power to handle the thousands of individual alien cases now handled by "private bills" in Congress. These bills permit an alien to stay in the country or enter the country. The

President said the bills put "undue and largely useless burdens" on Congress and the chief executive.

5. That Congress amend the law requiring the fingerprinting of every alien who applies for a visa to visit this country. Eisenhower asked that other "travel obstacles" also be removed.

While he dealt mainly with letting more people in, Eisenhower also had some remarks about getting rid of "the relatively few aliens who have demonstrated their unfitness to remain in our midst."

U.S. Responds To Red Note

WASHINGTON, Feb. 8 (AP)—The United States, responding to a Soviet protest, today ordered an immediate halt to launchings of U.S. weather balloons from Germany and Turkey.

Balloons there will be grounded pending a study of whether they have been flying over Russia.

This move came as a followup to a conciliatory note delivered to the Kremlin earlier in the day. The note promised that "The United States government will seek to avoid the launching of additional balloons which, on the basis of known data, might transit the U.S.S.R."

In response to queries about this promise, the State Department news division said:

"As a practical matter, pending further study, balloon launchings in Germany and Turkey will cease."

Parole Head to Retire

HARRISBURG, Feb. 8 (AP)—Maj. Henry C. Hill said today he will retire as chairman of the state Parole Board, effective April 1.

CLASSIFIEDS
