

# Milholland Rites—

(Continued from page one)  
In 1930, Judge Milholland, who had always maintained an active interest in University affairs, was appointed to the Board of Trustees to complete the unexpired term of William H. Teas. The University's alumni elected him to the board in 1932 and he was re-elected for eight three-year terms.

**Former Penn State Proxy**  
He was named acting president of the University on Oct. 3, 1947 following the death of President Ralph Dorn Hetzel. He remained in this capacity for almost three years, dividing his time between the University and his law firm in Pittsburgh, until Dr. Eisenhower assumed the presidency on July 1, 1950.

In a statement Tuesday night, Dr. Eisenhower said that Milholland was a devoted student, alumnus and leader of the University and had worked constantly to improve the quality of its program and to make its services available to the people of the state.

Ridge Riley, executive secretary of the Alumni Association, added:

"Judge Milholland served his alma mater faithfully and well for many years. He was an early and interested participant in alumni work. Even more valuable were his contributions as a trustee and, for a critical interim, as acting president of the University. The Penn State family will sorely miss his friendship and counsel."

Speaking for University students, Earl Seely said:  
"We are deeply moved to hear of the death of the Hon. James Milholland who devoted the major portion of his life to the many fields of endeavor of our institution of higher learning. He will be remembered as a friend of the Penn State students and alumni."

Surviving are his widow, Frances H. Milholland; a son, James Jr., of New York, a 1947 graduate of the University; and a daughter, Nancy, wife of Clay Sprecher, of Pittsburgh.

# Opinion—

(Continued from page one)  
The Engineering Student Council, will present the motion that graduating seniors be exempt from final examinations.

Yingling was instructed to take this action at Tuesday night's meeting of the Engineering Council. The motion was then proposed by Byron Smith, senior in electrical engineering from Hollidaysburg, who said that he felt that seniors were burdened with various last minute activities at graduation time. He also cited the reasons of the recognition of a senior's prestige and the lightened-work load for professors.

Seely said he will ask Cabinet to resume publication of an end-of-the-year report to the students on the things that student government has accomplished in the past year. The booklet, last published in 1952 is titled "Your Student Government" and is published in the spring.

The registration committee, headed by Robert McMillan, will present a report which will include recommendations to carry on registration on the basis of seniority as has been done in the past years.

# Banquet Sales Reported Slow

Tickets for the annual Brotherhood Banquet were reported to be moving slowly by official sources. Tickets are available aehht  
Tickets are available at the Newman Club, Hillel Foundation, University Christian Association, and the chaplain's office for \$2.

The banquet, sponsored by the Committee of Thirteen on Inter-religious Affairs, will be held at 6:30 p.m. Sunday in the Hetzel Union Ballroom.

# Community Living—

(Continued from page two)

Goodwin to the constitutional committee.

A recommendation will be made to the Office of the Dean of Men that a paid stenographer be appointed for the AIM Judicial Board of Review.

An appropriation of \$138 was approved for the purchase of a ditto machine from All-University Cabinet. The appropriation will be brought up for final approval at the next meeting of AIM.

# NSA—

(Continued from page one)  
and from there its correspondence will be sent to the proper department. That group will work on the problem and return the information either directly to the organization or through the Secretariat.

The Secretariat is responsible to the coordinator as well as to the four departments.

Seely said he wants NSA handled outside of student government. The coordinator should work in close contact with the All-University president on problems and issues which NSA wishes to have considered by Cabinet. Seely said. He said reports should be presented to Cabinet on a weekly basis and Cabinet should be kept well informed so it can vote intelligently.

Seely said that approximately five students will be appointed to each of the four departments excluding the chairman, and about

# Strate Named Food Chairman

Christopher Strate, first semester electrical engineering student from Elverson, was appointed food chairman of the Nittany area at a meeting of the Nittany Council Monday night.

Strate said that formal food complaint forms for the Nittany area can be obtained from him or at the AIM office in the Hetzel Union Building.

Joseph Bash announced that the council constitution has been rewritten and is almost ready for the printers.

Council announced that it hopes to extend its bluebook file by the end of the week. Nittany residents should give their old examinations to their dormitory presidents. He in turn will pass them along to a bluebook file committee.

the same number to the Secretariat.

# Question—

(Continued from page two)  
Hetzel Union Assembly Hall.

The council decided that the films "They Grew Up So Fast" and "The 1955 Pan-American Games" will be used for the program.

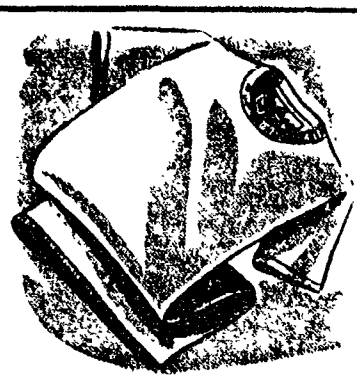

## Replacements Appointed

Because the treasurer and representative for the senior girls are student teaching, replacements were appointed. John Zerbe, seventh semester recreation major, will take over the treasurer's duties for Patricia Spatz, while Merion Lafferty, sixth semester physical education major, will represent the senior girls for Faith Rohann.

The council voted to invite Alton Blakeslee, Associated Press science writer, as a speaker for the student convocation on March 20.
