STATE COLLEGE, PA., FRIDAY MORNING, MARCH 2, 1956

FIVE CENTS

Brotherhood Theme Given Greek Week

"Greeks in Brotherhood" was chosen as the Greek Week theme and two dates of the Week's activities were changed at a committee meeting Wednesday.

Preliminary sing tryouts are scheduled for April 13 and 15 instead of 12 and 13. Because the outstanding pledge banquet and exchange dinners will be held on the 12th, it was decided that there would not be enough time after the dinner for tryouts, William Mills, IFC-Panhel sing co-chairman said.

State House To Debate 'Borrowing'

Debate is scheduled for next week in the State House of Representatives on a bill to increase the borrowing capacity of the General State Authority \$130 million, of which \$17,089,000 is earmarked for construction at the University.

The rules subcommittee sent the measure to the floor yesterday. If the bill is approved, the borrowing power of the GSA would be increased to \$460 million.

The University's share is the third largest of the added funds. The bulk—\$50,820,740—would go to the Department of Welfare. The Department of Public Instruction would receive \$29,445,000.

Largest of the University's proposed projects is a \$5,975,000 engineering building. Other projects include:

Completion of the Burrowes Building, \$1,850,000; maintenance service building, \$1,750,000; completion of the home economics building and movable equipment, \$1,650,000; military, air and naval science building and movable equipment, \$1,750,000.

Two turkey brooder houses, \$425,000; meat laboratory, \$550,000; swine research facilities, \$275,000; extensions and revisions to utility services, \$284,000; horticultural greenhouses and headhouse building and horticultural field service building, \$515,000.

Completion of electrical engineering building, \$1,500,000; alterations to agriculture buildings, \$265,000; water storage facilities, \$300,000.

UBA to Close Today

Today is the last day students may obtain their books or refunds at the Used Book Agency. The agency will close at 5 p.m. today.

Lucy Expelled From University

Editorial on Page 4
BIRMINGHAM, Ala., March 1 (AP)—The University of Alabama's trustees "permanently expelled" Negro coed Autherine Lucy on disciplinary grounds at a secret meeting last night.

The action, which leaked out early today, came within hours after U.S. District Court Judge H. Hobart Grooms

ordered the 26-year-old former school teacher readmitted to the Tuscaloosa campus by Monday.

Miss Lucy, first Negro ever enrolled at the 125-year-old school, was suspended Feb. 6 after three days of rioting by students and "outsiders" over her presence.

Charges Withdrawn

The Birmingham woman charged in her suit seeking readmittance that university authorities conspired in the mob action. The charges were withdrawn at the opening of the hearing yesterday.

In Montgomery, the House of Representatives adopted a resolution to establish a legislative committee to determine if the National Assn. for the Advancement of Colored People is Communist controlled.

The date of the IFC-Panhel banquet was changed from the 16th to the 18th because the Nittany Lion Inn was not available on the 16th.

The exchange dinner and pledge banquet on the 12th mark the beginning of the week. Preliminary sing tryouts will be held on the 13th. Work projects are expected to start at 12:30 p.m. on the 14th with the final sing competition scheduled for the 16th. A banquet on the 18th will conclude the Week's activities.

Each fraternity and sorority will send a pledge to the outstanding pledge banquet. The chapter president, the IFC representative or rushing chairman, and the chapter adviser will attend the IFC-Panhel banquet.

Organizations will receive bills for the banquets which should be returned before the affairs are held, Mills said.

Greek Week was shortened this year so the students would not lose interest in the events, he said.

Mills also said the aim of the theme is to show the brotherhood of all men, and not just Greeks.

Additional appointees to Greek Week committees announced yesterday are: Sandra Mayes, co-chairman of the IFC-Panhel banquet; Ann Forster, co-chairman of Greek Sunday; Thomas Hollenbach, co-chairman of Greek Sunday.

Barbara Budnick, co-editor of the booklet; Alfred Klimcke, co-editor of the booklet; Catherine Vandenburg, co-chairman of the sing; Frank McFadden, poster co-chairman; and Mowry Fox, associate editor of the booklet.

Special Faculty Meeting Called by President

President Milton S. Eisenhower called a special meeting of the faculty at 4:10 p.m. Wednesday in Schwab Auditorium.

Dr. Eisenhower and Dr. Adrian O. Morse, University provost, will speak.

Under the terms of the resolution, which now goes to the Senate, Miss Lucy would be subpoenaed as a witness. Her legal battle to enter the university has been backed by the NAACP.

The Senate, meantime, shouted unanimous approval of a resolution asking for federal funds to transplant Negroes from Alabama to regions outside the South where "they are needed or wanted."

