MISS BETTY GISHNER

OK Joe?

Nineteen year old Betty comes from Washington D.C., is in Home Ec, dates Arnie Hoffman and hopes to become an A.E.Phi.

We know that this doesn't take on the proportions of a major biography, but as Betty says, "My life has been comparatively uneventful."

Just photographed a large group at the S.P.E. formal Saturday night and might make mention of Dottie Kellert and Jean Hartley, two lovelies as noticed by untrained eye.

(Note - Besides our OK Joe girls, any girl whose name is mentioned as having been seen at a party we photograph will also be eligible for the trip to Bermuda. Details of judging in next week's column.)
