

U.S.-Britain Split Is Denied By Lloyd

LONDON, Feb. 13 (AP)—The British told the Russians today the sudden Moscow unveiling of Donald Maclean and Guy Burgess could not drive a wedge between Britain and the United States.

Foreign Secretary Selwyn Lloyd accused Kremlin leaders of lack of candor in pretending for more than four years they knew nothing about the former diplomats who vanished from British sight in 1951.

Lloyd told a tense House of Commons the Russians would fail if they tried to make propaganda use of the ex-diplomats to drive a wedge—as he put it—between the United States and Britain.

He said the Russians might have timed the unveiling of the two men Saturday to upset the accord reached between Prime Minister Anthony Eden and President Dwight D. Eisenhower in their recent Washington talks.

The foreign secretary was commenting on speculation in government circles that the Kremlin brought forth the renegade Britons to revive American doubts about the sharing of atomic and other secrets with Britain.

Gen. Douglas MacArthur already has suggested that Burgess and Maclean—accused by the Foreign Office of being long-term Soviet spies—leaked information about American orders of battle during the Korean War.

Lloyd said Soviet Foreign Minister V. M. Molotov and Communist party boss Nikita S. Krushchev only recently had parried British queries about Burgess and Maclean reporting they knew nothing of their whereabouts.

"The House must form its own opinion about the veracity of those statements," Lloyd said. "This kind of conduct shows how difficult it is to establish relations of mutual trust, which the Soviet Union professes so much desire."

Eden followed Lloyd's blast against the Russians with an enthusiastic report to the Commons on his meeting with Eisenhower.

Entry Requirement Change Requested

MOSCOW, Feb. 13 (AP)—The Soviet government urged tonight that the United States drop fingerprinting as a requirement for entry of private visitors.

And it suggested the signing of special questionnaires now needed for visas could also be abandoned.

The Soviet position was stated in a Foreign Ministry memorandum to the State Department.

Econ Professor Elected Head Of New Group

Dr. Erwin E. Liebhafsky, assistant professor of economics, has been elected president of the newly organized Business Scholarship Society.

Twenty student and faculty members are charter members of the honorary society which has been established in the College of Business Administration to encourage high scholarship; to promote education in business; and to foster integrity in the conduct of business operations.

Other officers are Sheldon C. Tanner, professor of business law, vice president; Dr. George L. Lefler, director of planning and director of research in the College of Business Administration, secretary; and Charles J. Rowland, professor of accounting and head of the department of accounting and business statistics, treasurer.

AFL-CIO Council Attacks Ike's Plan Of Social Spending

MIAMI BEACH, Fla., Feb. 13 (AP)—The AFL-CIO executive council said today that President Dwight D. Eisenhower's social spending plans are "half-hearted in conception" and inadequate to meet welfare and economic needs.

The council called for "substantial" wage increases in 1956 and urged a tax cut for lower income families, plus school, road, hospital, housing and other federal aid programs more ambitious than the administration is sponsoring.

A political analysis made for the 29-man policy group of the merged labor organizations conceded, however, that Eisenhower's spending proposals have "to a large extent deprived the Democrats of some of their most appealing issues."

Nixon Denies Traitor Label Given Truman

NEW YORK, Feb. 13 (AP)—Vice President Richard M. Nixon said tonight he never called Harry S. Truman a traitor, as the former Democratic President complained. "I did not call Mr. Truman a traitor, absolutely not," Nixon told reporters.

Nor, he added, did he call the Democratic party the "party of treason" or question the loyalty of any of its leaders.

"I have always said that there is only one party for treason in the United States and that is the Communist party," Nixon declared.

"In all my public speeches and private talks I have always said that the loyalty of Truman, Adlai E. Stevenson and all the leaders of the Democratic party should not be questioned—only their judgment. The Alger Hiss case speaks for itself. Mr. Truman called it a red herring."

Truman several times recently has accused Nixon of calling him a traitor during 1952 campaign talks "all over the West." The former President said the alleged remarks made him fighting mad.

Nixon had kept silent on the growing political tempest stirred up by Truman's accusation. However, he made his public denial as he flew in to speak at a Lincoln Day dinner of the National Republican Club.

Ike to Get Heart Report; To Vacation in Georgia

WASHINGTON, Feb. 13 (AP)—President Dwight D. Eisenhower will get a Valentine Day medical report tomorrow on the condition of his heart. On Wednesday he will leave for a vacation in Georgia, and he may reach a final decision there on whether to seek re-election.

Russia Warns On Declaration

MOSCOW, Feb. 13 (AP)—Soviet Russia asserted today the Eden-Eisenhower declaration on the Middle East "cannot but disturb peace" in that area. It warned against any use of foreign troops there without a prior agreement of countries concerned and UN approval.

A statement issued to correspondents at the Soviet Foreign Ministry said "any activities aimed at complicating and increasing tension in the region of the Middle and Near East cannot but be a matter of legal jurisdiction and interest for the Soviet Union" because the situation there is directly related to Soviet security.

The ministry said its statement was prompted by the declaration by Prime Minister Anthony Eden and President Dwight D. Eisenhower Feb. 1 after their consultations in Washington.

A team of physicians including Dr. Paul Dudley White of Boston, will meet at the White House around noon tomorrow to start analyzing the results of a series of tests the President underwent Saturday at the Army's Walter Reed Hospital.

The doctors will tell Eisenhower how his heart is standing the strain of the presidency more than 4½ months after suffering a heart attack in Denver last Sept. 24.

His latest previous full-scale examination was in mid-December.

At that time the physicians said they should know by the middle of February just how complete Eisenhower's recovery was going to be. The President plans to weigh the results of the new physical in deciding whether to run again, but he told a news conference last week he probably will rely more on how he feels than on the doctors' reports.

The President also said last week he should have enough information by March 1 to make up his mind about bidding for a second term. And he strongly indicated he would announce his plans around that time.