Folsom Not Advised

Gov. James E. Folsom told a reporter in Montgomery he had not been advised of the trustees' action against Miss Lucy but said he hoped this would wind up the situation for good. He added that he had been prepared to

Cabinet Votes to Hold Up Compensation Payments

By MIKE MOYLE

All-University Cabinet last night voted to stop payment on all compensation checks which have been sent out by the All-University secretary-treasurer.

Secretary-treasurer Philip Beard told Cabinet that checks have been sent out to those students who have already completed their jobs and to the president of the Business Administration student council.

The motion, made by Douglas Moorhead, president of the Athletic Association, will be

effective until action is taken by the Supreme Court or until the matter is again brought before Cabinet for further consideration.

Moorhead also told Cabinet of his plans to introduce a motion to rescind Cabinet's approval of student government compensations.

Wants No Embarrassment

He added that his reason for making the motion to stop payment on the checks was to avoid embarrassment of having to ask for the return of the money in the event the Supreme Court rules that compensations are unconstitutional.

Obviously annoyed by Cabinet's hassle over the matter of stopping payment on the checks, George Donovan, manager of associated student activities, asked Cabinet to make clear which body—Cabinet or the Supreme Court—would be the one to grant the power to write checks for student government expenditures. He said that if all Cabinet action were to be brought before the court, the court might have to approve even the smallest appropriation, such as money for a Nittany Lion statuette for the Swiss gymnasts.

Lutter Backs Move

Rudolph Lutter, last year a Lion Party candidate for All-University president and a strong opponent of compensations, urged Cabinet to hold up the payment of compensation checks, stating that it would be a black mark against Cabinet if the checks would be sent out and cashed.

Lutter called the sending out of the checks, a "psychological move" stating that if the checks were sent out, all people concerned would be inclined to think that nothing more could be done in any attempt to gain the ouster of compensations.

He said, "Any such psychological move is completely uncalled for."

Beard cautioned Cabinet against letting itself get into a political discussion. He said that he felt

Two Girls, Leap Day Babies, Born to Students

Two students have new daughters with birthdays once every four years.

The girls were born February 29—Monday—in Centre County Hospital.

Katharine Browne Stehle, 6 pounds, 15½ ounces, was born to Mr. and Mrs. Donald Stehle of Lemont at 5:45 p.m. She is the Stehle's first child and will celebrate her birthday March 1. Stehle is a junior in chemical engineering.

The second leap day baby was born to Mr. and Mrs. Cloyde Foster of Bellefonte, who have not chosen her name. Their second child and second daughter was born at 10:10 p.m. weighing 6 pounds, 12½ ounces. Foster is a sophomore in mechanical engineering.

Prexy's Return Expected

President Milton S. Eisenhower was expected to return from Washington late tonight or tomorrow morning following his receipt of the Republic of Korea medal yesterday.

Hat Society Applicants May Fill Out Cards

Hat Society cards are available at the Hetzel Union desk and should be filled out by men students interested in joining a society.

The cards should contain the name, campus address, extracurricular activities, and hat society preference of the student.

Deadline Extended For Traffic Cases

The deadline for traffic violators to report to the dean of men's office has been extended to Thursday, March 8.

Letters are being sent by the office to students who have not paid parking and traffic fines in a general crackdown on such offenders.

Cabinet Tables Parking Report

By RON GATEHOUSE

A report dealing with the adverse parking situation at the University was presented to All-University Cabinet last night by Thomas Dye, former Lion party clique chairman. After showing considerable enthusiasm, Cabinet moved to table the report for future consideration.

In presenting the report, Dye asked Cabinet to wait at

least until next Thursday's session before taking action, since an issue such as the parking situation would require a certain amount of research and consideration.

Ross Lehman, assistant secretary of the Alumni Association and ex-officio member of Cabinet, further commented that previous Cabinet bodies have attempted to deal with the parking situation, but to no avail. He added that the parking problem should not be dealt with hastily and that a conference with the proper administrative representative would perhaps be a step in the right direction.

Two Factors Stated

The report singled out two factors which were reasons for the Council of Administration pass-

ing the freshman car ban last spring. The reasons were elimination of automobiles as a distraction from studies and to solve the problem of cramped parking space.

Quoting from the report, Dye said, "The ban generated tremendous student concern, not only over the ban itself, but also over the possibilities of the further banning of upperclassmen's automobiles."

Consider Increased Facilities

Three recommendations for Cabinet action concluded the report, the first of which read, "Recommend to the Council of Administration that it consider a long-range program for increasing parking facilities."
