

Mat Lineup Altered For Illinois Meet

By FRAN FANUCCI

An unexpected sickness has forced wrestling Coach Charley Speidel to juggle his lineup in three weight classes for tonight's meet with the University of Illinois. Joe Humphreys, who can wrestle at 157 and 167, became ill earlier this week and was unable to make the trip to Champaign.

Speidel said he will more than likely move Dave Adams to the 157 slot and insert Earl Poust at 147. At 167 pounds is newcomer Ernie Young, who will be wrestling his first varsity match.

The rest of Speidel's lineup will be the same as against Syracuse. Sid Nodland will start at 123 pounds, Johnny Johnston at 130, and John Pepe at 137. Poust, Adams, and Young follow in that order with Joe Krufka and Bill Oberly anchoring the lineup at 177 and the heavyweight spots.

On the Illinois side of the picture, things appear slightly brighter for Coach Pat Patterson. According to reports received here yesterday, the Illini have been strengthened by the return of captain Larry TenPas, Dave Moore, and Harry Brownstein. Moore wrestles 123 pounds, TenPas 157 or 167, and Brownstein, 177.

TenPas, who was second in the Big Ten and third in the NCAA as a sophomore, won the Big Ten last year and ended second in the NCAA. His return gives the Illini the needed power at the 157 spot, which was considered the weakest weight in the lineup.

Illinois has a 3-6-1 record, a far cry from last year's 13-2 mark, but still rated fair since the Illini were missing some of their top men at the opening of the season.

Wins were scored over the Great Lakes Naval Training Station, 17-16; Michigan, 21-16; and Grinnell College, 20-11. Its losses were to Indiana, 27-6; Purdue, 23-17; Iowa State Teachers, 26-8; Minnesota, 32-6; and Iowa University, 28-10.

The Lions will be carrying a five meet winning streak into Illinois' Old Men's Gym tonight, with five starters—Nodland, Johnston, Pepe, Krufka, and Oberly—unbeaten in the five meets.

The Nittany matmen have scored victories over Cornell, Lehigh, Navy, Ohio State, and Syracuse.

The Lions are extremely

Steve Szabo
Illini heavyweight

Dave Adams
Shifted to 157

strong at the light and heavy ends of the lineup. Three of the unbeaten are in the first three weight classes with the other two being at the end of the lineup. The middle section—147, 157, and 167—have troubled Speidel throughout the year.

Adams at 147 is hot and cold, but lately he has been more on the hot side. At 157 Humphreys has won only one match and at 167 Speidel has been experimenting with three men—Ed Pasko, Ray Pottios, and Young. Both Pottios and Pasko have failed to live up to expectations, while Young will be given his first chance tonight.

Who Patterson will start tonight is anybody's guess. The veteran

mentor can use either Moore, Dave Fricker, or Dave Yates at 123 pounds. Fricker and Yates have not won a match this year, so it seems likely that Moore might get the starting nod.

Norb Sargent will start at the 130 slot with Bill Muther, who boasts the finest record on the squad, 4-1, at 137 pounds. Bill Gabbard will get the nod at 147 with TenPas following him at 157, with a possibility that TenPas may shift to the 167 spot.

If TenPas stays at 157 then Don Pierre or Dennis McCarron will start at 167. Either Brownstein or Butch Robinson will be the choice at 177, although Steve Szabo, who is slated for the heavy division, might be a surprise performer here. Szabo or Bob Alexander will start at heavy with Joe Saban standing a slight chance to break into lineup at this weight.

The Lions return home early tomorrow and resume heavy practice on Monday for their "dream" meet with Pittsburgh one week from tomorrow at Rec Hall.

3 Sororities, Thompson I Nip Foes in Hoop League

By LIL JUNAS

Beta Sigma Omicron defeated Kappa Delta 33-26; Alpha Sigma Phi swamped Delta Zeta 33-17; Kappa Alpha Theta slipped by Phi Mu 34-33; and Thompson I edged Leonides B 17-16 as the Women's Recreation Association's basketball league ended its next to last week of play.

Barbara Cox was high individual scorer for the night when she scored 16 points for the winning Beta Sigma Omicron sextet. Elaine Alexander also hit double figures with 10 markers.

Barbara Peck and Jo Fulton were the point producers for the losing KD's. They accounted for 22 counters.

