Cwens to Hold 'Spring's Debut' At Beta Theta Pi

"Spring's Debut," a fashion show and card party sponsored by Cwens, sophomore women's hat society, will be held from 1:30 to 4 Saturday afternoon at Beta Theta Pi fraternity.

Spring styles from the Charles Shop will be modeled by twenty-five coeds representing campus sororities and Leonides. The show is being held for the benefit of Cwens scholarship fund. The proceeds will go toward providing two scholarships for sophomore women.

Admission to "Spring's Debut" will be 50 cents per person. It will be open to the general public. Reservations may be made through Beau Barnes, president of Cwens, before Friday. Groups may reserve tables for a minimum of eight persons.

Music for the fashion show will be provided by Al Wyand and his combo. Cwens will sell refreshments during the affair.

Date Set For WSGA Installations

Installation of officers of the new Women's Student Government Association will be conducted at a convocation scheduled for March 21. WSGA elections will be conducted March 13 and 15.

A dinner will be held prior to the installation and the convocation will follow.

Invited guests include old and new WSGA Senate members and members of the dean of women's office. Martha Fleming, junior senator, is chairman of the project. A reception for the guest speaker, who has not yet been chosen, will follow the convocation. Installing officer will be the new Judicial Board chairman.

The marriage conference that WSGA is sponsoring in conjunction with three other organizations will be held March 12, 13, 14. Other organizations are University Christian Association, the Association of Independent Men, and the Interfraternity Council.

The conference is titled "Faith and Sex." The program for the conference includes a panel discussion, a speaker, and a play.

WSGA House will sponsor a clothing drive one week before spring vacation, beginning March 21, and will continue one week

him up, but I thought he was a pirate.

February 16
On this date in 1929 President-elect and Mrs. Hoover were entertained at a luncheon at Palm Beach, the decorations being red roses, white lilacs, and blue delphiniums. At the same time in London, Sir Arthur Keith, lecturing before the Royal College of Surgeons, said the human brain resembled a newspaper office, and I wish I knew just how he meant that.

February 22
According to Parson Weems, who heard it from an old lady who said she was a distant relative of all concerned, George Washington's exact words that time were these:
"I can't tell a lie pa; you know I can't tell a lie. I did cut it with my hatchet."
And the elder Washington spoke

after vacation. Boxes for the clothing will be located in each hostess' office and in the dean of women's office. The clothing will be donated to the Friends Meeting and then sent overseas from Philadelphia.

Martha Michener and Anne Nitraurer will be accompanied on their trip to Syracuse University on March 10 and 11 by Helen C. Sittig, assistant to the dean of women. They will attend a conference on women's student government.

precisely as follows:
"Run to my arms, you dearest boy, run to my arms; glad I am, George, that you killed my tree, for you have paid me for it a thousand-fold. Such an act of heroism my son, is worth more than a thousand trees, though blossomed with silver and their fruits of the purest gold."
This caused a whole series of small boys to eat their dinners from the mantelpiece for several days while the cherry tree became rare. One boy finally surmised that either the old lady or Parson Weems was lying. The case rests here today.

February 26
William F. Cody, alias Buffalo Bill, was born in Scott County, Iowa, on Feb. 26, 1846. He won his nickname by shooting nearly 5000 buffaloes in 1867, when he was only twenty years old and employed by the Kansas Pacific Railway to provide meat for its workers. Some say that Buffalo Bill never shot any buffaloes whatsoever, but I can announce that he shot plenty of clay pigeons with a shotgun said to be loaded with buckshot. Others say that he caused the buffaloes to become almost extinct; but that isn't true either. There were about 5 million buffaloes in those days, so he merely scratched the surface. You probably know what happened to them if you've ever seen buffaloes in the zoo. Moths got into them.

Five Receive Design Awards

Five students have been awarded prizes for the design of a mountain resort hotel in a contest sponsored by the Pennsylvania Brick and Clay Products Association.

The problem required the design of a hotel, supposedly to be built in the Seven Mountains between State College and Lewistown. Brick would be used in the construction. Juniors in architecture or architectural engineering were eligible to compete.

First prize of \$125 went to Clinton Glasgow, junior in architecture from Conneaut Lake Park, while Charles Rogers, junior in architecture from Springdale, won the second prize of \$50.

Honorable mentions with \$25 checks went to Stanley Cohen, junior in architectural engineering from Philadelphia; Monrow Frey, senior in architecture from Allentown; and Lewis Roscoe, junior in architecture from State College.

The presentations were awarded by John Horner, of Reading, secretary of the association.