KAT's Edge Phi Mu

Kappa Alpha Theta rallied in the second half to slip over Phi Mu 34-33.

Penny Erb and Mary Showers shared 24 points between them, and teamed up with Joan Brown, who sunk 10 markers, to lead the winners.

Sally Coltin was Phi Mu's best when she dunked 22 big points.

Alpha Sigma Phi Tops DZ

Alpha Sigma Phi kept control of the scoring column throughout its battle with Delta Zeta and topped the DZ's 33-17.

Barbara Cohen sunk 18 counters and Clare Stein dunked 12 more to lead the winning sorority in their victory.

Marge Elliot scored all but two of Delta Zeta's 17 points.

Leonides B Lose First

Thompson I sent Leonides B to its first defeat with a sizzling 17-16 win.

Ellen Donovan was high scorer for the frosh with eight points.

AGR, Phi Tau Lead Keglers

Alpha Gamma Rho and Phi Kappa Tau continue to lead in League A of the fraternity bowling league. Alpha Gamma Rho shut out Delta Tau Delta, 4-0, and Phi Tau did the same with Alpha Phi Delta. Both teams have identical 8-0 records.

Delta Sigma Phi also scored a shutout, over Phi Gamma Delta. In other games in League A, Alpha Zeta split even with Sigma Phi Epsilon 2-2, and Tau Phi Delta won over Alpha Epsilon Pi, 3-1.

In League B, Phi Epsilon Pi managed to remain unbeaten to remain in first place. The Phi Eps won 4-0 over Delta Tau Sigma Wednesday.

Outing Club Enters Eight in Ski Meet

By JOE CHEDDAR

The Penn State Outing Club will have eight representatives in the Pennsylvania State Ski Championships Saturday and Sunday at the Laurel Mountain ski slopes in Ligonier.

Dave Boucher, John Rowland, Gunther Maybach, Joe Phillips, and Karen De Juhasz will represent the club's Ski Federation team. Bruce Kunkel, Chuck Fried, and Dick Seybold will compete unattached.

The club will compete in both men's downhill and slalom. Miss DeJuhasz will enter the downhill, and slalom races in the woman's division.

The men's downhill race will be held Saturday noon, and the slalom event at the same time Sunday. Both women's events will be held Saturday.

In a warmup for the state championships during the weekend at the Boalsburg Ski slopes, Dave Boucher and Gunther Maybeck finished 1-2 in a downhill race.

Boucher and Mayback will probably be the club's top representatives in the coming meet if past records can be an indication of what's to come.

The club has planned an intercollegiate meet with Lehigh University on March 3 and 4. The site has not been decided because of the unreliability of favorable weather conditions in the State College area.

Robin Roberts Signs for 50 G's

PHILADELPHIA, Feb. 16 (AP)—Robin Roberts, 29, signed a contract today reportedly for a salary in excess of \$50,000, which would place him among the highest paid pitchers in baseball history.

"We wish it were only that much," the spokesman said when asked about the \$50,000 figure. "But pitchers of Roberts' type come high."

On the basis of reported salaries—most clubs refuse to divulge the actual figures—Bob Feller of Cleveland, Hal Newhouser of Detroit, and Bob Lemon of Cleveland, were supposed to have collected \$50,000 plus salaries. Feller's estimated \$87,000, including bonuses, is believed to be the all time high for a pitcher.

ELECTRICITY MAY BE THE DRIVER. One day your car may speed along an electric super-highway, its speed and steering automatically controlled by electronic devices embedded in the road. Highways will be made safe—by electricity! No traffic jams... no collisions... no driver fatigue.

Power companies build for your new electric living

Your air conditioner, television and other appliances are just the beginning of a new electric age.

Your food will cook in seconds instead of hours. Lamps will cut on and off automatically to fit the lighting needs in your rooms. Television "screens" will hang on the walls. An electric heat pump will use outside air to cool your house in summer, heat it in winter.

You will need and have much more electricity than you have today. Right now America's more than 400 independent electric light and power companies are planning and building to have twice as much electricity for you by 1965. These companies can have this power ready when you need it because they don't have to wait for an act of Congress—or for a cent of tax money—to build the plants.

The same experience, imagination and enterprise that electrified the nation in a single lifetime are at work shaping your electric future. That's why in the years to come, as in the past, you will benefit most when you are served by independent companies like this one.
